Pamela Allara

Portrait Of A Nude:

Portrait of a Nude Laura Annawyn Shamas,1995 *Amedeo Modigliani* Anette Kruszynski,1996 The author provides a sympathetic interpretation of Modigliani's career She charts the artist's development from the penetrating psychological studies of his early portraits through images of a more decorative nature to his mature depictions of nudes **Nude Painting** Michael Jacobs,1979 *The Naked Nude* Frances Borzello,2022-08-18 The representation of the nude in art remained for many centuries a victory of fiction over fact Beautiful handsome flawless its great success was to distance the unclothed body from any uncomfortably explicit taint of sexuality eroticism or imperfection In this newly updated study Frances Borzello contrasts the civilized sanitized perfected nude of Kenneth Clark's classic *The Nude A Study in Ideal Form* 1956 with today's depictions raw uncomfortable both disturbing and intriguing Grittier and more subtle depicting variously gendered bodies the new nude asks awkward questions and behaves provocatively It is a very naked nude created to deal with the issues and contradictions that surround the body in our time Borzello explores the role of the nude in twentieth and twenty first century art looking at the work of a wide range of international artists creating contemporary nudes Her fascinating text is complemented by a profusion of well chosen unusual and beautifully reproduced illustrations The story begins with a tale of life death and resurrection an investigation into how and why the nude has survived and flourished in an art world that prematurely announced its demise Subsequent chapters take a thematic approach focusing in turn on Body art and Performance art the new perspectives of women artists the nude in painting portraiture and sculpture and in its most extreme and graphic expressions that intentionally push the boundaries of both art and our comfort zone The final chapter illustrates radical developments in art and culture over the last decade focusing in particular on artworks by women trans artists and artists of colour Borzello links these works to their art historical and political predecessors demonstrating the continually unending capacity of the nude to disrupt traditional hierarchies and gender categories in life and art [The Art of Portraits and the Nude](#) Time-Life Books,1984 [Painting the Nude in Oils](#) Adele Wagstaff,2015-02-23 The nude has inspired artists for centuries and continues to inspire us today Alongside a historical study of the nude in painting this book introduces oil paint and gives advice on techniques when using this challenging and rewarding medium Capturing the beauty of form and the delicate colours of the figure it celebrates the powerful images that examine human relationships personality and psychology Some of the topics included in this book are instructions on materials the colour palette and stretching your own canvas the practicalities of working with a model in the studio colour mixing exercises that explore colour relationships and temperature and finally step by step examples that demonstrate the progression of a painting **Self-exposure** Reed Massengill,2005 The nude self portrait is perhaps the most intimate form of photography It delves deep into taboo territory and strips away the traditional barriers between artist and viewer Witnessing such a private act we may feel the queasy embarrassment of a voyeur but we are always compelled to look further The images cut to the core of issues of identity

sexuality and ego and as they reveal an essential truth about their creators they also tell us something about ourselves Self Exposure features more than 100 works from both established masters and up and coming photographers many never before published This groundbreaking collection traces the development of the male self portrait from its earliest beginnings with such greats as Hippolyte Bayard Herbert Tobias and Andr Kert sz to the contemporary efforts of such artists as John Dugdale Anthony Goicolea and Yasumasa Morimura Each artist takes a uniquely individual approach ranging from the shockingly perverse and aggressively erotic to the elusively self conscious and sublimely beautiful Complete with brief biographies of each artist Self Exposure is a powerful survey of this most seductive subject **The Roman Nude** Christopher H.

Hallett,2005 Nude statues of Roman emperors generals businessmen and their wives survive from the ancient world in large numbers This book explores the reasons why so many Romans chose to have themselves represented naked and what this choice may tell us about Roman attitudes towards the self the body and personal identity **Norman F. globetrotting artist Adam Straker captivates photographer Gwenyth Mason Despite their differences a mutual attraction boils over Then Adam discovers exactly who Gwen is and abruptly he s back peddling as if she s suddenly become radioactive Confiding in her mother about him is useless A turbulent divorce from Gwen s father has left Annalyn s opinion of artists at rock bottom especially artists as intensely focused as Adam When Adam reevaluates his pursuit of Gwen things seem to be back on even keel until Gwen stumbles across a stunning nude portrait curiously tucked away in his studio closet Unearthed the painting is labeled a modern masterpiece by critics and launches Adam to stardom But Adam s limelight is fraught with as much conflict as acclaim Now surrounded by people with their own agendas for The Nude including a powerful billionaire a savvy art dealer and a restless business partner Adam s refusal to part with it only increases the pressure he s under Then there are his secret meetings in big cities and hushed phone calls in the wee hours and Annalyn s insistence that Gwen walk away before he shatters her heart completely When Gwen discovers instead that there is a link between The Nude and her

