**Crisis and Creativity in the New Literatures in English**, 2021-11-15 The Creative Mind in Coleridge's Poetry Kathleen M. Wheeler, 1981 Five of Coleridge's major poems are given fresh scrutiny in this arresting study One of its unusual features is the attention given the Preface to Kubla Khan the Gloss to The Ancient Mariner and other prose accompaniments to the poems usually dismissed as extraneous Devices such as these the author argues are strategically employed by Coleridge in an effort to engage the reader in a fully imaginative response Kathleen Wheeler elucidates the texts in terms of aesthetic experience and also in terms of the philosophical principles that inform them showing how Coleridge's theories of mind and imagination function within the poems and shape their design A subtle and gifted reader of poetry she enriches our understanding of poems we thought we knew well and provides insights along the way into the creative process

**Coleridge's Ancient Mariner** J. C. C. Mays, 2016-10-27 This is the first book length study to read the Ancient Mariner as

poetry in Coleridge's own particular sense of the word Coleridge's complicated relationship with the Mariner as an experimental poem lies in its origin as a joint project with Wordsworth J C C Mays traces the changes in the several versions published in Coleridge's lifetime and shows how Wordsworth's troubled reaction to the poem influenced its subsequent interpretation This is also the first book to situate the Mariner in the context of the entirety of Coleridge's prose and verse now available in the Bollingen Collected edition and Notebooks that is not only in relation to other poems like The Ballad of the Dark Lady and Alice du Clu's but also to ideas in his literary criticism especially Biographia Literaria philosophy and theology Using a combination of close reading and broad historical considerations reception theory and book history Mays surveys the poem's continuing life in illustrated editions and educational textbooks its passage through the vicissitudes of New Criticism and critical theory and in a final chapter its surprising affinities with some experimental poems of the present time

*Nothingness, Metanarrative, and Possibility* William E. Marsh, 2009-08-14 What is the solution to human angst and nothingness the gnawing emptiness and frustration with the limits and fragility of this present existence After reviewing the work of Søren Kierkegaard Friedrich Nietzsche Martin Heidegger and Jean Paul Sartre on this question this work argues that the proper response must be metaphysical metanarrative a transcendent metaphysical metanarrative that is the ground of all that is yet a metaphysical metanarrative that makes the fullness of meaning available and apprehensible in physical experience This metanarrative this work asserts is the logos the ultimate referent principle of the ancient Greeks and according to Christianity the God man Jesus Christ the eternal become present in present experience Because the logos constitutes transcendence in human form it recognizes the beauty of existential experience even as it underscores the necessity of transcendence for temporal meaning The logos as metaphysical metanarrative brings the worlds of time and eternity together linking earth and the beyond in a seamless whole It is the ultimate existential experience

**Coleridge's Dejection Ode** J.C.C. Mays, 2019-01-22 Coleridge's Dejection Ode completes J C C Mays analysis of Coleridge's poetry following Coleridge's Ancient Mariner Palgrave 2016 and Coleridge's Experimental Poetics Palgrave 2013 Dejection An Ode

stands alone in Coleridge's oeuvre written at a time of personal crisis it reaches far back and deeply into his thinking in an attempt to find a poetic solution to ideas and problems he had mulled over for a long time Mays reveals how the poem also marks the opening of the second half of Coleridge's career as both poet and thinker In three central chapters Mays examines the new style that evolved in the process of writing the Ode the technical means of metrics rhyme and grammar language and allusion and symbol and structure He recounts the complex sometimes controversial critical history of the Ode and suggests an editorial solution to the problem created by the Letter to Sara Hutchinson re-evaluates the position of Wordsworth in the poem apropos the political statement it makes clarifies the distinction between the views on Imagination expressed and those contained in *Biographia Literaria* and traces the links of the concept dejection as it underpins Coleridge's late poems
