## **Rewriting Old English In The Twelfth Century:**

**Rewriting Old English in the Twelfth Century** Mary Swan, Elaine M. Treharne, 2000-08-15 Ten essays on the study of Old English texts in the twelfth century first published in 2000

**A New Literary History of the Long Twelfth Century** Mark Faulkner, 2022-07-28 A New Literary History of the Long Twelfth Century offers a new narrative of what happened to English language writing in the long twelfth century the period that saw the end of the Old English tradition and the beginning of Middle English writing It discusses numerous neglected or unknown texts focusing particularly on documents chronicles and sermons To tell the story of this pivotal period it adopts approaches from both literary criticism and historical linguistics finding a synthesis for them in a twenty first century philology It develops new methodologies for addressing major questions about twelfth century texts including when they were written how they were read and their relationship to earlier works Essential reading for anyone interested in what happened to English after the Norman Conquest this study lays the groundwork for the coming decade s work on transitional English

**The Linguistic Past in Twelfth-Century Britain** Sara Harris, 2017-10-12 This book shows how depictions of etymology were used by twelfth century poets translators bureaucrats and historians to portray Britain s past

**The Long Twelfth-Century View of the Anglo-Saxon Past** Martin Brett, David A. Woodman, 2016-03-03 Scholars have long been interested in the extent to which the Anglo Saxon past can be understood using material written and produced in the twelfth century and simultaneously in the continued importance or otherwise of the Anglo Saxon past in the generations following the Norman Conquest of England In order to better understand these issues this volume provides a series of essays that moves scholarship forward in two significant ways Firstly it scrutinises how the Anglo Saxon past continued to be reused and recycled throughout the longue dur e of the twelfth century as opposed to the early decades that are usually covered Secondly by bringing together scholars who are experts in various different scholarly disciplines the volume deals with a much broader range of historical linguistic legal artistic palaeographical and cultic evidence than has hitherto been the case Divided into four main parts The Anglo Saxon Saints Anglo Saxon England in the Narrative of Britain Anglo Saxon Law and Charter and Art history and the French Vernacular it scrutinises the majority of different genres of source material that are vital in any study of early medieval British history In so doing the resultant volume will become a standard reference point for students and scholars alike interested in the ways in which the Anglo Saxon past continued to be of importance and interest throughout the twelfth century

**The Cambridge Companion to the Age of William the Conqueror** Benjamin Pohl, 2022-06-09 Offers a comparative cultural history of north western Europe in the crucial period of the eleventh century

**The European Book in the Twelfth Century** Erik Kwakkel, Rodney Thomson, 2018-07-26 The long twelfth century 1075 1225 was an era of seminal importance in the development of the book in medieval Europe and marked a high point in its construction and decoration This comprehensive study takes the cultural changes that occurred during the twelfth century Renaissance as its

point of departure to provide an overview of manuscript culture encompassing the whole of Western Europe Written by senior scholars chapters are divided into three sections the technical aspects of making books the processes and practices of reading and keeping books and the transmission of texts in the disciplines that saw significant change in the period including medicine law philosophy liturgy and theology Richly illustrated the volume provides the first in depth account of book production as a European phenomenon Reversing Babel Bruce R. O'Brien, 2011-04-01 Reversing Babel Translation among the English during an Age of Conquests c 800 to c 1200 starts with a small puzzle Why did the Normans translate English law the law of the people they had conquered from Old English into Latin Solving this puzzle meant asking questions about what medieval writers thought about language and translation what created the need and desire to translate and how translators went about the work These are the questions Reversing Babel attempts to answer by providing evidence that comes from the world in which not just Norman translators of law but any translators of any texts regardless of languages did their translating Reversing Babel reaches back from 1066 to the translation work done in an earlier conquest a handful of important works translated in the ninth century in response to the alleged devastating effect of the Viking invasions and carries the analysis up to the wave of Anglo French translations created in the late twelfth century when England was a part of a large empire ruled by a king from Anjou who held power not only in western France from Normandy in the north to the Pyrenees in the south but also in Ireland Scotland and Wales In this longer and wider view the impact of political events on acts of translation is more easily weighed against the impact of other factors such as geography travel trade community trends in learning ideas about language and habits of translation These factors colored the contact situations created in England between speakers and readers of different languages during perhaps the most politically unstable period in English history The variety of medieval translation among the English and among those translators working in the greater empires of Cnut the Normans and the Angevins is remarkable Reversing Babel does not try to describe all of it rather it charts a course through the evidence and tries to answer the fundamental questions medieval historians should ask when their sources are

**A Companion to Ælfric** Hugh Magennis, Mary Swan, 2009 This collection provides a new authoritative and challenging study of the life and works of Ælfric of Eynsham the most important vernacular religious writer in the history of Anglo Saxon England

