Rhetoric A Tradition In Transition:

Rhetoric Walter R. Fisher, 1974 *Rhetoric: a Tradition in Transition* Donald Cross Bryant, 1974 **St. Paul's Theology of Proclamation** A. Duane Litfin, 1994-02-24 A book which puts an entirely new perspective on the manner in which Paul operated as a preacher *Rhetorical Agendas* Patricia Bizzell, 2006-04-21 This volume represents current theory and research in rhetoric across disciplines and is of interest to scholars and students in rhetoric studies in speech communication English and related disciplines *Landmark Essays on Rhetoric and Literature* Craig Kallendorf, 2017-10-03 The studies of rhetoric and literature have been closely connected on the theoretical level ever since antiquity and many great works of literature were written by men and women who were well versed in rhetoric It is therefore well worth investigating exactly what these writers knew about rhetoric and how the practice of literary criticism has been enriched through rhetorical knowledge The essays reprinted here have been arranged chronologically with two essays selected for each of six major periods Antiquity the Middle Ages the Renaissance including Shakespeare the 17th century the 18th century and the 19th and 20th centuries Some are more theoretically oriented whereas others become exercises in practical criticism Some cover well trod ground whereas others turn to parts of the rhetorical tradition that are often overlooked Scholars in the field should benefit from having this material collected together and reprinted in one volume but the essays included here will also be useful to graduate students and advanced undergraduates for course work and general reading Students of rhetoric seeking to understand how the principles of their field extend into other forms of communication will find this volume of interest as will students of literature seeking to refine their understanding of the various modes of literary criticism **What is the New Rhetoric?** Susan E. Thomas, 2009-03-26 The Age of Information has spawned a critical focus on human communication in a multimedia world particularly on theories and practices of writing With the worldwide web impacting increasingly on academic and business communication the need has never been greater for advanced study in writing communication and critical thinking across all genres sectors and cultures In recent decades the definitions of new rhetoric have expanded to encompass a variety of theories and movements raising the question of how rhetoric is understood and employed in the twenty first century The essays collected here represent variations on these themes with each attempting to answer the title's deliberately provocative question addressing particularly How the classical art of rhetoric is still relevant today How it is directly related to modern technologies and the new modes of communication they have generated How rhetorical practice is informing research methodologies and teaching and learning practices in the contemporary academy **Remaking Transitional Justice in the United States** James Edward Beitler III, 2012-11-09 Remaking Transitional Justice in the United States The Rhetoric of the Greensboro Truth and Reconciliation Commission explores rhetorical attempts to authorize the Greensboro Truth and Reconciliation Commission a grassroots U S based truth commission created in 2004 to redress past injustices in the city Through detailed rhetorical analyses the book

demonstrate that the development of the field of transitional justice has given rise to a transnational rhetorical tradition that provides those working in the field with series of enabling constraints The book then shows how Greensboro stakeholders attempted to reaccentuate this rhetorical tradition in their rhetorical performances to construct authority and bring about justice even as the tradition shaped their discourse in ways that limited the scope of their responses Calling attention to the rhetorical interdependence among practitioners of transitional justice this study offers insights into the development of transitional justice in the United States and in grassroots contexts in other liberal democracies The volume is a relevant guide to scholars and practitioners of transitional justice as it brings into relief mechanisms of transitional justice that are frequently overlooked namely rhetorical mechanisms It also speaks to any readers who may be interested in the communicative strategies tactics that may be employed by grassroots transitional justice initiatives

The Rhetorical Rise and Demise of "Democracy" in Russian Political Discourse, Volume 3 David Cratis Williams, Marilyn J. Young, Michael K. Launer, 2024-02-20 In Volume Three of this four volume series we examine the rhetorical development that occurred during the first two terms of Vladimir Putin's tenure as president of the Russian Federation Initially Putin appeared to follow in the path set by his predecessor Boris Yeltsin vowing that Russia was at heart a European nation and would be a westward facing democracy going forward He even mentioned partnering with the EU and NATO Eight years later at the 2007 Munich Security Conference Putin excoriated the West for in his words attempting to create a unipolar world in which NATO expansion threatened Russia's security the United States acted as the world's sole hegemon and Europe simply followed orders relinquishing any sense of agency in its own affairs

