The Annual of Psychoanalysis, V. 31 Jerome A. Winer,James W. Anderson,2013-09-05 In 1958 William L Langer in a well known presidential address to the American Historical Association declared the informed use of psychoanalytic depth psychology as the next assignment for professional historians Psychoanalysis and History volume 31 of The Annual of Psychoanalysis examines the degree to which Langer s directive has been realized in the intervening 45 years Section I makes the case for psychobiography in the lives of historical figures and exemplifies this perspective with analytically

informed studies of the art of Wassily Kandinsky the films of Stanley Kubrick and the anti-Semitism of Adolf Hitler Section II reviews Freud's own psychohistorical contributions and then considers the relevance to historical inquiry of the more recent perspectives of Winnicott Kernberg and Kohut Section III explores an intriguing tributary of psychobiographical inquiry the impact of the biographer's own subjectivity on his or her work Section IV turns to a topic of perennial interest the psychobiographical study of American presidents Section V turns to the special challenges of applying psychoanalysis to topics of religious history and includes topical studies of religious figures as disparate as the 15th century Asian Drukpa Kunley and Osama bin Laden Section VI focuses on the recent extension of psychohistorical inquiry to groups of people and to cultural phenomena more generally an investigation of the youth movement in pre-Nazi Germany consideration of how societies no less than individuals reenact and work through traumas over time and an outline of the role of analysis in constructing a depth psychological social psychology of use to historians These papers no less than those that precede them are compelling testimony to the claim with which editors James William Anderson and Jerome A. Winer begin the volume to wit that Psychoanalysis would seem to be a resource indispensable to the study of history

Cultural Politics in the Third World Mehran Kamrava, 2002-01-04 First Published in 1999 This book does not aim to offer a new or radically different interpretation of the ongoing debate over cultural geography Kamrava states nor does it seek to present a universal theory of what Third World countries have done or ought to do as they navigate the political economic and sociocultural traumas of development Instead it tries to place culture in its proper political perspective in the Third World

Understanding Comparative Politics Mehran Kamrava, 2002-11-01 Comparative politics has undergone significant theoretical changes in recent decades Particularly since the 1980s a new generation of scholars have revamped and rejuvenated the study of the subject Mehran Kamrava examines current and past approaches to the study of comparative politics and proposes a new framework for analysis This is achieved through a comparative examination of state and social institutions the interactions that occur between them and the political cultures within which they operate The book also offers a concise and detailed synthesis of existing comparative frameworks that up to now at least have encountered analytical shortcomings on their own Although analytically different in its arguments and emphasis from the current Mainstream genre of literature on comparative politics the present study is a logical outgrowth of the scholarly works of the last decade or so It will be essential reading for all students of comparative politics

The Slave Soul of Russia Daniel Rancour-Laferriere, 1995-03-01 Why asks Daniel Rancour-Laferriere in this controversial book has Russia been a country of suffering Russian history religion folklore and literature are rife with suffering The plight of Anna Karenina the submissiveness of serfs in the 16th and 17th centuries ancient religious tracts emphasizing humility as the mother of virtues the trauma of the Bolshevik revolution the current economic upheavals wracking the country these are only a few of the symptoms of what The Slave Soul of Russia identifies as a veritable cult of suffering that has been centuries in the making Bringing to light dozens of examples of self-defeating