**The Oxford Handbook of Medieval Literature in English** Elaine Treharne, Greg Walker, William Green, 2010-04-15 Bringing together the insights of new fields and approaches with those of more familiar texts and methods this handbook provides a comprehensive overview of the state of Medieval Literature today It discusses texts such as Beowulf Wulf and Eadwacer and Ancrene Wisse and authors from Ælfric to Chaucer Langland and the Gawain Poet **Balaam's Ass:**

**Vernacular Theology Before the English Reformation** Nicholas Watson, 2022-06-21 For over seven hundred years bodies of writing in vernacular languages served an indispensable role in the religious and intellectual culture of medieval Christian England yet the character and extent of their importance have been insufficiently recognized A longstanding identification of

medieval western European Christianity with the Latin language and a lack of awareness about the sheer variety and quantity of vernacular religious writing from the English Middle Ages have hampered our understanding of the period exercising a tenacious hold on much scholarship Bringing together work across a range of disciplines including literary study Christian theology social history and the history of institutions Balaam s Ass attempts the first comprehensive overview of religious writing in early England s three most important vernacular languages Old English Insular French and Middle English between the ninth and sixteenth centuries Nicholas Watson argues not only that these texts comprise the oldest continuous tradition of European vernacular writing but that they are essential to our understanding of how Christianity shaped and informed the lives of individuals communities and polities in the Middle Ages This first of three volumes lays out the long post Reformation history of the false claim that the medieval Catholic Church was hostile to the vernacular It analyzes the complicated idea of the vernacular a medieval innovation instantiated in a huge body of surviving vernacular religious texts Finally it focuses on the first long generation of these writings in Old English and early Middle English

**Travelling Texts - Texts Travelling** Renate Bauer,Christine Elswailer,Ulrike Krischke,Kerstin Majewski,2023-11-08 This Gedenkschrift celebrates the memory of Professor Hans Sauer and his passion for travelling The contributions in this volume explore different kinds of textual and temporal travels from various linguistic literary and philological perspectives

*Language and Culture in Medieval Britain* Jocelyn Wogan-Browne,2013 The essays in this volume form a new cultural history focused round but not confined to the presence and interactions of francophone speakers writers readers texts and documents in England from the 11th to the later 15th century **The Psalms and Medieval English Literature** Tamara Atkin,Francis Leneghan,2017 An examination of how The Book of Psalms shaped medieval thought and helped develop the medieval English literary canon The Book of Psalms had a profound impact on English literature from the Anglo Saxon to the late medieval period This collection examines the various ways in which they shaped medieval English thought and contributed to the emergence of an English literary canon It brings into dialogue experts on both Old and Middle English literature thus breaking down the traditional disciplinary binaries of both pre and post Conquest English and late medieval and Early Modern as well as emphasizing the complex and fascinating relationship between Latin and the vernacular languages of England Its three main themes translation adaptation and voice enable a rich variety of perspectives on the Psalms and medieval English literature to emerge TAMARA ATKIN is Senior Lecturer in Late Medieval and Early Renaissance Literature at Queen Mary University of London FRANCIS LENECHAN is Associate Professor of OldEnglish at The University of Oxford and a Fellow of St Cross College Oxford Contributors Daniel Anlezark Mark Faulkner Vincent Gillespie Michael P Kuczynski David Lawton Francis Leneghan Jane Roberts Mike Rodman Jones Elizabeth Solopova Lynn Staley Annie Sutherland Jane Toswell Katherine Zieman **A Companion to British Literature, Volume 1** Heesok Chang,Robert DeMaria, Jr.,Samantha Zacher,2013-12-13 A Companion to British Literature Medieval Literature 700 1450

**Dative External Possessors in Early English** Cynthia L. Allen, 2019 This volume is the first systematic corpus based examination of the development of dative external possessors in Old and Early Middle English It draws on empirical data and recent developments in linguistic theory to evaluate language internal and language contact based explanations for the loss of these constructions in Middle English

**Royal Responsibility in Anglo-Norman Historical Writing** Emily Anne Winkler, 2017 It has long been established that the crisis of 1066 generated a florescence of historical writing in the first half of the twelfth century Emily A Winkler presents a new perspective on previously unqueried matters investigating how historians individual motivations and assumptions produced changes in the kind of history written across the Conquest She argues that responses to the Danish Conquest of 1016 and the Norman Conquest of 1066 changed dramatically within two generations of the latter conquest Repeated conquest could signal repeated failures and sin across the orders of society yet early twelfth century historians in England not only extract English kings and people from a history of failure but also establish English kingship as a worthy office on a European scale Royal Responsibility in Anglo Norman Historical Writing illuminates the consistent historical agendas of four historians William of Malmesbury Henry of Huntingdon John of Worcester and Geoffrey Gaimar In their narratives of England's eleventh century history these twelfth century historians expanded their approach to historical explanation to include individual responsibility and accountability within a framework of providential history In this regard they made substantial departures from their sources These historians share a view of royal responsibility independent both of their sources primarily the Anglo Saxon Chronicle and of any political agenda that placed English and Norman allegiances in opposition Although the accounts diverge widely in the interpretation of character all four are concerned more with the effectiveness of England's kings than with the legitimacy of their origins Their new shared view of royal responsibility represents a distinct phenomenon in England's twelfth century historiography

