A. Fleury

Revue Dhistoire De La Deuxieme Guer No49:

End of the Affair Eleanor M. Gates, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 Maxime Weygand and Civil-military Relations in Modern France Philip Charles Farwell Bankwitz, 1967 This is the first scholarly study of the prewar phase of the French army's development into a disruptive force in national life A chapter from the portentous 20th century story of the soldier in politics it has relevance to contemporary situations in other western societies The book includes an encyclopedic bibliography

Historical Dictionary of Tunisia Kenneth J. Perkins, 2016-10-12 The demographically modest but strategically significant country of Tunisia has experienced profound and revolutionary change in the almost two decades since the publication of the previous edition of this volume 1997 Most dramatically a populist uprising in 2011 ousted the entrenched dictatorship whose two heads had successively presided over the country since independence from France in 1956 As Tunisians celebrated this achievement they inspired similar movements elsewhere in the Middle East and North Africa giving rise to an Arab Spring that held out hope for the introduction of transformational innovations in democratic concepts and institutions across the region Sadly however powerful forces of the status quo thwarted these efforts in country after country But in Tunisia itself a more hopeful scenario unfolded In the fall of 2011 elections to a constituent assembly that international observers characterized as free and fair gave the major Islamic party a plurality of the votes and set Tunisia on a course of participatory democracy This third edition of Historical Dictionary of Tunisia contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Tunisia

Overseas Economic Relations and Statehood in Europe, 1860s-1970s Gerold Krozewski, 2023-04-06 Drawing on official archival and published sources this book explores how the formative history of the European nation state was embedded within economic globalization and associated with conceptions of the world overseas With a particular focus on France Germany Italy and Britain this research investigates how overseas relationships shaped state governance The argument departs from conventional histories by linking together the analysis of economic relationships and political cultures examining the ways in which state agency formed in different areas such as national economy building the organization of overseas raw material and food supplies labour migration and national identity Spanning over a century the book discusses the changing role of overseas colonies in European national development Once a means to complete economic liberalization colonies were then envisaged as tools of crisis management before in the mid twentieth century complementarities in imperial colonial economies shifted away from

empire This volume covers neglected aspects of the transnational history of European nation states and is an ideal resource for students and researchers interested in the ties between Europe Africa and Asia as well as connections between political economic and social relations and their conceptualizations *Escaping Nazi Europe* Bernard Wilkin,Bob Moore,2023-12-21 This book chronicles the escapes attempted by Belgian soldiers and civilians from Nazi occupied Europe during the Second World War Insofar as is practical the authors have tried to let the subjects speak for themselves by making extensive use of their testimonies preserved in archives in Belgium and the United Kingdom The book begins with the stories of soldiers who managed to evade capture in the summer of 1940 and returned home and the few that decided to continue the fight and joined the Allied forces in the United Kingdom It also includes the prisoners of war who managed to escape from camps or Arbeitskommando inside the Reich and provides a detailed analysis of their narratives their motivation for going on the run their choices on when and how to travel and the many obstacles they encountered along the way Most escapees were content to return home with some then joining resistance organisations but a small minority were committed to joining the Allies and further chapters recount their attempts to reach Spain and Switzerland and the additional problems they encountered in those neutral states Final chapters reflect on the penalties inflicted on prisoners of war who were recaptured and on the escapees struggle for recognition in the post war world *A Companion to the Holocaust* Simone Gigliotti,Hilary Earl,2020-04-24 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst others continue to make important contributions to its scholarship *A Companion to the Holocaust* provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust s causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section s themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence *A Companion to the Holocaust* is an essential

resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities

The Popes on Air Raffaella Perin, 2024-04-16 The story of the origin of Vatican Radio provides a unique look at the history of World War II The book offers the first wide ranging study on the history of Vatican Radio from its origins 1931 to the end of Pius XII's pontificate 1958 based on unpublished sources The opening of the Secret Vatican Archives on the records regarding Pius XII will shed light on the most controversial pontificate of the 20th century Moreover the recent rearrangement of the Vatican media provided the creation of a multimedia archive that is still in Fieri This research is an original point of view on the most relevant questions concerning these decades the relation of the Catholic Church with the Fascist regimes and Western democracies the attitude toward anti-Semitism and the Shoah in Europe and in general toward the total war the relationship of the Holy See with the new media in the mass society the questions arisen in the after war period such as the Christian Democratic Party in Italy the new role of women and anti communism and the competition for the consensus in the social and moral order in a secularized society

The Politics of Depression in France 1932-1936 Julian Jackson, 2002-08-22 This book examines debates about the formation of French economic policy during the Great Depression

List of Periodicals, 1993 European University Institute. Library, 1993

Women and the Second World War in France, 1939-1948 Hanna Diamond, 2015-10-23 This is the first book in either English or French to offer readers an overview of women's experience of the Second World War and its immediate aftermath in France It examines objectively the part that women played in both collaboration and resistance synthesising much recent scholarship on the subject in French and English and drawing on the author's own extensive research including oral testimony in Toulouse Paris and West Brittany The findings are complex and the immensely varied testimony challenges easy generalisation This will be relevant for courses on French studies French and European history and Women's studies

