Revue Dhistoire De La Deuxieme Guer No6

Michael Goebel

Revue Dhistoire De La Deuxieme Guer No6:

War, Cooperation, and Conflict Fitzroy Baptiste, 1988-04-15 This carefully researched study is the first to chronicle the history of Allied involvement in the defense of British French and Dutch possessions in the Caribbean The study is extremely well researched and well written The definitive work in this particular area of historical research based on all available sources in English French and Dutch published and unpublished Choice Although few military campaigns were fought in the Caribbean the region had strategic importance throughout World War II for the United States and its allies This carefully researched study is the first to chronicle the history of Allied involvement in the defense of British French and Dutch possessions in the Caribbean The first chapter examines the events and diplomacy that led in 1939 to Britain s granting the United States permission to base military facilities in Bermuda St Lucia and Trinidad and to the creation of the Caribbean Sea Frontier Later chapters detail the troubled course of British American cooperation as U S military commitments and regional dominance increased Also described is the role of the Netherlands with Britain and the United States in the defense of the oil and bauxite reserves in the Dutch Caribbean territories and the friction between Britain and the United States over French Caribbean possessions The final chapters analyze strategic shifts occurring as a result of the war and influencing postwar settlements negotiated for the region

Franco and the Axis Stigma D. Pike, 2008-06-17 Examines Franco s relations with Hitler and Mussolini during the Second World War this book makes use of two major sources the German Admiralty s archives stunning in their evidence of Franco s support and the Spanish press operating under a totalitarian regime and yearning for an Axis victory to the bitter end

Le IIIe Reich et le pétrole roumain 1938-1940 P. Marguerat, 2024-12-09 *The Prisoners of War and German High Command* V. Vourkoutiotis, 2003-07-08 Based on archival research in Germany Great Britain the USA and Canada this study provides the first complete examination of the relationship between the Oberkommando der Wehrmacht German Armed Forces High Command and Anglo American prisoners of war German military policy is compared with reports of almost one thousand visits by Red Cross and Protecting Power inspectors to the camps allowing the reader to judge how well the policies were actually put into practice and what their impact was on the lives of the captured soldiers sailors and airmen

The French empire between the wars Martin Thomas, 2017-03-01 By considering the distinctiveness of the inter war years as a discrete period of colonial change this book addresses several larger issues such as tracing the origins of decolonization in the rise of colonial nationalism and a re assessment of the impact of inter war colonial rebellions in Africa Syria and Indochina The book also connects French theories of colonial governance to the lived experience of colonial rule in a period scarred by war and economic dislocation

The Casablanca Connection William A Hoisington Jr., 2019-05-01 The Casablanca Connection examines France s colonial policy in Morocco from the Popular Front to the end of the Vichy regime in North Africa relating it to overall French imperial policy and placing it in a European and world context At the center of this study is General Charles Nogu s resident general of Morocco from

1936 to 1943 who during this period provided the protectorate with purpose authority direction and continuity Nogues restored the precepts of colonial rule established in Morocco twenty four years earlier by Marshal Hubert Lyautey France's most illustrious soldier administrator Nogues's accomplishments made Morocco stronger for France than it had been in a decade This French peace however was disturbed by the Spanish Civil War and World War II and Nogues's well intentioned but misguided decisions during this time ended his career amidst charges of collaboration and anti Allied sentiment Nevertheless William A Hoisington Jr argues Nogues had interpreted Lyautey's lessons with talent and originality Originally published in 1984 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Oxford Handbook of Global LGBT and Sexual Diversity Politics Michael J. Bosia, Sandra M. McEvoy, Momin Rahman, 2020-03-02 Struggles for LGBT rights and the security of sexual and gender minorities are ongoing urgent concerns across the world For students scholars and activists who work on these and related issues this handbook provides a unique interdisciplinary resource In chapters by both emerging and senior scholars the Oxford Handbook of Global LGBT and Sexual Diversity Politics introduces key concepts in LGBT political studies and queer theory Additionally the handbook offers historical geographic and topical case studies contextualized within theoretical frameworks from the sociology of sexualities critical race studies postcolonialism indigenous theories social movement theory and international relations theory It provides readers with up to date empirical material and critical assessments of the analytical significance commonalities and differences of global LGBT politics The forward looking analysis of state practice transnational networks and historical context presents crucial perspectives and opens new avenues for debate dialogue and theory *Current Catalog* National Library of Medicine (U.S.), 1966 Includes subject section name section and 1968 1970 technical reports *Maxime Weygand and Civil-military Relations in Modern France* Philip Charles Farwell Bankwitz, 1967 This is the first scholarly study of the prewar phase of the French army's development into a disruptive force in national life A chapter from the portentous 20th century story of the soldier in politics it has relevance to contemporary situations in other western societies The book includes an encyclopedic bibliography **Command and Commanders in Modern Warfare** William Geffen, 1972 The Modern World-system Immanuel Maurice Wallerstein, 1974 The Modern World System Immanuel Wallerstein's influential multivolume reinterpretation of global history traces the emergence and development of the modern world from the sixteenth century to the twentieth From publisher's description **The Modern World-System IV** Immanuel Wallerstein, 2011-06-10 Centrist liberalism as ideology Constructing the liberal state 1815 1830 The liberal state and class conflict 1830 1875 The citizen in a liberal state Liberalism as social science The argument restated The violence of colonial photography Daniel Foliard, 2022-11-15 The late nineteenth century saw a rapid increase in colonial conflicts throughout the French and British

empires It was also the period in which the camera began to be widely available Colonial authorities were quick to recognise the power of this new technology which they used to humiliate defeated opponents and to project an image of supremacy across the world Drawing on a wealth of visual materials from soldiers personal albums to the collections of press agencies and government archives this book offers a new account of how conflict photography developed in the decades leading up to the First World War It explores the various ways in which the camera was used to impose order on subject populations in Africa and Asia and to generate propaganda for the public in Europe where a visual economy of violence was rapidly taking shape At the same time it reveals how photographs could escape the intentions of their creators offering a means for colonial subjects to push back against oppression