**Ashgate Critical Essays on Early English Lexicographers** Christine Franzen, 2017-03-02 The teaching of Latin remained important after the Conquest but Anglo Norman now became a language of instruction and from the thirteenth century onwards a language to be learned During this period English lexicographers were more numerous more identifiable and their works more varied for example the tremulous hand of Worcester created an Old English Latin glossary and Walter de Bibbesworth wrote a popular contextualized verse vocabulary of Anglo Norman country life and activities The works and techniques of Latin scholars such as Adam of Petit Point Alexander Nequam and John of Garland were influential throughout the period In addition grammarians and schoolmasters books preserve material which in some cases seems to have been written by them The material discussed ranges from a twelfth century glossary written at a minor monastic house to four large alphabetical fifteenth century dictionaries some of which were widely available Some material seems to connect with the much earlier Old English glossaries in ways not yet fully understood

**Aspects of knowledge** Marilina Cesario, Hugh Magennis, 2018-04-13 This edited collection explores how knowledge was preserved and reinvented in the Middle Ages

Rather than focusing on a historical period or specific cultural and historical events it eschews traditional categories of periodisation and discipline establishing connections and cross sections between different departments of knowledge The essays cover the period from the eighth to the fifteenth centuries examining the history of science computus prognostication the history of art literature theology homilies prayers hagiography contemplative texts music historiography and geography Aspects of knowledge is aimed at an academic readership including advanced undergraduate and postgraduate students as well as specialists in medieval literature history of science history of knowledge geography theology music philosophy intellectual history history of language and material culture

Smith,2023-05-31 Medieval Literature Criticism and Debates combines classic critical essays alongside new voices and approaches highlighting vibrant debates on medieval literature that will continue to shape critical conversations for the coming decades Holly A Crocker and D Vance Smith present a fascinating collection of essays from leading contemporary scholars of medieval literature and culture examining topics including gender sexuality politics belief language nationhood science and desire The volume sheds light on critical discussions of the medieval period and shows the continuing relevance and vivacity of Medieval English literature in the twenty first century Each section is thoroughly introduced and the essays develop various debates in key areas providing a springboard for readers to establish their own study arguments and opinions Further reading sections make this volume an accessible and important resource for those studying literature from the Medieval period and beyond Contributors Anthony Bale Sarah Beckwith Anke Bernau Glenn Burger Ardis Butterfield Christopher Cannon Christine Chism Lisa H Cooper Susan Crane Holly A Crocker George Edmondson Ruth Evans Sylvia Federico Laurie Finke Aranye Fradenburg Frank Grady Richard Firth Green Patricia Clare Ingham Hannah Johnson Steven Justice David Lawton Robert Mills J Allan Mitchell Nicholas Perkins Tison Pugh Elizabeth Robertson Kellie Robertson Jessica Rosenfeld Sarah Salih Corinne Saunders Martin Shichtman D Vance Smith Emily Steiner Jennifer Summit Stephanie Trigg Marion Turner David Wallace Angela Jane Weisl Nicolette Zeeman

Living Through Conquest Elaine Treharne,2012-07-06

Oxford Textual Perspectives is a new series of informative and provocative studies focused upon literary texts conceived of in the broadest sense of that term and the technologies cultures and communities that produce inform and receive them It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies By engaging with the materiality of the literary text its production and reception history and frequently testing and exploring the boundaries of the notion of text itself the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well known works Living through Conquest is the first ever investigation of the political clout of English from the reign of Cnut to the earliest decades of the thirteenth century It focuses on why and how the English language was used by kings and their courts and by leading churchmen and monastic institutions at key moments from 1020 to 1220 English became the language of choice of a usurper king the language of collective endeavour

for preachers and prelates and the language of resistance and negotiation in the post Conquest period Analysing texts that are not widely known such as Cnut's two Letters to the English of 1020 and 1027 Worcester's Confraternity Agreement and the Eadwine Psalter alongside canonical writers like Ifric and Wulfstan Elaine Treharne demonstrates the ideological significance of the native vernacular and its social and cultural relevance alongside Latin and later French While many scholars to date have seen the period from 1060 to 1220 as a literary lacuna as far as English is concerned this book demonstrates unequivocally that the hundreds of vernacular works surviving from this period attest to a lively and rich textual tradition Living Through Conquest addresses the political concerns of English writers and their constructed audiences and investigates the agenda of manuscript producers from those whose books were very much in the vein of earlier English codices to those innovators who employed English precisely to demonstrate its contemporaneity in a multitude of contexts and for a variety of different audiences