own California childhood she starts digging for the truth No one is talking however not even Adam and their relationship is pushed to the brink when Gwen finally unearths the bizarre secrets the nude is keeping and along the way resurrects a nemesis thought long gone There s serious fallout from Gwen s innocent curiosity just months before and life turns taut and perilous with twists and revelations right up literally to the last page Book Review When the secrets behind an intriguing nude portrait trickle out into the open a photographer and her artist lover must grapple with the fallout in Sisu s masterful debut Photographer Gwen Mason has just opened up her own studio in Miami and hopes to find her niche in the trendy city Though she lives with her divorcee mother and doesn t think she s interested in a relationship meeting upcoming artist Adam Straker changes all that Adam s paintings are causing quite a stir in the art world and Gwen knows she s found something special He might be 20 years her senior but that doesn t stop the couple from embarking on a passionate affair Yet one of Adam s paintings arouses Gwen s curiosity like no other it s a striking portrait of a nude woman one Adam keeps hidden and pointedly refuses to discuss When Adam has the chance to land a spot in a prestigious New York City gallery Gwen believes the painting will secure his place and she shows The Nude to Adam s manager without Adam s knowledge Though the painting clinches the New York deal it starts an explosive chain reaction for Adam and Gwen In the coming weeks decades old secrets of destroyed lives and loves of tragedy and revenge of greed and madness are revealed at a cost no one could have foreseen Sisu nicely ramps up the suspense with her excellent pacing while her vibrant depiction of the art world breathes energy and authenticity into the narrative Gwen and Adam s stormy relationship rings true though delving into Adam s point of view earlier would have delivered a more well balanced story Gwen s feistiness and sometimes bad choices make her sympathetic and fully human and readers will root for her to discover her past and keep her man But it is Sisu s analysis of the creative process that forms the heart of this novel she explores the artistic mentality in all its bizarre and often misunderstood facets and digs deep into the dark underbelly of creative genius and its unintended consequences An enthralling first novel Kirkus Discoveries

The Complete Catalogue of Known and Documented Work by William Merritt Chase (1849-1916) Ronald G. Pisano, William Merritt Chase, D. Frederick Baker, Marjorie Shelley, 2006-01-01 The first in a beautiful four volume complete catalogue of all known works by the beloved American artist William Merritt Chase A perennial favorite of museum visitors the works of William Merritt Chase 1849 1916 embody the quintessential characteristics of American Impressionism outdoor landscapes a colorful palette and an energetic brushstroke He was also a portrait painter of the first rank a master of still life a renowned teacher and a leader of artists societies This gorgeous book the first of a four volume definitive catalogue features Chase's stunning paintings in pastel which constitute a major and previously understudied body of work by the artist monotypes painted tiles and plates watercolors and prints Reconstructing Chase's oeuvre is a daunting task as the artist left few records of any kind and no documentation of his individual works exists Furthermore Chase's paintings and pastels have been forged in great numbers throughout the years and many of these works still surface on the art market Making this long awaited volume even more valuable is a list of every known exhibition of Chase's work during the artist's lifetime selected examples of major post 1917 exhibitions and an essay on Chase's innovative pastel technique

Serial Images Jennifer Dyer, Jennifer Dyer Harnish, 2011 This book argues that in the works of Degas Mondrian Bacon Schiele and Warhol serial iteration articulates a process of free constructive becoming which they interpret in different ways Not only does the serially iterative structure of the images show that activity and novelty are primary concerns but it involves the viewer in the activity presented in the images For these reasons serial iteration is fundamentally connected both to modernist aspects of the work and to other concerns such as the structure of subjectivity and the movement of history Serially iterative structure opens up the meaning of these five artists' images by relating them to concerns in contemporary art and thought

Rembrandt and the Female Nude Eric Jan Sluiter, Rembrandt Harmenszoon van Rijn, 2006 Rembrandt's extraordinary paintings of female nudes Andromeda Susanna

Diana and her Nymphs Dana Bathsheba as well as his etchings of nude women have fascinated many generations of art lovers and art historians But they also elicited vehement criticism when first shown described as against the grain anticlassical even ugly and unpleasant However Rembrandt chose conventional subjects kept close to time honored pictorial schemes and was well aware of the high prestige accorded to the depiction of the naked female body Why then do these works deviate so radically from the depictions of nude women by other artists To answer this question Eric Jan Sluijter in *Rembrandt and the Female Nude* examines Rembrandt's paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy Exploring Rembrandt's intense dialogue with the works of predecessors and peers Sluijter demonstrates that more than any other artist Rembrandt set out to incite the greatest possible empathy in the viewer an approach that had far reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict In this richly illustrated study Sluijter presents an innovative approach to Rembrandt's views on the art of painting his attitude towards antiquity and Italian art of the Renaissance his sustained rivalry with the works of other artists his handling of the moral and erotic issues inherent in subjects with female nudes and the nature of his artistic choices
