Popular Culture And Elite Culture In France 1400 175:

Popular Culture and Elite Culture in France, 1400-1750 Robert Muchembled, 1985 **Popular Cultures in England 1550-1750** Barry Reay, 2014-06-17 Explores the important aspects of popular cultures during the period 1550 to 1750 Barry Reay investigates the dominant beliefs and attitudes across all levels of society as well as looking at different age gender and religious groups *The Popularization of Medicine* Roy Porter, 2013-06-17 In the early modern centuries a body of popularized medical writings appeared telling ordinary people how they could best take care of their own health Often written by doctors such books gave simple advice for home treatments while commonly warning of the dangers of magic quackery old wives tales and faith healing *The Popularization of Medicine* explores the rise of this form of people's medicine from the early days of printing to the Victorian age focusing on the different experiences of Britain the Continent and North America *Ritual, Ceremony and the Changing Monarchy in France, 1350-1789* Lawrence M. Bryant, 2024-08-01 This collection of articles explores changes in images of the French monarchy propagated in ceremonies that townspeople and officials created for their kings Bryant looks at royal entries as massive processional and street theaters in which members of the kingdom both discoursed with and exalted the king in a multiplicity of ritual forms symbolism and public art These ceremonies personalized the idea of the state as embodied in the king and they publicized rights and authority new historical or mythological themes innovative styles of monumental architecture and art and theories of ideal and shared government

Living with Religious Diversity in Early-Modern Europe Dagmar Freist, 2016-12-05 Current scholarship continues to emphasise both the importance and the sheer diversity of religious beliefs within early modern societies Furthermore it continues to show that despite the wishes of secular and religious leaders confessional uniformity was in many cases impossible to enforce As the essays in this collection make clear many people in Reformation Europe were forced to confront the reality of divided religious loyalties and this raised issues such as the means of accommodating religious minorities who refused to conform and the methods of living in communion with those of different faiths Drawing together a number of case studies from diverse parts of Europe *Living with Religious Diversity in Early Modern Europe* explores the processes involved when groups of differing confessions had to live in close proximity sometimes grudgingly but often with a benign pragmatism that stood in opposition to the will of their rulers By focussing on these themes the volume bridges the gap between our understanding of the confessional developments as they were conceived as normative visions and religious culture at the level of implementation The contributions thus measure the religious policies articulated by secular and ecclesiastical elites against the lived experience of people going about their daily business In doing this the collection shows how people perceived and experienced the religious upheavals of the confessional age and how they were able to assimilate these changes within the framework of their lives **A Companion to Eighteenth-Century Europe** Peter H. Wilson, 2014-01-28 **A COMPANION TO EIGHTEENTH CENTURY EUROPE** This is an impressive volume with leading experts providing a wide

ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys All specialists on this period will find much of value in this excellent volume History The Journal of the Historical Association This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth century Europe It considers not just major western European states but also the often neglected countries of eastern and northern Europe Placing Europe within an international context contributors investigate key areas of society economics culture and political development The book concludes with the French and other European revolutions that brought the century to a close both chronologically and as regards the Ancien R gime A Companion to Eighteenth Century Europe examines both established and emerging areas of interest in the field making it an essential guide for students and scholars *Writing Witch-Hunt*

Histories Marko Nenonen, Raisa Maria Toivo, 2013-10-02 This book gives an analytical review of the history of witch hunt historiography So far not much attention has been paid to how the European witch hunts have been studied and explained in some 150 years of academic research on the issue The history of the approaches and explanations in witch hunt research fundamentally contributes not only to our understanding of the bizarre phenomenon in European history but also contributes to understanding of cultural as well as academic trends which heavily direct any research even when scholars are not cognisant of their underlying premises How and why the picture of witch hunts has been changing in scholarly works and text books is as illuminating an issue as the proper explanations offered by the research works Contributors include Rune Blix Hagen Ronald Hutton Gunnar W Knutsen Marianna G Muravyeva Marko Nenonen Raisa Maria Toivo Charles Zika

Faith and Fanaticism Robert Hooworth-Smith, 2017-09-08 The Spanish Inquisition is often seen as the archetype of religious fervour and fanaticism and several of the papers here naturally focus on its activities Overall however this volume aims to look at the broader context of religious attitudes in Spain from the end of the 15th to the late 17th century In an examination of how the religious orders behaved the contributors demonstrate that concepts which may now appear excessive were perceived at that time Similarly poetry and other literary texts provide evidence for how Jews viewed Christians and Christians viewed Moors **Routledge Library Editions: The History of Social Welfare**

Various, 2021-08-05 This set of 25 volumes originally published between 1805 and 1992 amalgamates original nineteenth century material and more recent research and analysis on the development of social welfare in Britain and Europe From Elizabethan poor relief through the Poor Laws of the nineteenth century to the establishment of the British National Health Service in the mid twentieth century this set provides a comprehensive overview of the germination and establishment of modern social welfare Although the set mainly focuses on social welfare in Britain it also contains some work on welfare in Europe This set will be of keen interest to those studying the history of social welfare social policy poverty and class

Religion and Magic in Western Culture Daniel Dubuisson, 2016-04-08 In the history of Western culture theology and science a strict dichotomy exists between religion and magic religion as the intellectually and morally superior one magic as

the primitive superstitious demonic other The present work aims to break with this tradition and traces the origin of this dichotomy as well as its many purposes Whose powers does it serve Which interests and ideological stakes does it conceal Moreover the author proposes a new epistemological framework for the study of magisms as well as their rehumanisation and argues for a rehabilitation of their studies

Sacred Space in Early Modern Europe Will Coster, Andrew Spicer, 2005-07-28 In this 2005 book leading historians examine sanctity and sacred space in Europe during and after the religious upheavals of the early modern period