Rhetoric at the Boundaries Bruce W. Longenecker, 2005 In *Rhetoric at the Boundaries* Bruce W Longenecker explores the way in which New Testament authors used an ancient rhetorical device to effect smooth transitions both large and small His study demonstrates how recognition of this rhetorical technique proves decisive for New Testament interpretation Longenecker accomplishes this by examining the evidence for chain link interlocks in a variety of ancient sources including the Hebrew scriptures Jewish and Roman authors of the Graeco Roman world and the Graeco Roman rhetoricians He then applies the results of the survey to fifteen problematic passages of the New Testament In each case Longenecker establishes the presence of chain link interlock and highlights the structural literary and theological significance of the rhetorical device for New Testament interpretation

Writing Histories of Rhetoric Victor J. Vitanza, 2013-11-01 This collection of essays edited by Victor J Vitanza is a historiography of rhetoric summarizing what has recently been accomplished in the revision of traditional histories of rhetoric and discussing what might be accomplished in the future Featuring a variety of approaches classical revisionary and avant garde it includes articles by Janet M Atwill James A Berlin William A Covino Sharon Crowley Hans Kellner John Poulakos Takis Poulakos John Schilb Jane Sutton Kathleen Ethel Welch Lynn Worsham and Victor J Vitanza In the first essay Sharon Crowley identifies the major players and primary issues in a chronological narrative of the debate about the writing of the history of rhetoric that

has arisen between traditionalists essentialists and revisionists constructionists In recent years traditionalists have demanded a more complete and accurate history while revisionists have sought a critical understanding of the various epistemological ideological grounds upon which a history of rhetoric had been and could be constructed Revisionists in their search for multiple contestatory histories have begun to critique one another breaking into two general groups one favoring a political social program the other resisting and disrupting such an approach Vitanza echoes Crowley's review of this ongoing debate by asking a crucial question What exactly does it mean to be a revisionist historian By combining the disintegration of various revisionist and subversive positions into a communal we he asks an additional question Who is the we writing histories of rhetoric The essays that follow give a rich answer to Vitanza's questions They bring the writing of histories of rhetoric into the larger area of postmodern theory raising neglected issues of race gender and class Written with a variety of intentions some of the essays are expository and highly argumentative while others are manifestos innovative and far reaching in tone Still others are summaries and background studies providing useful information to both the novice student and the experienced scholar This book situated at a juncture between two disciplines composition studies and speech will be a landmark collection for many years

The Rhetoric of Western Thought James L. Golden, 2003

The Viability of the Rhetorical Tradition Richard Graff, Arthur E. Walzer, Janet M. Atwill, 2012-02-01 The Viability of the Rhetorical Tradition reconsiders the relationship between rhetorical theory practice and pedagogy Continuing the line of questioning begun in the 1980s contributors examine the duality of a rhetorical canon in determining if past practice can make us more or less able to address contemporary concerns Also examined is the role of tradition as a limiting or inspiring force rhetoric as a discipline rhetoric's contribution to interest in civic education and citizenship and the possibilities digital media offer to scholars of rhetoric

The Epistemic Music of Rhetoric Steven B. Katz, 1996 Katz English North Carolina State U examines the correlation between Reader Response Criticism and the philosophy of science engendered by the Copenhagen School of New Physics and assesses the scientific empiricism that controls the parameters of reading and writing theory to look at the possibility of teaching reading and writing as rhetorical music He reinterprets Cicero's rhetorical theory in light of recent revisionist scholarship and sketches a temporal model of affective response in reading and writing Annotation copyright by Book News Inc Portland OR

The Handbook of Organizational Rhetoric and

Communication Oyvind Ihlen, Robert L. Heath, 2018-05-10 A one stop source for scholars and advanced students who want to get the latest and best overview and discussion of how organizations use rhetoric While the disciplinary study of rhetoric is alive and well there has been curiously little specific interest in the rhetoric of organizations This book seeks to remedy that omission It presents a research collection created by the insights of leading scholars on rhetoric and organizations while discussing state of the art insights from disciplines that have and will continue to use rhetoric Beginning with an introduction to the topic The Handbook of Organizational Rhetoric and Communication offers coverage of the foundations and macro

