Revolutionary Internationals 1864 1943:

The Revolutionary Internationals Milorad M. Drachkovitch, 1968 **The Revolutionary Internationals, 1864-1943** Milorad M. Drachkovitch, 1966 **The Revolutionary Internationals, 1864-1943. Contrib. Milorad M. Drachkovitch, Boris I. Nicolaevsky, Jacques Freymond, Gerhart Niemeyer... [etc.]. (Ed. by Milorad M. Drachkovitch).** Boris I. Nicolaevski, Jacques Freymond, Gerhart Niemeyer, Milorad M.. Drachkovitch, 1966 **The Revolutionary Internationals, 1864-1943. Edited by Milorad M. Drachkovitch** Milorad M. Drachkovitch, Hoover Institution on War, Revolution, and Peace, 1966 Revolutionary Exiles Woodford McClellan, 2021-09-05 This book first published in 1979 examines the little studied forerunners of the Russian revolutionary movement the Russian section of the First International It looks at the social democratic and Marxist Russians in the International as well as examining the complex relations between the terrorist Sergei Nechaev and Marx's friends as well as tracing the activities of Michael Bakunin It also analyses for the first time in English the activities of the Russian revolutionaries in the Paris Commune It integrates early Russian social democracy into the larger context of European socialist and working class movements

Workers Unite! Marcello Musto, 2014-10-23 Major political and economic shifts have marked the turn into the 21st century the collapse of the Soviet bloc the rise to prominence of ecological issues social changes generated by globalization and most recently one of the worst world financial crises ever These developments compel us to examine the capitalist system with a critical eye and to reflect on the need for alternatives The 150th anniversary of the birth of the International Workingmen's Association IWA 1864 2014 offers an important opportunity to compare present mainstream paradigms and the political platform developed by the IWA in order to better address our contemporary crisis and theorize solutions This sourcebook introduces and contextualizes the most valuable notes and proceedings from these legendary meetings and includes letters and commentary surrounding the events themselves many appearing for the first time in English The carefully compiled materials reach beyond Marx's writings through the history of the IWA to include the cooperative movement trade union reformism collectivism and anarchism In his introductions to these texts acclaimed scholar Marcello Musto provides accessible critical evaluations and explanations The text also highlights how certain themes self emancipation of the working class versus communist vanguardism and the taking of political power to achieve social ends versus oppressive Soviet style state control find sharp discontinuity between Marx's thought as a political leader of the IWA and the tradition of Soviet Marxism Carefully selected and painstakingly translated this volume is an invaluable resource for all those interested in the foundations of modern political and labor history **Class or Nation** Neil Redfern, 2005-02-25 The Communist Party of Great Britain CPGB has been seen by many as a microcosm of the Communist Capitalist struggle in the early twentieth century Its size belied its influence and so despite never being a mainstream political movement it had a powerful presence in British society Neil Redfern re-examines the movement and its relationship to imperialism tracing the

history of British communism from its revolutionary roots forged during the turmoil of 1917 1921 He finds that the CPGB never made a clean break with the reformism nationalism and Euro centrism despite World War I the 1917 revolution and mass movements in Asia Africa and Latin America Redfern argues that this led most of the left to support the First World War and so by extension found itself supporting the Second World War and Britain's reconquest of its colonial possessions This is essential reading for scholars of British Political and Social History as well as Imperialism Communism and left wing ideology

NGOs Thomas Davies,2014-01-11 In the first historical account of international NGOs from the French Revolution to the present Thomas Davies places the contemporary debate on transnational civil society in context In contrast to the conventional wisdom which sees transnational civil society as a recent development taking place along a linear trajectory he explores the long history of international NGOs in terms of a cyclical process characterized by three major waves the era to 1914 the inter war years and the period since the Second World War The breadth of transnational civil society activities explored is unprecedented in its diversity from business associations to humanitarian organizations peace groups to socialist movements feminist organizations to pan nationalist groups The geographical scope covered is also extensive and the analysis is richly supported with reference to a diverse array of previously unexplored sources By revealing the role of civil society rather than governmental actors in the major transformations of the past two and a half centuries this book is for anyone interested in obtaining a new perspective on world history The analysis concludes in the second decade of the twenty first century providing insights into the trajectory of transnational civil society in the post 9 11 and post financial crisis eras

Karl Marx and the Anarchists Library Editions: Political Science Volume 60 Paul Thomas,2013-04-15 This study examines Marx's disputes with and attacks upon those anarchist theoreticians he encountered at various stages of his career Marx's attacks on Stirner Proudhon and Bakunin are shown to be of vital importance to his career as a theorist and revolutionist The formative influences upon Marx's writings and his political activity are discussed and analyzed The author re-situates Marx's thought in the context of the 19th century when Marxism was not an unchallenged orthodoxy but a doctrine and method that needed to be defended against rival revolutionary impulses **Shifu, Soul of Chinese Anarchism** Edward S.