Alcohol, Sex and Gender in Late Medieval and Early Modern Europe L. Martin, 2001-01-19 This book examines drinking and attitudes to alcohol consumption in late medieval and early modern England France and Italy especially as they related to sexual and violent behavior and to gender relations According to widespread beliefs the consumption of alcohol led to increased sexual activity among both men and women and it also led to disorderly conduct among women and violent conduct among men Dr Lynn shows how alcohol was a fundamental part of the diets of most people including women resulting in daily drinking of large amounts of ale beer or wine This study offers an intimate insight into both the altered states induced by alcohol and by opposition into normal relations in family community and society

Palgrave Advances in Witchcraft Historiography J. Barry, O. Davies, 2007-05-09 This is the first book to offer a detailed modern survey of Witchcraft historiography By using a broad chronological structure from contemporary responses through to modern day the book draws on contributions from a range of leading experts in the field to provide a much needed overview of the area

Prince, People, and Confession Bodo Nischan, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas

Warrior Pursuits Brian Sandberg, 2010-11-15 How did warrior nobles practices of violence shape provincial society and the royal state in early seventeenth century France Warrior nobles frequently armed themselves for civil war in southern France during the troubled early seventeenth century These bellicose nobles practices of violence shaped provincial society and the royal state in early modern France The southern French provinces of Guyenne and Languedoc suffered almost continual religious strife and civil conflict between 1598 and 1635 providing an excellent case for investigating the dynamics of early modern civil violence Warrior Pursuits constructs a cultural history of civil conflict analyzing in detail how provincial nobles engaged in revolt and civil warfare during this period Brian Sandberg s extensive archival research on noble families in these provinces reveals that violence continued to be a way of life for many French nobles challenging previous scholarship that depicts a progressive civilizing of noble culture Sandberg argues that southern French nobles engaged in warrior pursuits social and cultural practices of violence designed to raise personal military forces and to wage civil warfare in order to advance various political and religious goals Close relationships between the profession of arms the bonds of nobility and the

culture of revolt allowed nobles to regard their violent performances as heroic gestures and beautiful warrior acts. Warrior nobles represented the key organizers of civil warfare in the early seventeenth century, orchestrating all aspects of the conduct of civil warfare from recruitment to combat according to their own understandings of their warrior pursuits. Building on the work of Arlette Jouanna and other historians of the nobility, Sandberg provides new perspectives on noble culture, state development, and civil warfare in early modern France. French historians and scholars of the Reformation and the European Wars of Religion will find *Warrior Pursuits* engaging and insightful.

[Faith on the Margins](#) Charles H. Parker, 2009-07-01 In the wake of the 1572 revolt against Spain, the new Dutch Republic outlawed Catholic worship and secularized all church property. Calvinism prevailed as the public faith, yet Catholicism experienced a resurgence in the first half of the seventeenth century with membership rivaling that of the Calvinist church. In a wide-ranging analysis of a marginalized yet vibrant religious minority, Charles Parker examines this remarkable revival. It had little to do with the traditional Dutch reputation for tolerance. A keen sense of persecution combined with a vigorous program of reform shaped a movement that imparted meaning to Catholics in a Protestant republic. A pastoral organization known as the Holland Mission emerged to establish a vigorous Catholic presence. A chronic shortage of priests enabled laymen and women to exercise an exceptional degree of leadership in local congregations. Increased interaction between clergy and laity reveals a picture that differs sharply from the standard account of the Counter-Reformation's clerical dominance and imposition of church reform on a reluctant populace. There were few places in early modern Europe where a proscribed religious minority was so successful in remaining a permanent fixture of society. *Faith on the Margins* casts light on the relationship between religious minorities and hostile environments.

[Seventeenth-Century Europe](#) Thomas Munck, 2017-03-16 This thematically organized text provides a compelling introduction and guide to the key problems and issues of this highly controversial century. Offering a genuinely comparative history, Thomas Munck adeptly balances Eastern and Southern Europe, Scandinavia, and the Ottoman Empire against the better-known history of France, the British Isles, and Spain. *Seventeenth-Century Europe* gives full prominence to the political context of the period, arguing that the Thirty Years War is vital to understanding the social and political developments of the early modern period. It provides detailed coverage of the debates surrounding the general crisis, absolutism, and the growth of the state, and the implications these had for townspeople, the peasantry, and the poor. It examines changes in economic orientation within Europe as well as continuity and change in mental and cultural traditions at different social levels. Now fully revised, this second edition of a well-established and approachable synthesis features important new material on the Ottomans, Christian-Muslim contacts, and on the role of women. The text has also been thoroughly updated to take account of recent research. This is a fully revised edition of a well-established synthesis of the period from the Thirty Years War to the consolidation of absolute monarchy and the landowning society of the ancien régime. Thematically organized, the book covers all of Europe from Britain and Scandinavia to Spain and Eastern Europe. Important new material has been

added on the Ottomans on Christian Moslem contacts and on the role of women and the text has been thoroughly updated to take account of recent research *The Many Meanings of Poverty* Cynthia E. Milton, 2002 **City and Spectacle in Medieval Europe** Barbara Hanawalt, Kathryn Reyerson, 1994 Urban ceremonial in the Middle Ages took various forms and served a number of different ends private collegial political and religious Broadly construed urban ceremonial included public functions of multiple sorts From private but public celebrations of births marriages and deaths to the grand entries of rulers into cities the spectacles were designed to impress events on collective memory from the Introduction **From Rebellion to Independence in the Andes** David Patrick Cahill, 2002 Situated within the sphere of influence of the old Inca capital Cuzco they represent soundings of resistance and rebellion backed by years of archival research