The Mission of Vincent Benedetti to Berlin 1864-1870 Willard Allen Fletcher, 2012-12-06 The historical significance of the period 1864-1870 epitomized by the establishment of Prussian hegemony in Germany has been perpetuated in numerous studies The diplomatic history of these decisive years has proven especially fascinating for the fundamental changes in Germany's political frame had a momentous influence upon the course of European history The war of 1866 destroyed the last vestiges of Austrian supremacy in Germany and inaugurated a reorganization under Prussian domination The international repercussions of this transformation in the heart of Europe are fully reflected in the diplomacy of the period in view of the disruptive effect upon the existing power equilibrium The manner in which Napoleon III and his government reacted to the events was of crucial portent for the future of his empire An inquiry into Ambassador Benedetti's mission to Berlin contributes materially to an understanding of imperial diplomacy primarily as related to Prussia in this critical period The present study was suggested by Dr Lynn M Case and began to take shape in his seminars on European diplomatic history Benedetti's constant association with French diplomacy between 1864 and 1870 seemed to warrant a detailed and critical examination of his mission Despite the advent of the telegraph diplomatic representatives continued to form an important part of the diplomatic apparatus and Benedetti was no exception Past studies based exclusively on his career are very few Frensdorff's *Preussische Jahrbucher* article appeared shortly after the outbreak of the war in 1870

Reproductive Citizens Nimisha Barton, 2020-09-15 In the familiar tale of mass migration to France from 1880 onward we know very little about the hundreds of thousands of women who formed a critical part of those migration waves In *Reproductive Citizens* Nimisha Barton argues that their relative absence in the historical record hints at a larger and more problematic oversight the role of sex and gender in shaping the experiences of migrants to France before the Second World War Barton's compelling history of social citizenship demonstrates how through the routine application of social policies state and social actors worked separately toward a shared goal repopulating France with immigrant families Filled with voices gleaned from census reports municipal statistics naturalization dossiers court cases police files and social worker registers *Reproductive Citizens* shows how France welcomed foreign born men and women mobilizing naturalization family law social policy and welfare assistance to ensure they would procreate bearing French assimilated children

Immigrants often embraced these policies because they too stood to gain from pensions family allowances unemployment benefits and French nationality By striking this bargain they were also guaranteed safety and stability on a tumultuous continent Barton concludes that in return for generous social provisions and refuge in dark times immigrants joined the French nation through marriage and reproduction breadwinning and child rearing in short through families and family making which made them more French than even formal citizenship status could

Anti-Imperial Metropolis Michael Goebel, 2015-08-25 The book examines the social life of non Europeans in Paris in the 1920s and 1930s and describes the political outgrowths of their migration to France It argues that this migration was crucial for decolonization and the rise of a Third World consciousness after World War II

La pénétration allemande du Moyen-Orient 1919-1939 A. Fleury, 2024-09-02

National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1965

The Colonial Origins of Modern Social Thought George Steinmetz, 2025-02-25 A new history of French social thought that connects postwar sociology to colonialism and empire In this provocative and original retelling of the history of French social thought George Steinmetz places the history and development of modern French sociology in the context of the French empire after World War II Connecting the rise of all the social sciences with efforts by France and other imperial powers to consolidate control over their crisis ridden colonies Steinmetz argues that colonial research represented a crucial core of the nascent academic discipline of sociology especially between the late 1930s and the 1960s Sociologists who became favored partners of colonial governments were asked to apply their expertise to such social problems as detribalization urbanization poverty and labor migration This colonial orientation permeated all the major subfields of sociological research Steinmetz contends and is at the center of the work of four influential scholars Raymond Aron Jacques Berque Georges Balandier and Pierre Bourdieu In retelling this history Steinmetz develops and deploys a new methodological approach that combines attention to broadly contextual factors dynamics within the intellectual development of the social sciences and sociology in particular and close readings of sociological texts He moves gradually toward the postwar sociologists of colonialism and their writings beginning with the most macroscopic contexts which included the postwar reoccupation of the French empire and the turn to developmentalist policies and the resulting demand for new forms of social scientific expertise After exploring the colonial engagement of researchers in sociology and neighboring fields before and after 1945 he turns to detailed examinations of the work of Aron who created a sociology of empires Berque the leading historical sociologist of North Africa Balandier the founder of French Africanist sociology and Bourdieu whose renowned theoretical concepts were forged in war torn late colonial Algeria

American by Degrees Robert J. Young, 2009-10 A personal and cultural portrait of Ambassador Jules Jusserand who provided a vital link between France and the United States before during and after the First World War