Krebs,1998-10-01 The most comprehensive study of Shifu available this valuable work explores the life and political milieu of a central figure in Republican China Born in 1884 Shifu was brought down in 1915 by overwork poverty and tuberculosis Yet during that short span he became the most influential anarchist of his time Drawing on a wealth of primary source material Krebs provides an intellectual biography of this committed revolutionary and analyzes the importance of Shifu's thought during the New Culture May Fourth years as his followers fought for influence with the Marxists and later over the issue of alliance with the Nationalists Placing Shifu's life within the dynamic intellectual and political currents of the time the author describes Shifu's early work as an assassin within the anti Qing movement Examining the influence on Shifu of Confucianism and Buddhism Krebs highlights reform Buddhism's close relationship with revolutionary activism Most significantly Shifu's

unflagging work to propagate anarchism during the early years of the Republic and his interactions with other socialists reveal a hitherto unknown level of activity among socialist revolutionaries This important book thus offers fresh insights not only into the anarchist movement itself but into the broader history of Chinese socialism as well **Routledge Library**

Editions: Political Protest Various, 2022-07-30 This 26 volume set is a wide ranging time and subject spanning examination of the phenomenon of political protest What drives people to take to the streets and how do their governments respond These questions and many more are analysed in areas as varied as sixteenth century German peasant uprisings revolutionary Russians at the Paris Commune women protesting nuclear weapons at Greenham Common and the role Christianity played in protests across the ages An impressive reference resource this set also looks at the policing of protests and official responses to them **Left Transnationalism** Oleksa Drachewych, Ian McKay, 2020-01-16 In 1919 Bolshevik Russia and its followers formed the Communist International also known as the Comintern to oversee the global communist movement From the very beginning the Comintern committed itself to ending world imperialism supporting colonial liberation and promoting racial equality Coinciding with the centenary of the Comintern's founding Left Transnationalism highlights the different approaches interwar communists took in responding to these issues Bringing together leading and emerging scholars on the Communist International individual communist parties and national and colonial questions this collection moves beyond the hyperpoliticized scholarship of the Cold War era and re energizes the field Contributors focus on transnational diasporic and cultural networks comparative studies of key debates on race and anti colonialism the internationalizing impulse of the movement and the evolution of communist platforms through transnational exchange Essays further emphasize the involvement of communist and socialist parties across Canada Australia India China Japan Southeast Asia Latin America South Africa and Europe Highlighting the active discussions on nationality race and imperialism that took place in Comintern circles Left Transnationalism demonstrates that this organization as well as communism in general was especially in the years before 1935 far more heterogeneous creative and unpredictable than the rubber stamp of the Soviet Union described in conventional historiography Contributors include Michel Beaulieu Lakehead University Marc Becker Truman State University Anna Belogurova Freie Universitat Berlin Oleksa Drachewych University of Guelph Daria Dyakonova Universit de Montr al Alastair Kocho Williams Clarkson University Andr e L vesque McGill University Lars T Lih Independent Scholar Ian McKay McMaster University Sandra Pujals University of Puerto Rico John Riddell Ontario Institute of Studies in Education Evan Smith Flinders University S A Smith All Souls College Oxford Xiaofei Tu Appalachian State University and Kankan Xie Peking University **Socialism Unbound** Stephen Bronner, 2019-06-21 Socialism Unbound first appeared in 1990 The Berlin Wall had just fallen and the Soviet Union was in a crisis that soon would turn into its death throes Mikhail Gorbachev was still in power and incredibly it seemed as if his sclerotic communist state might yet make way for a new form of socialism with democratic political foundations Movements committed to liberal constitutionalism whose dynamics still remain

theoretically undeveloped were taking to the streets almost everywhere in Eastern Europe Hopes on the left were high In the popular imagination however the final collapse of the Soviet Union in 1991 seemed to vindicate the policies of Ronald Reagan and Margaret Thatcher Laissez faire became the rallying cry for most former dissidents and the new party professionals in Eastern Europe Meanwhile in the West attempts to temper market excesses were condemned as anachronistic Left politics suddenly stood discredited Indeed soon enough the attack on socialism would turn into an attack on welfare liberalism and the values associated with the 1960s

