## **Population In Modern China:**

**The Population of Modern China** Dudley L. Poston Jr., David Yaukey, 2013-11-11 Student interested in world populations and demography inevitably need to know China. As the most populous country of the world, China occupies a unique position in the world population system. How its population is shaped by the intricate interplays among factors such as its political ideology and institutions, economic reality, government policies, sociocultural traditions, and ethnic divergence represents at once a fascinating and challenging arena for investigation and analysis. Yet for much of the 20th century while population studies have developed into a mature science, precise information and sophisticated analysis about the Chinese population had largely remained either lacking or inaccessible. First because of the absence of systematic databases due to almost uninterrupted strife and wars, and later because the society was closed to the outside observers for about three decades since 1949. Since the end of the Cultural Revolution, things have dramatically changed. China has embarked on an ambitious reform program where modernization became the utmost goal of societal mobilization. China could no longer afford to rely on imprecise census or survey information for population-related studies and policy planning, nor to remaining closed to the outside world. Both the gathering of more precise information and access to such information have dramatically increased in the 1980s. Systematic observations, analyses, and reporting about the Chinese population have surfaced in the population literature around the globe.

Population in Modern China Da Chen, 1981      **Population in Modern China** T. Ch'en, 1946      Population in modern China Ta Chen, 1946      Population in modern China Ta Ch'en, 1974      **Economic Development in Modern China Before 1949** Guan Quan, 2023-07-31 As the first volume of a two-volume set on Chinese economic history, this book investigates Chinese economic development between 1912 and 1949 and unravels the overall level during that time. From the perspective of development economics, the two-volume set studies the economic history and development of China since 1912 with a focus on the quantitative analysis of economic activities. Comprised of two core parts, this first volume centering on the period of the Republic of China first describes the historical process and characteristics of the economy at different stages and then looks into the momentum and inner logic that underpin the economic development. The former part covers issues of agriculture, industry, population, and labour force, urbanization, price changes, people's consumption, and living standard, regional difference, etc. The latter part includes discussions on natural and human resources, capital formation, and technological progress, the role of government and finance, international trade, and foreign capital. This title will be an interesting read for scholars and students working on Chinese economic history, the Chinese economy, and modern Chinese society.

**Economic Development in Modern China Since 1949** Guan Quan, 2023-07-31 As the second volume of a two-volume set on the Chinese economic history, this book investigates Chinese economic development since 1949, uncovering the momentum, unique models, and general laws of economy in China. From the perspective of development economics, the two-volume set studies the economic history and development of China since 1912 with a focus on the

quantitative analysis of economic activities This volume describes the historical process and characteristics of the economy since 1949 then looks into the momentum and inner logic that underpin the economic development The former part covers issues of agriculture industry population and labor force urbanization and mobility income distribution and poverty and price changes The latter part includes analyses on the capital formation human resources technological progress institutions macro policies international trade and direct investment This title will interest scholars and students working on Chinese economic history the Chinese economy and modern Chinese society      *Modern China* Graham Hutchings,2001 This guide to people places ideas and events crucial to an understanding of a rising world power focuses on society and politics and their impact on China and the world Hutchings provides over 200 short essays arranged alphabetically covering figures and events from Sun Yat sen to Jiang Zemin and the Boxer Rebellion to Tiananmen Square      The New Cambridge Handbook of Contemporary China Colin Mackerras,2001-10-15 Completely revised and updated the New Cambridge Handbook of Contemporary China is an indispensable and manageable guide to the world's most populous nation Emphasising the period from the 1990s the book covers and includes the following subjects a chronology detailing events since 1949 politics and law biographies of eminent individuals an annotated bibliography of books journals and websites relevant to China in the 1990s and beyond foreign relations especially with the United States and Russia the economy including China's main economic reform programs and objectives education population and a gazetteer With an excellent selection of figures diagrams and maps this book will be the standard reference to contemporary China for students teachers journalists travelers academic and government researchers business people policy makers and general readers      **The Muslim Midwest in Modern China** Raphael Israeli,2017-12-20 For several centuries now the Muslim Midwest notably the Northwest and the Southwest had been the Muslim country of China Although Muslims only sporadically constituted local majorities in some towns villages counties and neighborhoods they remained overall a minority in the overwhelming Han landscape of China Nonetheless in those areas the Muslim Hui culture has had its greatest impact and visibility It was in those areas in mid nineteenth century China that major Muslim rebellions took place with the stated purpose of seceding from the Kingdom and establishing independent Muslim states Almost two centuries later those areas still bear the traumas of the past crushed Muslim rebellions with massive massacres of Muslims who lost their predominance and are reluctant to invoke past glories The result has been a multitude of sects and sub sects notably the Menhuan which has no parallel in other parts of China and even a new hybrid the Xidaotang      **Internal Migration in Contemporary China** D. Davin,1998-10-30 As China moves from a society controlling all aspects of life including population movement to something nearer a market economy migration has become a live issue Tens of millions of rural migrants have entered China's cities meeting discrimination similar to that experienced by economic migrants in the West This book looks to the reasons why people leave certain areas the lives of migrants and government policy towards them It distinguishes different types of migration and looks particularly at marriage

