Complementary Medicine, Beauty and Modelling A. Listowska,Mark A. Nicholson,2011-03-23 Complementary Medicine Beauty and Modelling offers readers the knowledge to naturally improve their appearance slow the ageing process and experience increased physical and emotional security By understanding and applying some basic principles of complementary medicine readers should be able to strengthen their physical bodies improving upon the individual qualities that they appreciate most whilst also improving upon those that they feel they might be lacking Beauty is often considered a commodity reserved for the young and slim and modelling the domain of the impossibly attractive As a result the majority of both men and women may never envisage themselves possessing the physical criteria for a career spent posing in front of cameras or strutting the worlds catwalks However it is important to remember that each person possesses individual characteristics and personal attributes that make them unique Addressing these attributes will improve their appearance and often result in improved temperament and appreciation of individual strengths The beauty that a woman expresses in her daily life is a declaration of herself and the person she wishes to present to the world whether it is while caring for children and family managing a business studying or spending time with friends and

family This is no less so for men who often see physical appearance and strength as a means to establish their relationship with their body and declare their presence This book offers an insight into concepts of physical beauty and photographic modelling and encourages the reader to view the body from a different perspective Physical features aside the book delves into the body mind relationship and draws upon the wisdom of philosophies such as naturopathy nutrition traditional Chinese medicine Bach flower remedies acupuncture mineral therapy iridology yoga meditation and natural remedies without ignoring skin care cosmetics perfume and paramedical tattooing With even a basic knowledge of the principles of complementary medicine readers can begin to understand and improve upon perceived flaws in their physical features and gain the confidence to recognise the personal attributes that make them each individuals We encourage readers to appreciate the unique beauty that is within each of us and recognise that a nutritious diet healthy lifestyle and positive view of themselves are the keys to maintain emotional stability and emphasise their appearance

web when tangents intersect outside a circle the measure of the angle they form is one half the difference of the intercepted arcs since the tangents are at the endpoints of the same diameter both intercepted arcs would have to measure 180 degrees this means the angle would have a measure of one half times the difference of 180 and 180 which is 0
