Popular Images of Politics: a Taxonomy Dan D. Nimmo, 1974

The Handbook of Political Behavior Samuel Long, 2013-11-11 In the writing of prefaces for works of this sort most editors report being faced with similar challenges and have much in common in relating how these challenges are met They acknowledge that their paramount objective is to provide more than an overview of topics but rather to offer selective critical reviews that will serve to advance theory and research in the particular area reviewed The question of the appropriate audience to be addressed is usually answered by directing material to a potential audience of social scientists graduate students and occasionally advanced undergraduate students Editors who are confronted with the problem of structuring their material often explore various means by which their social science discipline might be subdivided then generally conclude that no particular classification strategy is superior In elaborating on the process by which the enterprise was initiated editors typically resort to a panel of luminaries who provide independent support for the idea and then offer both suggestions for topics and the authors who will write them Editors usually concede that chapter topics and content do not reflect their original conception but are a compromise between their wishes and the authors expertise and capabilities Editors report that inevitable delays occur authors drop out of projects and are replaced and new topics are introduced Finally editors frequently confess that the final product is incomplete with gaps occurring because of failed commitments by authors or because authors could not be secured to write certain chapters

Presidential Candidate Images Kenneth L. Hacker, 2004 This engaging look at presidential candidate images features a wide range of essays that dissect how these images are formed and manipulated during campaigns As more and more emphasis is placed on a candidate's persona and how it affects our voting decisions Presidential Candidate Images provides a variety of frameworks and cases for analyzing candidate images in past current and future elections Visit our website for sample chapters

Spectators in the Field of Politics Sandey Fitzgerald, 2016-04-30 The book uses the long standing theatre metaphor to bring political spectators out into the open finding that they can be politically powerful Filling out the metaphor with theatre theory the book also finds that the metaphor can produce a viable model of democratic politics that incorporates spectators in a positive meaningful way

The Oxford Handbook of Political Communication Kate Kenski, Kathleen Hall Jamieson, 2017-06-23 Since its development shaped by the turmoil of the World Wars and suspicion of new technologies such as film and radio political communication has become a hybrid field largely devoted to connecting the dots among political rhetoric politicians and leaders voters opinions and media exposure to better understand how any one aspect can affect the others In The Oxford Handbook of Political Communication Kate Kenski and Kathleen Hall Jamieson bring together leading scholars including founders of the field of political communication Elihu Katz Jay Blumler Doris Graber Max McCombs and Thomas Paterson to review the major findings about subjects ranging from the effects of political advertising and debates and understandings

and misunderstandings of agenda setting framing and cultivation to the changing contours of social media use in politics and the functions of the press in a democratic system The essays in this volume reveal that political communication is a hybrid field with complex ancestry permeable boundaries and interests that overlap with those of related fields such as political sociology public opinion rhetoric neuroscience and the new hybrid on the quad media psychology This comprehensive review of the political communication literature is an indispensable reference for scholars and students interested in the study of how why when and with what effect humans make sense of symbolic exchanges about sharing and shared power The sixty two chapters in The Oxford Handbook of Political Communication contain an overview of past scholarship while providing critical reflection of its relevance in a changing media landscape and offering agendas for future research and innovation

The Legacy of Kenneth Burke Herbert W. Simons, Trevor Melia, 1989 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players the leftists associated with the magazines The Masses and Seven Arts the Dadaists and the modernist writers working on literary journals like The Dial where Burke in his capacity as an associate editor saw T S Eliot's The Wasteland into print for the first time and provided other editorial services for Thomas Mann e e cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded Contact and The New Republic Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic *Handbook of Symbolic Interactionism* Larry T. Reynolds, Nancy J. Herman-Kinney, 2003 Symbolic interactionism has a long history in sociology social psychology and related social sciences In this volume the editors and contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas **American Social Welfare Policy** David Rochefort, 2019-03-06 Social welfare activities stand

at the heart of the modern democratic state as they absorb ever increasing budget allocations and stimulate debate over the proper role of government This study analyzes the development of social welfare policy in modern America beginning with a critical assessment of the dominant progressive and social control t

Advertising and Democracy in the Mass Age Terence H. Qualter, 2016-07-27 This book examines the relationships between the social problems of the mass age developments in late twentieth century capitalism the growth of a mass media advertising system and the operation and assumptions of liberal democracy Advertising must sell not only goods and services but also definitions of life and of status images hopes and feelings In turn the very universality of advertising and its acceptance as a mode of communication have forced the political system into the same mould

Dynamics of Political Communication Michael Angel Folorunso, 2013 Effective political communication involves diligent identification of problems on the one hand and proffering solutions on the other using popular images to affect decision making sharing and acting This book is aimed at making readers politicians students policy makers political activists social actors and researchers to understand the fact that political communication is not value free It shows the ways and means of generating media literacy as well as power literacy Political communication is a multidisciplinary subject required to elevate and polish language politically crafted to enable target audience give diverse interpretations to the message conveyed by the source The book shows also the dissensual value choosing relationships between politics communication rhetorical tropes and social media The primary strength of Folorunso s book resides in its rhetorical emphasis particularly in regard to the uses of images campaigns drama and social media in politics as essential skills needed in a democratic community consciously driven by charismatic and or transformational leadership Rhetoric Society of Africa

Psychological Perspectives on Politics Carol Barner-Barry, Robert Rosenwein, 1985

