**Pornography Embodied** Joan Mason-Grant,2004-03-12 What does it mean to re conceptualize pornography as a material practice rather than as speech Sidestepping the legal debates over their civil ordinance and drawing on phenomenology of the lived body Mason Grant returns to the innovative core of the Dworkin MacKinnon critique of mainstream pornography She develops a practice paradigm that captures and extends their insights showing how the use of mass market heterosexual pornography contributes to the cultivation of troubling forms of sexual know how Pornography Embodied Joan Mason-Grant,2004-03-12 What does it mean to conceptualize pornography as a material practice rather than as speech Mason Grant argues that this idea fundamental to the work of Andrea Dworkin and Catharine MacKinnon has been obscured in legal wrangling and political polarization over their civil ordinance Within the arena of legal argument where the principle of free speech holds sway for progressive thinkers their analysis of pornography is rendered at worse an apology for censorship and at best an argument about the social force of speech rather than recognized as a fundamental challenge to the very idea of pornography as speech In this book Mason Grant first shows how the persistent speech paradigm inevitably obscures the innovative core of the Dworkin MacKinnon critique of mainstream pornography She then develops an alternative practice paradigm that critically engages their analysis capturing and extending its core insights about the role of pornography in sexual practice Drawing on phenomenology of the lived body this alternative paradigm provides a way of re thinking how the pervasive use of mass market heterosexual pornography contributes to the cultivation of an embodied and tacit sexual know how that is subordinating and raises important questions about alternative materials produced and used by sexual minorities In her conclusion Mason Grant considers the implications of her analysis not for law but for a critical pedagogy in youth sexuality education Global Feminist Ethics Peggy DesAutels,Rebecca Whisnant,2010 This volume is fourth in the series of annuals created under the auspices of The Association for Feminist Ethics and Social Theory FEAST The topics covered herein from peacekeeping and terrorism to sex trafficking and women s paid labor to poverty and religious fundamentalism are vital to women and to feminist movements throughout the world *Moral Psychology* Margaret Urban Walker,Peggy DesAutels,2004-07-29 Moral psychology studies the features of cognition judgement perception and emotion that make human beings capable of moral action Perspectives from feminist and race theory immensely enrich moral psychology Writers who take these perspectives ask questions about mind feeling and action in contexts of social difference and unequal power and opportunity These essays by a distinguished international cast of philosophers explore moral psychology as it connects to social life scientific studies and literature **Varieties of Feminist Liberalism** Amy R. *The Other Within* Fredrika Scarth, 2004-11-22 In *The Other Within* Fredrika Scarth builds upon the recent studies that have surfaced as part of the Simone de Beauvoir renaissance to offer a reading of *The Second Sex* as an ethical text Scarth provides us with a unique and enlightening study of Beauvoir's writing on the female body and in particular on maternity as an important piece of Beauvoir's writing Unlike other feminist scholars who find in Beauvoir's writing a horror and repudiation of motherhood Scarth argues that Beauvoir's writing on maternity can open up new possibilities of embodied subjectivity and agency and can found a truly ethical relationship with the other

Why Internet Porn Matters Margret Grebowicz, 2013-02-27 Now that pornography is on the Internet its political and social functions have changed So contends Margret Grebowicz in this imperative philosophical analysis of Internet porn The production and consumption of Internet porn in her account are a symptom of the obsession with self exposure in today s social networking media which is in turn a symptom of the modern democratic construction of the governable subject as both transparent and communicative In this first feminist critique to privilege the effects of pornography s Internet distribution rather than what it depicts Grebowicz examines porn sharing communities such as the bestiality niche market and the politics of putting women s sexual pleasure on display the squirting market as part of the larger democratic project Arguing against this project she shows that sexual pleasure is not a human right Unlikely convergences between thinkers like Catherine MacKinnon Jean Baudrillard Judith Butler and Jean Fran ois Lyotard allow her to formulate a theory of the relationships between sex speech and power that stands as an alternative to such cyber libertarian mottos as freedom of speech and sexual freedom