migration and the effects of migration on the lives of women

**Modern China** Geeta Kochhar, 2019-02-12 This book looks at the transition of modern Chinese society in terms of its culture and literature Since the economic reforms and open door policy in 1978 the Chinese society has undergone a drastic transformation It is headed towards becoming an ultra modern advanced society and a world superpower Among the pillars of great change are the advances in technology and communication that have reshaped Chinese society This volume explores China's march towards modernity in the 21st century as defined by its own terms It discusses China's social structure ageing population gender stratification marriages cultural identity cosmopolitanism its history of communism law economic reforms financial institutions and challenges of the global markets The book sheds light on Chinese literature and media and brings out various facets of social changes across time With its topical debates and issues this volume will be useful to scholars and researchers of Chinese studies East Asian studies geopolitics area studies international relations politics and foreign policy along with think tanks and those in media and journalism

### **Reproductive Realities in Modern China**

Sarah Mellors Rodriguez, 2023-01-19 Lasting from 1979 to 2015 China's One Child Policy is often remembered as one of the most ambitious social engineering projects to date and considered emblematic of global efforts to regulate population growth during the twentieth century Drawing on a rich combination of archival research and oral history Sarah Mellors Rodriguez analyses how ordinary people particularly women navigated China's shifting fertility policies before and during the One Child Policy era She examines the implementation and reception of these policies and reveals that they were often contradictory and unevenly enforced as men and women challenged reworked and co-opted state policies to suit their own needs By situating the One Child Policy within the longer history of birth control and abortion in China *Reproductive Realities in Modern China* exposes important historical continuities such as the enduring reliance on abortion as contraception and the precariousness of state control over reproduction

*The Search for Modern China* Jonathan D. Spence, 1990 This work

chronicles the history of China for over four hundred years through the spring of 1989

*Urban Life in Contemporary China*

Martin King Whyte, William L. Parish, 1985-11-15 Through interviews with city residents Martin King Whyte and William L. Parish provide a unique survey of urban life in the last decade of Mao Zedong's rule They conclude that changes in society produced under communism were truly revolutionary and that in the decade under scrutiny the Chinese avoided ostensibly universal evils of urbanism with considerable success At the same time however they find that this successful effort spawned new and equally serious urban problems bureaucratic rigidity low production and more

**Modern China in Flux** Christian Henriot, 2025-03-03 *Modern China in Flux* heralds a transformative epoch in historical research spotlighting the innovative methodology of network analysis As the digital age unfolds historians encounter both an unparalleled opportunity and a daunting challenge navigating the vast digital repositories of historical data Central to this volume's discourse is the imperative for a methodological shift in examining modern China's historical research By embracing the digital evolution this volume highlights the promise of network analysis as a model for historians Modern China rich in tales of socio-political upheavals economic transformations and cultural shifts emerges as a nuanced tapestry of intertwined narratives Capturing its intricacies necessitates an approach that illuminates the multiple connections alliances and conflicts that shaped its course Here network analysis proves invaluable By exploring textual databases and archival documents and leveraging the capabilities of full-text historical sources historians can craft a dynamic interconnected narrative of modern China Previously obscured relationships come into sharp focus revealing the delicate balance of power influence and change

**The Geography of Contemporary China** Jing'ai Wang, Shunlin Liang, Peijun Shi, 2022-06-28 This textbook provides a comprehensive and very detailed insight into Chinese Contemporary Geography in English It documents the geographical issues associated with China's rapid growth Since initiating the reforms and open policy China has achieved tremendous success China's rapid growth is now a driving force in the global economy and is achieving unprecedented rates of poverty

reduction However China also faces a number of sustainability and emerging challenges associated with rapid growth such as growing regional disparities in terms of per capita income and social economic development sustainable resource development and issues related to regional and global economic integration In addition rapid economic growth has also brought about major challenges such as resource shortages ecological and environmental destruction land degradation and frequent disasters This book presents the authors reflections This lavishly illustrated book covers physical geography history and economic and political systems of the world s most populous country The major focus is on geographical issues in China s contemporary development agriculture population urbanization resource and energy and environment The lead author of the book has taught relevant courses in China for three decades and authored and edited multiple textbooks for Chinese students This book will appeal to undergraduate students of geography and related disciplines with a regional focus on China and to the general reader who wants to learn different geographical aspects of modern China with little academic background in geography

*Social Structure and Social Stratification in Contemporary China* Xueyi Lu, 2020-01-22 What is the social structure of Chinese society in the 21st century How should China address the problem of migrant workers How can China form a modern society These key sociological issues are some of the topics this book covers This book is a collection of the research articles and lectures that Dr Lu Xueyi the former Head of the Institute of Sociology at the Chinese Academy of Social Sciences has published since the 1980s The author discusses the social structure social stratification social construction and development of contemporary Chinese society Arguing that the gap between economic and social development has become the major social issue facing modern China the author advocates paying close attention to the country s social structure and the growth of the middle class The book will be of interest for all scholars and students of Sociology and Chinese Studies
