*The General Chapter in a Religious Institute* Elizabeth M. Cotter, 2008 This book examines the historical antecedents of the concept of general chapter the supreme authority in an institute of consecrated life This provides the basis for an examination of the contemporary understanding of the nature of its power and authority as portrayed in the 1983 Code of Canon Law The general chapter is analysed in terms of its juridic status collegial nature participative character and representative function as well as its dynamic aspects and faith dimension The author applies the findings to one institute of consecrated life Institute of the Blessed Virgin Mary Loreto Branch This application provides an example of the challenges inherent in working participatively and collaboratively within a hierarchical structure Because consecrated life has an inalienable ecclesial dimension understanding authority and power and their exercise in institutes of consecrated life has relevance for understanding authority and its exercise in other organs of authority at all levels in the church

**the Great Unraveling** Alan J. Roxburgh,2021-05-06 The awareness that the churches shaped out of the European Reformations are in an advanced process of unraveling is becoming increasingly sensed by many This book proposes a way of addressing this unraveling based on the experiences and knowledge of people who have always had to struggle with the unraveling of their own communities and worlds It takes us outside the circular conversations of the Euro tribal churches into dialogue with people who have been marginalized to see how they have learned to reenter their formative stories to discover ways of remaking themselves in the unraveling The book then turns these discoveries into ways the churches can engage their own massive unraveling **The Evolution of a Vow** Judith Schaefer,2009 For centuries the vow of obedience

has been at the heart of religious life With the renewal efforts of Vatican II the vow has been dramatically restructured but not theologically re envisioned The Evolution of a Vow Obedience as Decision Making in Communion addresses the changes in the vow and proposes a renewed theology that supports the living out of obedience in the twenty first century Obedience in communion as a theological proposal invites vowed religious to create a pattern of limitless listening that everywhere seeks the call of God to communion Against the horizon of communion obedience becomes the singular thread of grace by which vowed religious become who they are called to be *Beyond the Altar* Christine L.M. Gervais,2018-04-26 *Beyond the Altar* illustrates how women religious overcome sexist subjugation by side stepping the patriarchal power of the Roman Catholic Church This book counters the stereotypical image of Catholic nuns as being loyally compliant with their church by showing how a number of current and former women religious in Canada challenge their institutional religion s precepts and engage in transformative strategies to effect change both within and outside the Roman Catholic Church The sisters testimonials reveal never before shared details about their painful experiences of male domination their courageous efforts to move beyond such sexist stifling and the women led and women centered spiritual governance and activist practices they have engendered in the late twentieth and early twenty first centuries Featuring many examples of the sisters resourcefulness resilience and resistance this book fills a void in international scholarship on what Canadian Catholic women religious have endured and accomplished Through interviews and in depth accounts of the complexities and nuances present in the current and former sisters lives readers will discover their steadfast indomitability as they strategically and sometimes subversively innovate their spiritual spaces **Veiled Desires** Maureen Sabine,2013-08 *Veiled Desires* is the first full

length study of the film nun to trace the shifting features of her screen representation in twelve or more postwar films that

span a sixty year period It not only situates them within the changing history of modern women religious but employs an inter disciplinary perspective to argue that the film nun projects a complex and often vexed portrait of both traditional religious and modern female desires

**Sisters in Crisis** Ann Carey Schmiedeler, 2013-06-11 Fifty years ago nearly 200 000 religious sisters worked in Catholic schools hospitals and other institutions throughout the United States American Catholics honored these women of faith who founded and built these flourishing works of mercy Then came the ideological shifts and moral upheavals of the 1960s and ever since most women s orders in the United States have been in a state of crisis Now the sisters are aging with fewer and fewer younger women to take their place Perhaps related to this demographic shift is the continuing doctrinal confusion that has come under the scrutiny of the Vatican Using the archival records of the Leadership Conference of Women Religious and other prominent groups of sisters journalist and author Ann Carey shows how feminist activists unraveled American women s religious communities from their leadership positions in national organizations and large congregations She also explains the recent and necessary interventions by the Vatican After examining the many forces that have contributed to the crisis Carey reports on a promising sign of renewal in American religious life the growing number of young women attracted to older communities that have retained their identity and newly formed yet traditional congregations

*Double Crossed* Kenneth Briggs, 2007-12-18 This groundbreaking expos of the mistreatment of nuns by the Catholic Church reveals a history of unfulfilled promises misuse of clerical power and a devastating failure to recognize the singular contributions of these religious women The Roman Catholic Church in America has lost nearly 100 000 religious sisters in the last forty years a much greater loss than the priesthood While the explanation is partly cultural contemporary women have more choices in work and life Kenneth Briggs contends that the rapid disappearance of convents can be traced directly to the Church s betrayal of the promises of reform made by the Second Vatican Council In *Double Crossed* Briggs documents the pattern of marginalization and exploitation that has reduced nuns to second even third class citizens within the Catholic Church America s religious sisters were remarkable adventurous women They educated children managed health care of the sick and reached out to the poor and homeless They went to universities and into executive chairs Their efforts and successes however brought little appreciation from the Church which demeaned their roles deprived them of power and placed them under the absolute authority of the all male clergy Replete with quotations from nuns and former nuns *Double Crossed* uncovers a dark secret at the heart of the Catholic Church Their voices and Briggs s research provide

compelling insights into why the number of religious sisters has declined so precipitously in recent decades and why unless reforms are introduced nuns may vanish forever in America      **Finding the Treasure** Sandra Marie Schneiders, 2000
