Refus global et autres écrits Paul-Émile Borduas, André-G. Bourassa, Gilles Lapointe, 1990      **Refus global** Sophie Dubois, 2017-09-11T00:00:00-04:00 Symbole incontestable de la modernité qui balaie la fois manifeste et recueil d'œuvres d'art. Refus global est entré dans la littérature avec ses mythes, ses héros, ses martyrs. Comment a-t-il été lu lors de sa parution en 1948 ? Et comment cette réception a-t-elle cheminé tout au long des décennies suivantes entre voies royales et routes secondaires, entre oubli et construction entre modes culturelles et tendances historiques ? Dans ce récit au carrefour de la littérature de l'histoire et de la sociologie, l'auteure cherche notamment à comprendre les phénomènes de perceptions partielles ou parallèles qui peuvent sauver de l'oubli certaines œuvres. Elle examine les facteurs qui influencent la construction de l'autoroute de la mémoire culturelle et confirme l'intérêt qu'il y a parfois à jeter un œil sur ses angles morts. En construisant le récit commun au fondement du mythe et en dégorgant le discours critique cet ouvrage essentiel ouvre grand les pistes pour de nouvelles lectures de cette époque charnière de l'histoire du Québec.

*Avenues of Translation* Regina Galasso, Evelyn Scaramella, 2019-04-15 Winner of the 2020 SAMLA Studies Book Award Edited Collection Cities both near and far communicate in a variety of ways. Travel between, through, and among urban centers initiates contact and cities themselves are sites of ever-changing cultural and historical encounters. Predictable and surprising challenges and opportunities arise when city borders are crossed: voices meet and artistic traditions find their counterparts. Using the Latin word for translation, *translatio*, or to carry across as a point of departure, *Avenues of Translation* explores how translation perpetuates, diversifies, deepens, and expands the literary production of cities in their greater cultural context and how translation shapes an understanding of and access to a city's past and present literary and cultural practices. Thinking about translation and the city is a way to tell the backstories of the cities, texts, and authors that are united by acts of translation. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

The (Un)Making of the Modern Family Daniel Dagenais, 2009-05-01 The family institution is undergoing a radical transformation. The modern meanings of kinship, marriage, parenthood, gender, and sexuality are now being questioned and debated. Debates on same-sex marriages and parenthood, or on divorce and blended families, are reflective of these challenges. *The Unmaking of the Modern Family* is neither an indictment of the new family nor a rallying cry. It is a classical exercise of family sociology that draws upon a range of disciplines: history, anthropology, psychology, and demography, to provide an interpretive model for understanding contemporary changes in the family. It explores traditional family forms in order to identify changes that gave birth to the ideal type of the modern family and it discusses how the modern family's constituent elements—the family as institution, conjugal and parent-child relationships, and gender and sexuality—relate to modernity's central feature: the concept of the individual. By reconstructing an archetype of the modern family, this book explains why individuals have experienced its deconstruction as a profound identity crisis. It will appeal to anyone concerned with the future of the post-modern family and society.