Les prisonniers de guerre français en 40 Fabien Théofilakis, 2022-09-28

Il y a 1940 des millions de Français se mettent à craindre leurs maires sous prétexte et prétexte mais aussi des organismes internationaux et jusqu'au pape pour savoir ce que sont devenus leur père leur père leurs enfants En six semaines peine entre le 13 mai et le 22 juin 1940 la défaite militaire se transforme en débâcle et la captivité concerne désormais presque deux millions de soldats détenus par les Allemands en territoire français Captivité transitoire première étape d'un emprisonnement long parfois douloureux dans le Reich captivité fondatrice aussi et même oubliée de la Seconde Guerre mondiale Au nord de la Loire comme le long de l'Atlantique la France se couvre de camps de prisonniers les Frontstalags Vritable défi logistique social et politique la captivité devient un enjeu central pour les familles qui attendent pour le régime de Vichy qui cherche à affirmer sa souveraineté comme pour les autorités allemandes qui imposent leur ordre de vainqueur mais aussi pour les instances internationales du Comité international de la Croix Rouge l'ambassade des États-Unis en passant par le Vatican Donner voir faire ressentir amener comprendre ce qu'a été une captivité française en France celle de 1940 tel est l'objectif de cet ouvrage collectif qui varie les échelles et les points de vue pour proposer une histoire au carrefour de la défaite

de l'Occupation et de la Collaboration un essai qui partit d'archives françaises et étrangères ainsi que de nombreux documents iconographiques sur les relations internationales et quotidien haut et bas de la France. *Fascists and Honourable Men* N.

Amzalak, 2011-07-12 Was France fascist in the interwar period This comprehensive historical political and sociological account follows the rise of engineers and political non conformists in the first half of the twentieth century examining the French technocracy's relationship with the rise of fascism in France and later the establishment of the Fourth Republic

Prisoners of War Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war *Another Modernity*

Clémence Boulouque, 2020-09-01 Another Modernity is a rich study of the life and thought of Elia Benamozegh a nineteenth century rabbi and philosopher whose work profoundly influenced Christian Jewish dialogue in twentieth century Europe Benamozegh a Livornese rabbi of Moroccan descent was a prolific writer and transnational thinker who corresponded widely with religious and intellectual figures in France the Maghreb and the Middle East This idiosyncratic figure who argued for the universalism of Judaism and for interreligious engagement came to influence a spectrum of religious thinkers so varied that it includes proponents of the ecumenical Second Vatican Council American evangelists and right wing Zionists in Israel What Benamozegh proposed was unprecedented that the Jewish tradition presented a solution to the religious crisis of modernity According to Benamozegh the defining features of Judaism were universalism a capacity to foster interreligious engagement and the political power and mythical allure of its theosophical tradition Kabbalah all of which made the Jewish tradition uniquely equipped to assuage the post Enlightenment tensions between religion and reason In this book Clémence Boulouque presents a wide ranging and nuanced investigation of Benamozegh's published and unpublished work and his continuing legacy considering his impact on Christian Jewish dialogue as well as on far right Christians and right wing religious Zionists *Jews in France During World War II* Renée Poznanski, 2001 Now in English the authoritative work on

ordinary Jews in France during World War II **La pénétration allemande du Moyen-Orient 1919-1939** A.

Fleury,2024-09-02 *The Extreme Right in the French Resistance* Valerie Deacon,2016-12-07 In the aftermath of World War II historical accounts and public commentaries enshrined the French Resistance as an apolitical unified movement committed to upholding human rights equality and republican values during the dark period of German occupation Valerie Deacon complicates that conventional view by uncovering extreme right participants in the Resistance specifically those who engaged in conspiratorial anti republican and quasi fascist activities in the 1930s but later devoted themselves to freeing the country from Nazi control The political campaigns of the 1930s against communism republicanism freemasonry and the government taught France s ultra right wing groups to organize underground movements When France fell to the Germans in 1940 many activists unabashedly cited previous participation in groups of the extreme right as their motive for joining the Resistance Deacon s analysis of extreme right participation in the Resistance supports the view that the domestic situation in Nazi controlled France was more complex than had previously been suggested Extending beyond past narratives Deacon details how rightist resisters navigated between different options in the changing political context In the process she refutes the established view of the Resistance as apolitical united and Gaullist *The Extreme Right in the French Resistance* highlights the complexities of the French Resistance what it meant to be a resister and how the experiences of the extreme right proved incompatible with the postwar resistance narrative *France's New Deal* Philip Nord,2012-08-26 France s New Deal is an in depth and important look at the remaking of the French state after World War II a time when the nation was endowed with brand new institutions for managing its economy and culture Yet as Philip Nord reveals the significant process of state rebuilding did not begin at the Liberation Rather it got started earlier in the waning years of the Third Republic and under the Vichy regime Tracking the nation s evolution from the 1930s through the postwar years Nord describes how a variety of political actors socialists Christian democrats technocrats and Gaullists had a hand in the construction of modern France Nord examines the French development of economic planning and a cradle to grave social security system and he explores the nationalization of radio the creation of a national cinema and the funding of regional theaters Nord shows that many of the policymakers of the Liberation era had also served under the Vichy regime and that a number of postwar institutions and policies were actually holdovers from the Vichy era minus the authoritarianism and racism of those years From this perspective the French state after the war was neither entirely new nor purely social democratic in inspiration The state s complex political pedigree appealed to a range of constituencies and made possible the building of a wide base of support that remained in place for decades to come A nuanced perspective on the French state s postwar origins *France s New Deal* chronicles how one modern nation came into being **State and Intellectual in Imperial Japan** Andrew E. Barshay,2021-01-08 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand
