books published by Princeton University Press since its founding in 1905 Martin Chuzzlewit (RLE Dickens) Sylvere Monod,2013-05-13 Although enjoyed my many as a masterpiece of Dickens comic writing Martin Chuzzlewit has long been underrated by professional critics This volume redresses the balance by devoting its attention to a full critical discussion of the novel and by including a full survey of the critical positions held in the past As well as discussing the themes of selfishness and hypocrisy the history of the text is also explored as is the complex relationship between Dickens and the United States which played a great part in the development of the novel and exerted considerable influence on its early reception Modernist Time Ecology Jesse Matz,2018-12-03 A new view of the way modernist fiction writers tried to solve the problem of time Do our fictions transform time Do they cultivate the temporal environment Such was the hope or the fantasy at work in many modernist novels for which time was not only the major subject but also an object of reparative aspiration Aimed at a kind of stewardship of time these fictions constitute a practice of modernist time ecology an effort to restore those landscapes of time that have been thrown into crisis by modernity In *Modernist Time Ecology* Jesse Matz redefines temporal experimentation in central writers like Proust Mann Woolf Ellison and Cather who developed literary forms to cultivate restore and enrich the temporal environment He brings fresh attention to others who best exemplify this ecological motive arguing that E M Forster J B Priestley and V S Naipaul are leading figures in this practice of temporal redress Matz also reveals how contemporary film social media movements and public service efforts show what has become of the modernist interest in temporal stewardship Matz combines an array of disciplines including narrative theory sociology phenomenology cognitive psychology film studies queer theory and environmental studies to theorize and explain the rationale and the limits to the idea that time might be subject to textual cultivation *Modernist Time Ecology* is a deeply interdisciplinary book that changes what we think literature and the arts can do for the world at large *Culture and Society in the Stuart Restoration* Gerald M. MacLean,1995-04-27 Literary and cultural changes reflecting new commercial and imperial interests of Restoration Britain The Victorian Baby in Print Tamara S. Wagner,2020 The first study to focus exclusively on the baby in nineteenth century literature and culture Drawing on novels by writers such as Charles Dickens Wilkie Collins Mary Elizabeth Braddon as well as parenting magazines and manuals it analyses how representations of infancy shaped an iconography that has defined the Victorian age Ben Jonson Ian Donaldson,2012-02-20 Ben Jonson was the greatest of Shakespeare's contemporaries In the century following his death he was seen by many as the finest of all English writers living or dead His fame rested not only on the numerous plays he had written for the theatre but on his achievements over three decades as principal masque writer to the early Stuart court where he had worked in creative and often stormy collaboration with Inigo Jones One of the most accomplished poets of the age he had become in fact if not in title the first Poet Laureate in England Jonson's life was full of drama Serving in the Low Countries as a young man he overcame a Spanish adversary in single combat in full view of both the armies His early satirical play *The Isle of Dogs* landed

him in prison and brought all theatrical activity in London to a temporary and very nearly to a permanent standstill He was almost at the gallows for killing a fellow actor after a quarrel and converted to Catholicism while awaiting execution He supped with the Gunpowder conspirators on the eve of their planned coup at Westminster After satirizing the Scots in Eastward Ho he was imprisoned again and throughout his career was repeatedly interrogated about plays and poems thought to contain seditious or slanderous material In his middle years twenty stone in weight he walked to Scotland and back seemingly partly to fulfil a wager and partly to see the land of his forebears He travelled in Europe as tutor to the mischievous son of Sir Walter Raleigh who caused him to be drunken and dead drunk and wheeled provocatively through the streets of Paris During his later years he presided over a sociable club in the Apollo Room in Fleet Street mixed with the most learned scholars of his day and viewed with keen interest the political religious and scientific controversies of the day Ian Donaldson s new biography draws on freshly discovered writings by and about Ben Jonson and locates his work within the social and intellectual contexts of his time Jonson emerges from this study as a more complex and volatile character than his own self declarations and much modern scholarship would allow and as a writer whose work strikingly foresees and at times pre emptively satirizes the modern age
