### **Portable Thomas Jefferson:**

The Portable Thomas Jefferson Thomas Jefferson, 1777-10-27 Includes A Summary View of the Rights of British America and Notes on the State of Virginia complete seventy nine letters Response to the Citizens of Albemarle 1790 Opinion on the Constitutionality of a National Bank 1791 and many other writings The Portable Thomas Jefferson Merrill D.

Peterson, 1988 **The Portable Thomas Jefferson** Thomas Jefferson, 1777-10-27 Includes A Summary View of the Rights of British America and Notes on the State of Virginia complete seventy nine letters Response to the Citizens of Albemarle 1790 Opinion on the Constitutionality of a National Bank 1791 and many other writings **Jefferson** T. Jefferson, 2005-12-29

**The Portable John Adams** John Adams, 2004-06-29 In addition to being an uncompromising defender of liberty esteemed diplomat and successor to George Washington John Adams was a passionate and prolific writer Adams biographer John Patrick Diggins gathers an impressive variety of his works in this compact original volume including parts of his diary and autobiography and selections from his rich correspondence with this wife Abigail Thomas Jefferson and others The Portable John Adams also features his most important political works A Dissertation on Canon and Feudal Law Thoughts on Government A Defense of Constitutions Novanglus and Discourses in Davila There is no finer introduction to the protean genius of this seminal American philosopher For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **The Portable Oscar Wilde** Oscar Wilde, 1981-07-30 Includes the following works Novels

The Portrait of Dorian Gray Plays Salome and The Importance of Being Earnest Writings De Profundis Critic as Artist and Phrases and Philosophies for the Use of the Very Young and selections from Lady Windermere s Fan An Ideal Husband and A Woman of No Importance *Science, Sexuality, and Race in the United States and Australia, 1780-1940* Gregory D. Smithers, 2017 *Science Sexuality and Race in the United States and Australia 1780 1940* Revised Edition is a sociohistorical tour de force that examines the entwined formation of racial theory and sexual constructs within settler colonialism in the United States and Australia from the Age of Revolution to the Great Depression Gregory D Smithers historicizes the dissemination and application of scientific and social scientific ideas within the process of nation building in two countries with large Indigenous populations and shows how intellectual constructs of race and sexuality were mobilized to subdue Aboriginal peoples Building on the comparative settler colonial and imperial histories that appeared after the book s original publication this completely revised edition includes two new chapters In this singular contribution to the study of transnational and comparative settler colonialism Smithers expands on recent scholarship to illuminate both the subject of the scientific study of race and sexuality and the national and interrelated histories of the United States and Australia

*The Portable Chaucer* Geoffrey Chaucer,1977-05-26 In the fourteenth century Geoffrey Chaucer who served three kings as a customs official and special envoy virtually invented English poetry He did so by wedding the language of common speech to metrical verse creating a medium that could accommodate tales of courtly romance bawdy fabliaux astute psychological portraiture dramatic monologues moral allegories and its author s astonishing learning in fields from philosophy to medicine and astrology Chaucer s accomplishment is unequalled by any poet before Shakespeare and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals *The Portable Chaucer* also contains selections from *The Book of Duchess* *The House of Fame* *The Bird s Parliament* and *The Legend of Good Women* together with short poems Morrison s introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring

**The Portable Enlightenment Reader** Various,1995-12-01 The Age of Enlightenment of the 18th century also called the Age of Reason was so named for an intellectual movement that shook the foundations of Western civilization In championing radical ideas such as individual liberty and an empirical appraisal of the universe through rational inquiry and natural experience Enlightenment philosophers in Europe and America planted the seeds for modern liberalism cultural humanism science and technology and laissez faire Capitalism This volume brings together works from this era with more than 100 selections from a range of sources It includes examples by Kant Diderot Voltaire Newton Rousseau Locke Franklin Jefferson Madison and Paine that demonstrate the pervasive impact of Enlightenment views on philosophy and epistemology as well as on political social and economic institutions

**Jefferson's Declaration of Independence** Allen Jayne,2021-09-15 Allen Jayne analyzes the ideology of the Declaration of Independence and its implications by going back to the sources of Jefferson s ideas Bolingbroke Kames Reid and Locke He concludes that the Declaration must be read as an attack on two claims of absolute authority that of government over its subjects and of religion over the minds of men Today s world is more secular than Jefferson s and the importance of philosophical theology in eighteenth century critical thought must be recognized in order to understand fully and completely the Declaration s implications Jayne addresses this need by putting religion back into the discussion

*An Empire of Ideals* Justin D. Garrison,2013-03-05 Justin D Garrison provides an original and groundbreaking analysis of Ronald Reagan s imagination as it was expressed mainly in his presidential speeches He argues that the predominant strain of Reagan s imagination is chimeric that is imbued with a high degree of optimism romantic dreaminess naivet and illusion Reagan spoke often about religion democracy freedom conservatism progress America s role in the world the American people the American Founding and peace These are for him important symbols which together express his general vision of politics and human existence These symbols have to be analyzed in depth in order to understand who

