Tell about Night Flowers Julia Eichelberger, 2015-07-08 Tell about Night Flowers presents previously unpublished letters by Eudora Welty selected and annotated by scholar Julia Eichelberger Welty published many of her best known works in the 1940s A Curtain of Green The Wide Net The Robber Bridegroom Delta Wedding and The Golden Apples During this period she also wrote hundreds of letters to two friends who shared her love of gardening One friend Diarmuid Russell was her literary agent in New York the other John Robinson was a high school classmate and an aspiring writer who served in the Army in WWII and long the focus of Welty's affection Welty's lyrical witty and poignant discussions of gardening and nature are delightful in themselves they are also figurative expressions of Welty's views of her writing and her friendships Taken together with thirty five illustrations they form a poetic narrative of their own chronicling artistic and psychic developments that were underway before Welty was fully conscious of them By 1949 her art like her friendships had evolved in ways that she would never have predicted in 1940 Tell about Night Flowers not only lets readers glimpse Welty in her garden it also reveals a brilliant and generous mind responding to the public events people art and natural landscapes Welty encountered at home and on her travels during the 1940s This book enhances our understanding of the life landscape and art of a major American writer

Meanwhile There Are Letters Suzanne Marrs, Tom Nolan, 2015-07-14 2016 Edgar Award Finalist 2016 Anthony Award Finalist 2016 Macavity Award Finalist In 1970 Ross Macdonald wrote a letter to Eudora Welty beginning a thirteen year correspondence between fellow writers and kindred spirits Though separated by background geography genre and his marriage the two authors shared their lives in witty wry tender and at times profoundly romantic letters each drawing on the other for inspiration comfort and strength They brought their literary talents to bear on a wide range of topics discussing each others publications the process of translating life into fiction the nature of the writer's block each encountered books they were reading and friends and colleagues they cherished They also discussed the world around them the Vietnam War the Nixon Carter and Reagan presidencies and the environmental threats facing the nation The letters reveal the impact each had on the other's work and they show the personal support Welty provided when Alzheimer's

destroyed Macdonald's ability to communicate and write. The editors of this collection, who are the definitive biographers of these two literary figures, have provided extensive commentary and an introduction. They also include Welty's story fragment "Henry" which addresses Macdonald's disease. With its mixture of correspondence and narrative, "Meanwhile There Are Letters" provides a singular reading experience, a prose portrait of two remarkable artists and one unforgettable relationship.

Culture and Comfort Katherine Grier, 2013-09-03. In *Culture and Comfort*, Katherine C. Grier shows how the design and furnishings of the mid-nineteenth-century parlor reflected the self-image of the Victorian middle class. Parlors provided public facades for formal occasions and represented an attempt to resolve the often opposing ideals of gentility and sincerity to which American culture aspired. The book traces the fortunes of the parlor and its upholstery from its early incarnations in palace hotels, railroad cars, steamships, and photographers' studios through its mid-century heyday, when even remote frontier homes could boast suites of red plush sofas and chairs, to its slow, uneven metamorphosis into the more versatile living room. The author argues that even as the home increasingly was seen as a haven from industrialization and commercialization, its ties to industry and commerce in the form of more affordable machine-made furniture and drapery became stronger. By the 1920s, the parlor's decline signaled both a blurring of the Victorian distinctions between public and private manners and the transfer of middle-class identity from the home to the automobile. Describing the deportment a parlor required, the activities it sheltered, and the marketing and manufacturing breakthroughs that made it available to all, *Culture and Comfort* reveals the full range of cultural messages conveyed by nineteenth-century parlor materials.

The Problem of Ireland in Tudor Foreign Policy, 1485-1603 William Palmer, 1994. His thesis is simple: English policy in Ireland was shaped to a greater extent than has previously been realized by foreign policy and the power politics of the Counter Reformation. A brief but important book, CHOICE. Dr. Palmer explores the role of sixteenth-century Ireland in considerable depth, examining how it changed during times of crisis abroad and how the tensions provoked by the Reformation in England introduced an ideological element into international politics. He shows how the failure of Henry's invasions of Scotland and France in the 1540s led to greater involvement in Ireland by these countries, which in turn led to the entry of more and more English officials into Ireland and the implementation of increasingly aggressive policies. This study thus shows that Tudor rule in Ireland reflected wider international politics with significant implications.