The Party Machine Michael Angel Folorunso, 2016-03-16 The Party Machine amplifies critical function of political parties as stabilising platform required to water the garden of democracy Perpetual education is crucial to oiling the engine of ideologically committed political party Progressively inclined party should be a breeding ground for recruiting transformational interactional innovative and character based leaders Strategic planning and action research will go a long way in identifying and solving multifarious problems of the people in the republic The work discountenances the unprincipled defections of party members to other party simply because of lack of integrity and ideological commitment

Attention and Responsibility in Global Health Samantha Vanderslott, 2021-09-14 Attention and Responsibility in Global Health shows the construction of health through what is neglected and how the label of neglect is used to make the case that a shift in attitudes towards tropical diseases is based on changing policy practices of health and disease Tropical diseases have moved from being of high importance for European empires to being neglected and unknown and then returning to the spotlight once again During this process the understanding framing and overall character of the disease grouping has changed through a rediscovery of a health issue once rendered neglectable The book depicts this change in relevance of tropical

diseases from colonial history to the present day diseases across political cultural and socio economic contexts It shows the transformation of tropical diseases as a grouping that uncovers the changing strategies tactics and unintended consequences of advocacy campaigning by scientists NGOs and policymakers to drive disease issues up the policy agenda Drawing on the emergent field of ignorance studies the book explores ideas about the uses and deployment of both strategic and unintentional not knowing It is aimed at academics and students in science and technology studies the sociology of health and medicine environmental sociology public policy and the history of science

Mediating the Vote Michael Pfau, J. Brian Houston, Shane M. Semmler, 2007 A sea change is taking place in how people use media and it affects not only how people perceive political candidates and where they get their information but also more broadly their basic democratic values *Mediating the Vote* explores a number of questions about media use and its relation to democratic engagement analyzing the effects of communication forms on the 2004 presidential elections The book contributes to an important goal in political communication studies creating a more refined integrated and ultimately precise picture of how media affects democratic engagement

[The Politics of Pictures](#) John Hartley, 2017-09-25 *The Politics of Pictures* is a history of looking from Aristotle to TV audiences from the invention of photography to the meaning of picnics from Leviathan to synchronised swimming Dr Johnson to the sexualization of war John Hartley's wide ranging and sometimes bizarre journey of discovery looks for the public in the realm of media where citizens are now literally represented on screen and page The book investigates popular media reality by showing how pictures and texts are powerful political forces in their own right using a variety of primary texts to explore the way publics have been created and exploring the political uses of media audiences The unconventional approach is designed to show how popular reality looks to itself and how its peculiar forms and connections actually challenge some venerable political and philosophical truths

Image Politics of Climate Change Birgit Schneider, Thomas Nocke, 2014-06-15 Scientific research on climate change has given rise to a variety of images picturing climate change These range from colorful expert graphics model visualizations photographs of extreme weather events like floods droughts or melting ice symbols like polar bears to animated and interactive visualizations Climate change graphics have not only increased knowledge about the subject they have begun to influence popular awareness of global weather events The status of climate pictures today is particularly crucial as global climate change as a long term process cannot be seen When images are widely distributed they are able to shape how the world is thought about and seen It is this implicit basic assumption of the power of images to influence reality that this book addresses today's images might become the blueprint for tomorrow's realities *Image Politics of Climate Change* combines a wide interdisciplinary range of perspectives and questions treated here in sixteen interdisciplinary case studies The author's specializations include both visual practice and theory in the fields of climate sciences computer graphics art curating art history and visual studies

communication and cultural science environmental and science technology studies The close interlinking of these viewpoints promotes in depth insights into issues of production and analysis of climate visualization

The Routledge Handbook of Popular Music and Politics of the Balkans Catherine Baker, 2024-07-10 The Routledge Handbook of Popular Music and Politics of the Balkans is a comprehensive overview of major topics established debates and new directions in the study of popular music and politics in this region The vibrant growth of this subject area since the 1990s has been intertwined with the region's political and socio economic transformations including the collapse of state socialism in much of the region the break up of Yugoslavia the advent of neoliberal capitalism the rise of Romani activism the complex politics of Europeanization before and after the global financial crisis and the region's relationship to the European Union border regime The handbook illustrates the wide range of disciplines and methods that contribute to this field's interdisciplinary dialogue and highlights emerging approaches such as the study of Black diasporas in the region popular music's links with LGBTQ communities and the impact of digital technologies on musical cultures This volume will benefit specialist researchers tutors creating or refreshing courses on popular music in the region and students interested in these topics especially those who are at the point of developing their own independent research projects

Cities, Capitalism and the Politics of Sensibilities Adrián Scribano, Margarita Camarena Luhrs, Ana Lucía Cervio, 2021-01-09 This book explores the connections between the processes of social structuring and sensibilities in contemporary cities The transformations of capitalism on a global scale imply reconfigurations both in the way of planning and organizing cities and in the ways of dwelling and feeling them The generalization of the urban the suburbanization of the metropolis and classified and racializing segregation just to mention some significant phenomena not only introduce changes linked to the forms of consumption of the city and the land the appropriation and privatization of collective places the strategic revaluation of urban times spaces or the establishment of new centralities They also involve changes in sensibilities which translate into substantial transformations in the lives of people and groups that dwell in cities in the Global North and South Based on various empirical records and methodological procedures the chapters included in this book establish a fertile dialogue between collaborators from different geocultural contexts that locate urban experiences and sensibilities as a point of articulation to address the processes of social structuring on a global scale
