you wish to understand something of the contemporary Catholic Church If you do then this book is for you It offers a careful overview of the history of the church from the mid nineteenth century with Pope Pius IX until the present day with Pope Francis It deals with two major councils of the church Vatican I 1869 70 and Vatican II 1962 65 Furthermore it provides a detailed and accurate summary of the major theological movements in the church during this period **A History of Catholic Moral Theology in the Twentieth Century** James F. Keenan, 2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it s adequately biblical and Gerard Gilman whether it s adequately spiritual Bernard Haering integrates these contributions into his Law of Christ

Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with *Humanae vitae* and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally

the failure of modern economic theory to account for the moral character of human behaviour and its implicit encouragement of gluttonous life styles In a time when grand political schemes are proposed to revive sustainability of global economy the authors of the papers collected in this book highlight the need for moral renewal without which the most revolutionary structural reforms are bound to fail at producing the desired outcome Topics of the book include the meaning and sources of avarice the attempt to define what is enough exploration of philosophical and theological perspectives which can serve as building blocks for the ethics of consumption This makes the book of great interest to a broad readership of economists social scientists and philosophers *Communication Habits for the Pilgrim Church* Warren Anthony Kappeler, 2009

Communication has become an important theme and heuristic concept in practical theology for Roman Catholics during the ecumenical age *Communication Habits for the Pilgrim Church* explains why the moral order is given priority in Vatican teaching about communication and the reasons for Catholic social teaching to make moral judgments about these new realities Attention is given in the book to the historical context of Vatican Councils I and II The first chapter shows that behind the pilgrim Church lies an emerging vision of the threefold ecclesial offices of priest prophet and king Chapter two examines the text and context of the Second Vatican Council's pastoral decree *Inter Mirifica* Chapter three provides a documented history of the Vatican's Pontifical Council for Social Communication and its teachings In chapter four we return to the threefold office and examine the contribution of Pope John Paul II It includes an analysis of how the politics of the Magisterium shapes Catholic social teaching Chapter five develops major tenets of a critical analysis of the communication of the post Vatican II Church attention is given to the discursive aspects of religious authority argumentation bureaucratization and market culture Chapter six takes a step toward examining the pragmatics of contemporary Vatican teaching For Roman Catholic moral theology religious ethics is now deeply concerned with providing moral teaching and guidance on ethical questions raised by the social conditions of globalization and media communication *Communication Habits for the Pilgrim Church* concludes that there are three basic sociological and theological aspects of the pilgrim Church These include a ritual approach to religious communication the generational experience of Catholics and their respective attitudes toward Church teaching and the important link in the faith's praxis between reflexivity and forming habits of communication

The Blessed Virgin Mary in England Anthony Josemaria, FTI, 2008-11-10 O Blessed Confidence O Safe Refuge Mother of God and Our Mother St Anselm of Canterbury 1033-1109 Doctor of the Church What is not generally known and only infrequently studied is the role of Our Lady over the centuries as a catechist teacher of the faith in a very real sense primary teacher because she is Mother of God and Mother of the Church and faithful If any one factor might be singled out for the very high level of faith and religious practice in medieval merry England merry because Mary s dowry because consecrated to Mary as her possession and property it is this Marian catechesis Only when England deliberately rejected Mary did it cease to be the happy place it once was Unfortunately English colonization of other peoples took place only after the repudiation of Mary by England That is why this catechetical work is especially valuable for the faithful and those who are seeking faith in America and other English speaking cultures It will bring to their attention precisely what is central to catechetics and so often missing the presence of Mary Mother and Teacher It will make perfectly clear why we need not fewer Marian sanctuaries but many many more in all parts of the country where this quiet but so real and profound influence of the Marian principle of the Church will be felt at every level It is my prayer and hope that those who read and study this work will find the same inspiration and stimulus that I found in having the privilege to read the manuscript before publication We are much indebted to Brother Anthony Josemaria Pasquale a Franciscan Tertiary of the Immaculate and gifted scholar for the effort he has expended to find qualified contributors and to offer so well edited a book to the general public From the Foreword by Father Peter M Fehlner FI theologian sponsor of the International Symposium on Marian Coredemption