Rhetorical Delivery as Technological Discourse Ben McCorkle, 2012-01-19 According to Ben McCorkle the rhetorical canon of delivery traditionally seen as the aspect of oratory pertaining to vocal tone inflection and physical gesture has undergone a period of renewal within the last few decades to include the array of typefaces color palettes graphics and other design elements used to convey a message to a chosen audience McCorkle posits that this redefinition while a noteworthy moment of modern rhetorical theory is just the latest instance in a historical pattern of interaction between rhetoric and technology In Rhetorical Delivery as Technological Discourse A Cross Historical Study McCorkle explores the symbiotic relationship between delivery and technologies of writing and communication Aiming to enhance historical understanding by demonstrating how changes in writing technology have altered our conception of delivery McCorkle reveals the ways in which oratory and the tools of written expression have directly affected one another throughout the ages To make his argument the author examines case studies from significant historical moments in the Western rhetorical tradition Beginning with the ancient Greeks McCorkle illustrates how the increasingly literate Greeks developed rhetorical theories intended for oratory that incorporated writerly tendencies diminishing delivery's once prime status in the process Also explored is the near eradication of rhetorical delivery in the mid

fifteenth century the period of transition from late manuscript to early print culture and the implications of the burgeoning print culture during the nineteenth century McCorkle then investigates the declining interest in delivery as technology designed to replace the human voice and gesture became prominent at the beginning of the 1900s Situating scholarship on delivery within a broader postmodern structure he moves on to a discussion of the characteristics of contemporary hypertextual and digital communication and its role in reviving the canon while also anticipating the future of communication technologies the likely shifts in attitude toward delivery and the implications of both on the future of teaching rhetoric Rhetorical Delivery as Technological Discourse traces a long view perspective of rhetorical history to present readers a productive reading of the volatile treatment of delivery alongside the parallel history of writing and communication technologies This rereading will expand knowledge of the canon by not only offering the most thorough treatment of the history of rhetorical delivery available but also inviting conversation about the reciprocal impacts of rhetorical theory and written communication on each other throughout this history

The Structure of Second Corinthians Kei

Hiramatsu,2023-09-07 Hiramatsu Kei examines the literary structure of 2 Corinthians and how it can illuminate understanding of this Pauline letter and its theological message He explores the theoretical foundations of Inductive Bible Study as an approach which focuses on the meaning of biblical texts in their final form by incorporating insights from multifarious methodologies Based on the final form of the letter and its compositional unity he prioritizes the literary context as consequential evidence for interpretation Hiramatsu argues that there are two major components of the literary structure the division of the letter and the identification of major structural relationships within and between the divided parts Thus he proposes that 2 Corinthians consists of seven major segments which coherently develop Paul s discourse pertaining to ministry and discusses the implications regarding his theology of theocentric ministry and that of weakness that arise from a literary investigation Hiramatsu demonstrates that an inductive and integrative approach not only presents a more suitable and helpful literary structure for 2 Corinthians but also illustrates the relevance of such study when seeking to gain understanding of the theological implications of the letter

Ethics in Contact Rhetoric Jon Radwan,Dale Cyphert,Ellen

W. Gorsevski,Omar Swartz,2024-12-15 Ethics in Contact Rhetoric re orients communication theory by centering touch and de centering symbolic acts Inspired by MLK s tradition of nonviolent power a contact orientation highlights the incarnate and immediate ground of communication ethics Ethical interactions are defined as bio relational dances arcing steps of nurture respect justice and too often violence Centering humanity s physical mutuality is a vital move today Communication is a thoroughly interactive art but the West s ancient instrumental tradition of rhetoric and its accompanying utilitarian ethic valorize individual agency over joint action This book re balances rhetorical theory by enabling critique of embodied relational patterns Special emphasis is placed on engaging material injustice and discerning the role of rhetoric in social transformation Critical case studies demonstrate contact rhetoric s rich heuristic and diverse applications

Roman

Rhetoric Richard Leo Enos, 2008-10-17 Greek and Roman traditions dominate classical rhetoric Conventional historical accounts characterize Roman rhetoric as an appropriation and modification of Greek rhetoric particularly the rhetoric that flourished in fifth and fourth centuries BCE Athens However the origins nature and endurance of this Greco Roman relationship have not been thoroughly explained Roman Rhetoric Revolution and the Greek Influence reveals that while Romans did benefit from Athenian rhetoric their own rhetoric was also influenced by later Greek and non Hellenic cultures particularly the Etruscan civilization that held hegemony over all of Italy for hundreds of years before Rome came to power
