Isn't teaching wonderful? Education is the only field in which we can make our other careers possible. Teachers have the opportunity to change students' lives and futures every day, and has the responsibility to set them up for success and high achievement and I love it.

I am just always will feel continuing to grow as a teacher, but I am confident I make a positive difference for my students through consistent classroom management, engaging lessons and projects, strong relationships, effective communication, and many other unique characteristics and experiences.

I hope this portfolio can serve as a window into my classroom to show my unique ideas and experiences.

Thank you for taking the time to view my portfolio.

Throughout the four week unit, we discussed needs and wants, goods and services, scars, consumers and service providers, trading, bartering, community helpers in our place. For this unit, I used a variety of kinesthetic, hands-on and technology-based to keep students engaged, as well as to meet the diverse learning needs of a mts. Below is a calendar of lessons and a sample lesson plan from the unit.