The Development of Socialism, Social Democracy and Communism Mohamed Ismail Sabry, 2017-09-01 This book examines how socioeconomic and institutional factors shaped the development of Socialism and its two contending variants of Social Democracy and Communism investigating why each of these factions enjoyed varying levels of popularity in different societies between 1840 and 1945

Boundaries of Utopia - Imagining Communism from Plato to Stalin Erik van Ree, 2015-05-22 The idea that socialism could be established in a single country was adopted as an official doctrine by the Soviet Union in 1925 Stalin and Bukharin being the main formulators of the policy Before this there had been much debate as to whether the only way to secure socialism would be as a result of socialist revolution on a much broader scale across all Europe or wider still This book traces the development of ideas about communist utopia from Plato onwards paying particular attention to debates about universalist ideology versus the possibility for socialism in one country The book argues that although the prevailing view is that socialism in one country was a sharp break from a long tradition that tended to view socialism as only possible if universal in fact the territorially confined socialist project had long roots including in the writings of Marx and Engels

Internationalism in the Labour Movement 1830-1940 Holthoon, Marcel van der Linden, 2025-02-10

The Great War and the Origins of Humanitarianism, 1918-1924 Bruno Cabanes, 2014-03-13 Pioneering study of the transition from war to peace and the birth of humanitarian rights after the Great War

Coalition Strategies of Marxist Parties Trond Gilberg, 1989 During the early part of this decade many individuals both policy makers and scholars wondered about the new look of some communist parties as they billed themselves as potential participants in the pluralistic game of politics in many parts of the world This image was certainly different from the old notion of dedicated revolutionaries who scornfully rejected the existing order and plotted its overflow How genuine was the new look Were the communists sincere when they discussed interaction with other elements of political order in which they operated What were their tactical policies in pursuit of these strategic goals Some of us began to examine these questions more systematically We ran a panel at an academic conference enjoyed the feedback from our colleagues and began the process of writing this book Now several years later it is a finished product after many full scale revisions and updates The topic is still very relevant and that shows the enduring importance of the questions asked a number of years ago Scholars will need to return to this question in the future perhaps the best strategy is a continuous examination of this crucial subject

The Lost World of Socialists at Europe's Margins Maria Todorova, 2020-09-03 Maria Todorova's book

is devoted to the golden age of the socialist idea broadly surveying the period in and around the time of the Second International It critically examines the promise for an alternative socialist utopia from 1870 to the 1920s Todorova brings in the experience of the periphery in a comparative context in the belief that the margins can often elucidate better the character of a phenomenon and de provincialize it from essentialist notions In doing so *The Lost World of Socialists at Europe's Margins* moves beyond the traditional historiographical emphasis on ideology by looking at different intersections or entanglements of spaces generations genders ideas and feelings and different flows of historical time The study provides a social and cultural history of early socialism in Eastern Europe with an emphasis on Bulgaria arguably the country with the earliest and strongest socialist movement in Southeast Europe and one that had a unique relationship to both German and Russian social democracy Based on a rich prosopographical database of around 3500 biographies of people born in the 19th century the book addresses the interplay of several generations of leftists looking at the specifics of how ideas were generated received transferred and transformed Finally the work investigates the intersection between subjectivity and memory as reflected in a unique cache of archival materials containing over 4000 documentary sources including diaries oral interviews and unpublished memoirs A microhistorical approach to this material allows the reconstruction of structures of feeling that inspired an exceptional group of individuals

The Critique of Ultra-Leftism in China, 1958-1981, 1984-08 The Chinese political system has undergone a profound transformation since the death of Mao Zedong in 1976 and nowhere is this more evident than in the effort to exorcise the influence of the ultra Leftism that is alleged by the current Chinese leadership to have characterized much of the last two decades of the Maoist era The author places the post Mao assault on radicalism into the historical and ideological perspectives of earlier critiques of ultra Leftism within the Marxist tradition and the Chinese Communist Party He traces the evolution of the critique in the writings of Marx Engels Lenin and Mao and carefully examines three anti Leftist criticism and rectification campaigns in recent Chinese history the retreat from the Great Leap Forward of 1958-61 the campaign against Swindlers like Liu Shaoqi carried out in 1971-73 after the death of Lin Biao and the criticism of the Gang of Four following their purge in 1976 These cases are analyzed in terms of both the political conflict surrounding each campaign and the ideological issues raised by the critique of ultra Leftism Understanding the nature and extent of the critique of ultra Leftism helps to clarify the ideological world in which the Chinese leaders operate to explain some of the most perplexing events in the history of the People's Republic and to assess the changes that continue to shape the political environment of post Mao China

Revolutionary Internationals 1864 1943 Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such could be the essence of the book **Revolutionary Internationals 1864 1943**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
