Porius A Romance Of The Dark Ages:

Porius John Cowper Powys, 2008-09-30 In a Roman fort in Wales at the turn of the sixth century Porius the son of a reigning prince is aided by Merlin the magician Nineue and Medrawd in a battle for cultural survival **Porius** John Cowper Powys, 1974 **Porius. A romance of the Dark Ages. This edition signed by the author, is limited to 200 copies of which this is** John Cowper Powys, 1951 **In the Spirit of Powys** Denis Lane, 1990 This work is a collection of essays on the work of John Cowper Powys the English novelist and Nobel nominee The critical intention of these essays is to provide a picture of Powys's achievement **John Cowper Powys and the Afterlife of Romanticism** Kim Wheatley, 2025-01-09 This study bridges the chronological divide between the Romantic era and the first six decades of the 20th century interpreting John Cowper Powys 1872-1963 as a major under recognized contributor to the cultural transmission of Romanticism Kim Wheatley's John Cowper Powys and the Afterlife of Romanticism uncovers the surprising extent to which this multi faceted Modernist era author reworked key concerns of the Romantic poets Wheatley shows how Powys's prose rewritings of Romantic poetry contribute to the story of the posthumous life of Romanticism especially its environmental legacy In particular the book expands our understanding of the early 20th century reception of William Wordsworth and John Keats Wheatley argues that Powys anticipates and presciently interrogates recent revisionary critical approaches to the Romantics primarily materialist eco critical approaches and therefore invites a fresh environmentalist criticism open to the transcendental and the supernatural Chapters range across Powys's extensive oeuvre investigating his treatment of Wordsworth and Keats in his works of fiction autobiographical writings popular philosophical books and essays of literary appreciation including his Autobiography 1934 his four major Wessex novels *Wolf Solent* 1929 *A Glastonbury Romance* 1932 *Weymouth Sands* 1934 and *Maiden Castle* 1936 and his later Welsh historical novels *Owen Glendower* 1941 and *Porius* 1951 Wheatley demonstrates how Powys uniquely combines sense based nature worship the leveling of animate and inanimate and care for disabled human beings along with mystical and magical themes into an all encompassing ecological vision more capacious than any imagined by the Romantics themselves **Merlin** Peter H. Goodrich, 2004-06-01 This book deals with all aspects of the Merlin legend from its origins to its expression in medieval and modern literature film and popular culture Following an extended introduction and a full bibliography the volume offers nearly twenty essays some newly commissioned for this volume others selected from the most important scholarly and critical studies of Merlin and his role Two of the reprinted essays are translated into English for the first time [The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950](#) George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and

1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Mid-Century Romance John T. Connor, 2024-09-13 Mid Century Romance chronicles a revival of the historical novel in the middle decades of the twentieth century in the cultures of British modernism and international communism Born of a national turn in world politics these novels met the turbulence of mid century history with narratives of national becoming roadmaps to situate their readers in the pattern of social change Their writers were often mindful of the genre's romantic era heritage they saw themselves as following in the footsteps of Sir Walter Scott and they drew on the same rescued remains of primitive poetry and popular antiquities that romanticism first used to construct its versions of national identity culture and tradition This book shows how the impulse to salvage traces of ancestral culture and press them to new purpose links the mid century national historical novel to the rise of radical social history and magical realism Post war anticommunism shaped a tradition of the novel as a preserve of art and the individual Mid Century Romance counters with a different genealogy of the British and world novel whose object is society and the future of community the nation and its people It situates its cast of British writers including the modernists Hope Mirrlees and Virginia Woolf the communists Jack Lindsay and Sylvia Townsend Warner the eccentric modernist and sometime fellow traveller John Cowper Powys and the New Left luminary Raymond Williams in a transnational perspective that reaches from Bihar India to Bahia Brazil

Anarchist Seeds beneath the Snow David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In Anarchist Seeds beneath the Snow David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

now see its modern televised monarch preside over an imminently glorious and artistic age This book provides the first in depth investigation of New Elizabethanism and its legacy With contributions from leading cultural practitioners and scholars its essays explore New Elizabethanism as variously manifested in ballet and opera the Coronation broadcast and festivities national historiography and myth the idea of the Young Elizabethan celebrations of air travel and new technologies and the New Shakespeareanism of theatre and television As these essays expose New Elizabethanism was much more than a brief moment of optimistic hyperbole Indeed from modern drama and film to the reinternment of Richard III from the London Olympics to the funeral of Margaret Thatcher it continues to pervade contemporary artistic expression politics and key moments of national pageantry

Beverley Southgate, 2015-05-22 Linking fiction with history and historical theory *A New Type of History* Fictional Proposals for dealing with the Past focuses on a selection of nineteenth and twentieth century novelists Tolstoy Proust John Cowper Powys Virginia Woolf Wyndham Lewis Penelope Lively and James Hamilton Paterson who have criticized scientifically based history and proposed alternative ways of approaching the past more subjective and personal colourful and imaginative and above all ethically orientated In this it is argued they have been reverting to an earlier rhetorical model for history which is now being increasingly adopted by practising historians This new type of history may lack the claimed objectivity and truth of its immediate predecessor but it opens the way for an ethically focused subject that may be used in Nietzsche's words for the purpose of life Providing a new take on both novelists and historiography and ranging widely from the nineteenth century to the present day this cross disciplinary study will be valuable reading for all those interested in the intersection and interplay between fiction and history

The Alchemy of Laughter G. Cavaliero, 1999-11-02 This is the only contemporary critical

study to discuss the nature of comedy with exclusive reference to novels It examines the comic styles of novelists from Fielding and Jane Austen to Waugh and Agnus Wilson as well as less familiar writers such as Ronald Firbank and Sylvia Townsend Warner Distinguishing between different kinds of humour it shows how comedy works in practice under changing literary social and environmental conditions and is designed to interest academic and general readers equally
