Porlock Vale Riding School 1946 1961:

Porlock Vale Riding School 1946 - 1961 ,2021-01-27 Porlock Vale Riding School played a major part in British Equestrianism in the years following the 2nd World War Under the auspices of Tony Collings the establishment pioneered the development of cross country and dressage Collings himself was among the earliest competitors at Badminton The founder of Horse of The Year Show and trainer of the British 1952 Olympic three day event team After his tragic death in 1954 the team he left behind at Porlock fought to maintain the high standards he had set and increase the number of courses that he had established This book presents the history of the riding school in its heyday It is lavishly illustrated with over 150 images most of which have never been seen before which include atmospheric shots of the school and its environs famous horses and riders and the 1952 Olympic team in training Written and compiled by the daughter of The managing Director and Stable Management lecturer at the school it is an essential purchase for anyone with an interest in the heritage of modern equestrianism **Porlock Vale Riding School, 1946-1961** Jacqueline Peck,2002-08-01 The Home of British Equestrianism

Memories of the Future Wendell Bell,2017-09-08 Life courses both professional and personal are often directed by unplanned experiences At crossroads which path is followed and which hard choices are made can change the direction of one s future Wendell Bell s life illustrates how totally unforeseen events can shape individual lives As he notes despite our hopes and our plans for the future there is also serendipity feedback twists and turns chance and circumstance all of which shape our futures with sometimes surprising results In Bell s case such twists and turns of chance and circumstance led to his role in developing the new field of futures studies In Memories of the Future Bell recognizes the importance of images of the future and the effect of these images on events to come Such images dreams visions or whatever we call them help to determine our actions which in turn help shape the future although not always in ways that we intend Bell illustrates partly with the story of his own life how people remember such past images of the future and how the memories of them linger and are often used to judge the real outcomes of their lives This is a fascinating view of the work of an important social scientist and the people and events that helped define his life It is also about American higher education especially from the end of World War II through the 1960s and 1970s a period of educational transformation that included the spread of the merit system the increase in ethnic racial gender and social diversity among students and faculty and a massive increase in research and knowledge *Writer's Directory* Saint Martins Press Inc,1994
