exhibit a multifaceted celebration of what life is like in Chicago Collected from public involvement in a photo competition the results are as diverse and beautiful as the individuals who give the city its distinct and beloved personality The 75 featured photographers are local residents which provides different perspectives and types of photography from portraits to landscapes to architecture offering a unique compilation of memories inspirations expressions and dreams **Philadelphia** Sean O'Rourke, 2020-02 How can we properly acknowledge Philadelphia as our inspiration Philadelphia has been around a long time long before Jerome and I arrived here to make a living This book was a long time coming The seed was planted a while ago We lived and worked for years in Philadelphia and as keen observers of this city we grew to love it with all its virtues and vices It was just a matter of time before we looked at it as inspiration It was just a matter of more time before we would recognize the complementary nature of our work And yet we knew enough to recognize the folly of our ambition Philadelphia and probably any city for that matter is just too complex to be rendered in a single book no matter its size or scope It lived a history deep in significance long before us and it will continue to grow and change long after we are gone Professionals but not experts our credentials were that we lived here as residents willing to allow our curiosity and craft to lead us to watch carefully listen and look at what most residents take for granted I learned early that stories rule our lives in the city significant events once past are repeated to friends and family until they leave their own retold impressions on our memories However continuously linear we expect our lives to be lived the space of time and size of memory conspire to compress experiences into events Photographs too perhaps like stories capture and represent lived experience as moments Our Philadelphia as is all our history is made of these moments photographs and stories And in our effort to find and delineate these moments we also recognized that we approached a sense of place Circling ever closer to a shared recognition of character our work attempts to define a place not descriptively but intuitively The book our effort to celebrate what we share with so many others in this big beautiful city is perhaps the appropriate acknowledgement Beautiful black and white photographs by Jerome Lukowicz that provide an uncommon appraisal of the city of Philadelphia The photographs present the city through singular views common vistas and vantage points that any resident or visitor would have as they walk the streets of the city Short texts and stories written by Sean O'Rourke that speak to Jerome's photographs and the experience of living in Philadelphia The combination of photographs and stories shows the physical character of the city and tells the experience of living in the city that speaks to its architecture urbanity and its authentic place The same exact book is carefully packed in a lid and bottom box offering three different cover photographs **San Francisco : portrait of a city notecards** Lyon, 2016-02-24 Budapest 1900 John Lukacs, 1990 John Lukacs distinguished historian and native of Budapest here offers a rich and eloquent depiction of one of Europe's great cities at its height He provides a cultural and historical portrait of Budapest its sights sounds and inhabitants the artistic community its class dynamics and politics the essential role played by its Jewish population and a historical perspective that describes the ascendance of the city and its
