Portrait Of Evil:

Portrait Stories Michal Peled Ginsburg, 2014-12-15 What makes stories about portraits so gripping and unsettling Portrait Stories argues that it is the ways they problematize the relation between subjectivity and representation Through close readings of short stories and novellas by Poe James Hoffmann Gautier Nerval Balzac Kleist Hardy Wilde Storm Sand and Gogol the author shows how the subjectivities of sitter painter and viewer are produced in relation to representations shaped by particular interests and power relations often determined by gender as well as by class She focuses on the power that can accrue to the painter from the act of representation often at the expense of the portrait's subject while also exploring how and why this act may threaten the portrait painter's sense of self Analyzing the viewer's relation to the portrait she demonstrates how portrait stories problematize the very act of seeing and with it the way subjectivity is constructed in the field of vision

Portrait of Evil, Portrait of Evil Charlotte Hosie Nymark, 2014-04-03 One of the greatest tragedies a person can experience is the death of his or her child The pain is absolutely excruciating and it takes months maybe even years before the bereaved parent can again approach life with an even keel let alone with a smile So why is it that the day after her twenty six year old son's death Lilith was seen laughing in public Shouldn't she have been crying or screaming instead in a twilight of disbelief in a stunned almost catatonic state When Nymark asked herself these very questions the answer she came up with chilled her to her core The young man she determined probably wasn't dead and his demise was likely just another of Lilith's evil schemes But what kind of person let alone a mother would do such an unthinkable thing Portrait of Evil chronicles Lilith's history of evil acts in a small town in Florida including her involvement in multiple murders A fictional account loosely based on real people and events it's sure to surprise you with every turn of the page and leave you thinking about the nature of evil and how it manifests itself in the world around us

The Picture of Dorian Gray Oscar Wilde, 1998-02-23 In Oscar Wilde's famous novel Dorian Gray is tempted by Henry Wotton to sell his soul in order to hold on to beauty and youth Dorian succumbs and murders the portrait painter Basil Haliward who stands between him and his goal Though in the end vice is punished and virtue rewarded the novel remains one of the most important expressions of fin de siècle decadence It is in the preface to the expanded edition of *The Picture of Dorian Gray* that Wilde coined the most famous expression of his aesthetic There is no such thing as a moral or an immoral book Books are well written or badly written That is all Like other Broadview Editions this edition includes a wide range of materials from the period that help to set the text in context In particular the editor locates the text both in relation to elements in the mainstream culture of the day such as the aesthetes and in relation to the gay subculture

Auditioning On Camera Joseph Hacker,2013-05-13 To win a screen role an actor must learn to contend with an on camera audition Understanding

how to make the crucial adjustments to one's craft that this kind of audition requires is vital to the career of any screen actor. Auditioning On Camera sets out the key elements of a successful on-camera audition and explains how to put them into practice. Joseph Hacker draws on 35 years of acting experience to guide the reader through the screen auditioning process with an engaging and undaunting approach. Key elements examined include textual analysis, knowing where to look, dealing with nerves on-camera, interviews using the environment, retaining the camera's focus. The book also features point-by-point chapter summaries as well as a glossary of acting and technical terms and is a comprehensive and enlightening resource for screen actors of all levels. **Herald of the Star**, 1914 *The Nineteenth-Century Novel and the Pre-Cinematic*

Imagination Alberto Gabriele, 2024-11-14 This book fills a gap in existing scholarship on the history of the novel in relation to visual culture by discussing the visual fascination that novelists such as Nathaniel Hawthorne, Herman Melville, Honoré de Balzac, and George Eliot show for several types of pre-cinematic spectacle. It also identifies a so far neglected aspect of novel theory that nineteenth-century authors elaborated by incorporating suggestions from pre-cinematic visual spectacles. By shedding light on forms of visuality that were not entertained by the dominant aesthetic modes of painting and photography, *The Nineteenth-Century Novel and the Pre-Cinematic Imagination* argues that the presence of nineteenth-century pre-cinematic optical illusions in works of fiction redefines the notion of mimesis as animated movement and points to a continuity between pre-cinema, the literary imagination, and the structures of knowledge production of the modern episteme.

From Islands to Portraits Sergio Perosa, 2000 Throughout the long course of literature, islands have accumulated uncanny connotations of death together with peculiarities of linguistic definition and expression. Since the age of discovery, after the Caribbean Islands, America itself, and later the archipelagos and atolls in the Pacific became known to travellers and conquistadores, islands have been sought, searched, explored, and physically possessed, as women. Cultural recognition takes the form of sexual and physical possession. Venus was born from the sea and is identified with an island. These are the themes of the first two variations discussed in this book. **Poe's Pervasive Influence** Barbara Cantalupo, 2012-10-05 The essays in this collection were originally presented as talks at the Poe Studies Association's Third International Edgar Allan Poe Conference, The Bicentennial, in October 2009. All the essays in this volume deal with Poe's influence on authors from the United States and abroad. In addition, the collection also includes two examples of primary texts by contemporary authors whose work is directly related to Poe's work or life: an interview with Japanese detective novelist Kiyoshi Kasai and poems by Charles Cantalupo. This volume includes interpretative essays on international authors whose work reflects back on Poe's work: Edogawa Rampo from Japan, Lu Xun from China, Fernando Pessoa, E. de Queirós, and Ramalho Ortigão from Portugal, Angela Carter from England, and Nikolai Gogol from Russia. The essays in this collection complement and extend a project begun by Lois Vines Poe Abroad, University of Iowa Press, 1999, and take a wider perspective on Poe's influence with essays on Poe's impact on American authors: William Faulkner, Mary Oliver, Joyce Carol Oates, Nathaniel Hawthorne, Herman Melville.