activities and behaviors that have become an integral component of the Russian psyche Rancour Laferriere convincingly illustrates how masochism has become a fact of everyday life in Russia Until now much attention has been paid to the psychology of Russia s leaders and their impact on the country s condition Here for the first time is a compelling portrait of the Russian people s psychology Great Warrior Leaders/thinkers ,1989 **The Persistence of Purgatory** Richard K. Fenn,1995 Richard K Fenn focuses on the significance of time in modern society and why we take it so seriously He traces contemporary western attitudes toward time back to the doctrine and myth of Purgatory Fenn makes a provocative case that especially for Americans the sense of the scarcity of time is a sign of social character shaped by a purgatorial complex He demonstrates the impact of Purgatory on Protestant preachers such as Baxter and Channing but also argues that Locke s views of religion education and the nature of the state can only be understood in this context Seriousness about time has become evidence of the good faith of the citizen Novelists like Robbins Mailer Vonnegut and Brautigan portray a society that oppresses the individual through time constraints For Dickens America seemed a purgatorial wasteland a place where time is always of the essence **Tolstoy's Quest for God** Daniel Rancour-Laferriere,2017-07-28 The religious dimension of Tolstoy s life is usually associated with his later years following his renunciation of art In this volume Daniel Rancour Laferriere demonstrates instead that Tolstoy was preoccupied with a quest for God throughout all of his adult life Although renowned as the author of War and Peace Anna Karenina The Death of Ivan Ilych and other literary works and for his activism on behalf of the poor and the downtrodden of Russia Tolstoy himself was concerned primarily with achieving personal union with God Tolstoy suffered from periodic bouts of depression which brought his creative life to a standstill and which intensified his need to find comfort in the embrace of a personal God At times he was in such psychic pain he wanted to die Yet Tolstoy felt that he deserved to suffer and he learned to welcome suffering in masochistic fashion Rancour Laferriere locates the psychological underpinnings of Tolstoy s suffering in a bipolar illness that led him actively to seek suffering and self humiliation in the Russian tradition of holy foolishness With voluntary suffering and Jesus Christ as his model Tolstoy advocated nonresistance to evil and in his daily life he strove never to return evil actions or words with physical or verbal resistance On the other hand being bipolar Tolstoy in some situations would drift in a manic direction indulging in delusions of grandeur Indeed the aging Tolstoy occasionally went so far as to equate himself with God as can be seen from his diaries and personal correspondence The pantheistic world view which Tolstoy achieved at the end of his life meant that God was within himself and within all people and all things in the entire universe By this time Tolstoy was also utilizing images of a mother to represent his God With this essentially maternal God so conveniently available there was nowhere Tolstoy could be without Her For in the end Tolstoy s quest for God was a *Tolstoy on the Couch* Daniel Rancour-Laferriere,1998-07-08 In his 1889 novella The Kreutzer Sonata Lev Tolstoy declared war on human sexuality Having fathered thirteen children by his wife and at least two children by peasant women the great Russian writer now has the arrogance to suggest that people

should stop having children Psychoanalysis of Tolstoy's diaries and other private materials reveals that Tolstoy's anti sex position was grounded in a sadistic attitude towards women including his wife Sonia and a punishing masochistic attitude towards himself These feelings in turn were related to the trauma of maternal loss in Tolstoy's early childhood A Normal Totalitarian Society Vladimir Shlapentokh, 2001 This study analyzes the ordinary functioning of the Soviet system from Stalin's death through the Soviet collapse and Russia's first post Soviet decade Without overlooking the USSR's repressive character the author treats it as a normal system that employed socialist and nationalist ideologies *One Hundred Years of Masochism* Michael C. Finke, Carl Niekerk, 2000 Just over a century has passed since the sexologist Richard von Krafft Ebing coined the term masochism in a revised edition of his *Psychopathia Sexualis* 1890 Put into circulation as part of the fin de siècle process through which sexuality and sexual practices considered deviant became medicalized this suspicious concept grew in significance and explanatory power in the expanding new context of psychoanalytic discourse Today the study of masochism shows signs of becoming a discipline in its own right the political social and cultural ramifications of which exceed and indeed render problematic traditional psychoanalytic perspectives on the phenomenon The essays in this volume demonstrate however that the concept of masochism still offers a point of entry into psychoanalytic theory that while revealing a number of its most vexing insufficiencies and problematic constructions evokes also a sometimes surprising illuminative potential and capacity to adapt to changing social realities And as the volume's title is meant to suggest the authors represented here tend to agree that the continued rich viability of psychoanalytic theory in cultural analysis is best appreciated and ensured through engaging the theory's own social historical and cultural contexts The volume includes clinical perspectives on masochism and articles on medieval romance Goethe's *Sacher Masoch* Krafft Ebing's *Psychopathia Sexualis* Turgenev Tolstoy *Multatuli Fassbinder* and masochism and postmodernism Political Psychology Linda Shepherd, 2006-04-20 Contributors Betty Glad Kathleen M McGraw Elizabeth Marvick Brent Strathman Donald A Sylvan Linda Valenty David G Winter The Journal of Social, Political and Economic Studies, 1986 *Studies in Human Sexuality* Suzanne G.