Reagan really was and what he represented to his admirers The book concludes that Reagan's vision contains many dubious elements that present dangers for practical politics and claims that the popularity of Reagan's imagination among Americans suggests a problematic self understanding Surpassing existing works on Reagan's ideas and speeches this book systematically explains the general quality and major components of Reagan's vision and it draws upon political theory aesthetics and American political thought to analyze his imagination **Beyond Origins** Angélica Maria Bernal, 2017-06-30 The foundations of constitutional democracies are commonly traced to singular moments In turn these moments of national origin are characterized as radical political innovations notable for their civic unity perfect legitimacy and binding authority This common view is attractive as it suggests original founding events actors and ideals that can be evoked to legitimize state authority and unify citizens Angélica Maria Bernal challenges this view of foundations however explaining that it is ultimately dangerous misguided and unsustainable *Beyond Origins* argues that the ascription of a universal authority to original founding events is problematic because it limits our understanding of subsequent foundational changes political transformation and innovation This singular view also confounds our ability to account for all of the actors and venues through which foundation building and constitutional transformation occurs Because such understandings of national foundations obscure the many power struggles at work in them these origin stories are troubling and unhelpful In the wake of these limited views of founding Bernal develops an alternate approach founding beyond origins Rather than asserting that founding events are authoritatively settled and relegated to history this framework redefines foundations as contentious uncertain and incomplete Indeed the book looks at a wide variety of contexts early imperial Rome revolutionary Haiti and France the mid 20th century racially segregated United States and contemporary Latin America to reconsider political foundations as a contestatory and ongoing dimension of political life Bridging classic and contemporary political and constitutional theory with historical readings Bernal reorients approaches to foundations arguing that it is only through context specific and pragmatist understandings of political origins that we can realize the potential for radical democratic change

*Reflections of a Bankruptee on Debt, Amnesty, Revolution, and History* Frank T. De Angelis, Frank DeAngelis, 2001-04-29 A comprehensive enlightening book on debt bankruptcy law and the philosophical and historical background Professor De Angelis primarily a philosopher and humanitarian gives the most helpful information chock full of statistics along with a brilliant and insightful theoretical analysis *To Secure These Rights* Scott Douglas Gerber, 1995-06-01 A legal scholar puts forward a rigorous and provocative theory of constitutional interpretation that cuts across today's partisan divide *To Secure These Rights* enters the fascinating and often contentious debate over constitutional interpretation Scott Douglas Gerber argues that the Constitution of the United States should be interpreted in light of the natural rights political philosophy of the Declaration of Independence and that the Supreme Court is the institution of American government that should be primarily responsible for identifying and applying that philosophy in American life Importantly the theory advanced in this book what

Gerber calls liberal originalism is neither consistently liberal nor consistently conservative in the modern conception of those terms Rather the theory is liberal in the classic sense of viewing the basic purpose of government to be safeguarding the natural rights of individuals As Thomas Jefferson wrote in the Declaration of Independence to secure these rights governments are instituted among men In essence Gerber maintains that the Declaration articulates the philosophical ends of our nation and that the Constitution embodies the means to effectuate those ends Gerber s analysis reveals that the Constitution cannot be properly understood without recourse to history political philosophy and law     *Searching for Paradise* Douglas E. Booth,2002 The signs of economic change loom large in the mountain West as shuttered mines and lumber mills are overshadowed by luxurious homes sprouting on valley bottoms and ridge lines This perceptive book explains these changes assesses their effects on the natural environment and gauges the reactions of local communities Drawing on concepts from economics environmental ethics and conservation biology Booth suggests that the ultimate solution lies in re directing population growth away from rural areas to reinvigorated and environmentally attractive ecological cities and to increase the density of development within rural areas themselves Policymakers activists and local citizens concerned with rural sprawl will find this book an invaluable resource Visit our website for sample chapters     **Jefferson, Lincoln, and the Unfinished Work of the Nation** Ronald L. Hatzenbuehler,2016-06-06 This book describes the views of two of our nation s greatest presidents and explains how these views provide valuable insight into modern day debates The first extended examination of the ideas of both Lincoln and Jefferson it provides readers with a succinct guide to their opinions that still resonate today     **A Republic of Men** Mark E. Kann,1998-04 What role did manhood play in early American politics Political scientist Mark Kann suggests that America s founders committed themselves in theory to the premise that all men are created equal but they did not believe that all men could be trusted with equality A REPUBLIC OF MEN compellingly analyzes the ways in which our founders used a rhetoric of manhood to maintain public order     The Portable Margaret Fuller Margaret Fuller,1994-10-01 Indispensable to students of antebellum culture Philip F Gura Univ of North Carolina A highly valuable resource for students of American Studies and Women s Studies alike Donald Pease UC Riverside     *The Free and the Virtuous* Heather Dutton Dudley,2020-10-28 What did liberty mean to the American founding fathers It was not just about limited government protecting rights and leaving people free to live their own definition of a good life It was to be a movement toward the highest of human flourishing A new genus of liberty had taken root here in the fresh American soil and there was a special something a moral discipline that was inherent in the American character that would allow it to thrive Above all real liberty was dependent upon good character The new nation had barely gotten any traction however when the founders ideal of a liberty based upon virtue began to lose its luster Over time liberty gradually became more about rights and less about the responsibility to be good Character no longer matters and we don t seem to mourn the loss

Policy for Land Lynton Keith Caldwell,Kristin Sharon Shrader-Frechette,1993 In this book two leading scholars a political

scientist and an ethical philosopher outline a new national policy for land use and provide the legal political and ethical justifications for their proposed policies
