thirty eight interviews public speeches and remarks that span five decades of the esteemed novelist and New Yorker editor's career. The interviews collectively address the entirety of Maxwell's literary work with in depth discussion of his short stories, essays and novels including *They Came Like Swallows*, *The Folded Leaf* and the American Book award winning *So Long See You Tomorrow* as well as his forty year tenure as a fiction editor working with such luminaries as John Updike, John Cheever, Eudora Welty, Vladimir Nabokov and J.D. Salinger. Maxwell's words spoken before a crowd, some previously unpublished, pay moving tribute to literary friends and mentors and offer reflections on the artistic life, the process of writing and his Midwestern heritage. All retain the reserved poignancy of his fiction. The volume publishes for the first time the full transcript of Maxwell's extensive interviews with his biographer and in an introduction, correspondence with writers including Updike and Saul Bellow which enlivens the stories behind his interviews and appearances.

Chuck Close Robert Storr, Chuck Close, Kirk Varnedoe, Deborah Wye, 1998. For the past 30 years American artist Chuck Close b. 1940 has concentrated on essentially one subject: the human face. This volume, the most comprehensive assessment of Close's work yet published, includes portraits of Robert Rauschenberg, Roy Lichtenstein, Alex Katz, Lucas Samaras and others. It accompanies a mid-career retrospective opening at The Museum of Modern Art, New York, in February 1998. 178 illustrations, 113 in color.

American Presidents David Levine, 2008-01-01. For more than a half century David Levine has taken on the most powerful men of the free world with only his pen and a bottle of India ink. That pen has proved to be mightier than the sword as Levine skewered, illuminated, satirized and condemned every president of the 20th century as well as the most significant presidents from colonial times and the Civil War era. His drawing of Lyndon Johnson revealing a scar in the shape of Vietnam is considered one of the most recognized and most copied of the Vietnam era. His devastating wit and delicately cross-hatched drawing have exposed the venality of the Nixon administration, the phoniness of the Reagan years, the duplicity of the Clinton era and the evil of the Bush cabal. Nine administrations have come and gone during Levine's tenure and with a new one on the horizon the artist remains unbowed, unfazed and unrelenting.
