

EXEGESIS OF ROMANS

Introduction by Robert P. Conway

Importance of the Book of Romans

Paul's letter gives to the Church of Christ in all generations a clear and comprehensive presentation of the doctrine of salvation by faith. Here the heart and breath of Christianity is defined.

The Epistle of Paul to the Romans is undoubtedly the most powerful human document that has ever been written. It is pure gold from beginning to end. This is the book that lit the fire in Martin Luther's heart and brought about the Protestant Reformation, changing the history of Europe, as well as the world. This is the book that struck home as John Wesley sat in a little chapel in London listening to Luther's Prelude to the Epistle to the Romans. Wesley said his heart was strangely warmed as he heard the truths of Romans set forth. There followed, through him, the great evangelical awakening that saved England from the fate of France and arrested the decay of English life, completely altering the history of the world again.

This is the epistle that burned in the heart of Karl Barth, who in our day set forth some of the mighty truths of this letter and thus captured the theological world, calling it back from the crass, empty liberalism of the nineteenth century, restoring much truth to the churches of Europe. The lives of millions of people who have read the letter to the Romans have been drastically altered (Ray C. Stedman, *The Message of Romans*).

One cannot improve upon Martin Luther's evaluation of this letter. He wrote in the preface of his commentary on Romans:

This Epistle is really the chief part of the New Testament and the very purest Gospel, and is worthy not only that every Christian should know it word for word, by heart, but occupy himself with it every day, as the daily bread of the soul. It can never be read or pondered too much, and the more it is dealt with the more precious it becomes, and the better it tastes.

No writing in the NT is less innovative; none is more universal and eternal. It is characterized by systematic and logical arrangement of its contents, which are profoundly doctrinal. The letter contains sixty-one direct quotations from the OT plus numerous allusions to OT history, types and doctrine. It demonstrates how the NT is a commentary on the OT.

Here Paul coined the vocabulary of Christianity. He expounded the true meaning of Christ's coming, death, resurrection and ascension and revealed the deeper meaning of the OT in light of these events.

It is the most remarkable production of the most remarkable man. It is his heart. It contains his theology, theoretical and practical, for which he lived and died. It gives the clearest and fullest exposition of the doctrines of sin and grace and the best possible solution of the universal dominion of sin and death in the universal redemption by the second Adam (Philip Schaff, *History of the Christian Church*, I:766).

It has been said that this letter has been associated with every great spiritual revival in the history of the Church. Together with Galatians it lay at the foundation of the Reformation. Augustine, Luther, Wesley, and Barth were moved by this message. The greatness of this letter has captured the great and launched far-reaching movements as a result.

Rhetoric and Exegesis in Augustine's Interpretation of Romans 7:24-25a Thomas Fank Martin, 2001 Engaging Augustine on Romans Daniel Patte, Eugene TeSelle, 2003-01-01 Paula Frederiksen explores the ways that Augustine uses a literal interpretation of the Bible to understand the role of Israel Jews and Judaism in his theology of history Thomas F Martin uses Augustine's later works to demonstrate how Augustine reads Romans as he develops his method of discovery or hermeneutics Eugene TeSelle examines the inner conflict that Augustine expresses in his sermons on Romans 7 and 8 Simon Gathercole analyzes the ways that Augustine reads natural law and restored nature in Romans as a result of his conversion John K Riches looks at the impact Augustine's readings have had on Pauline critical studies Using Galatians and Romans Peter J Gorday explores the patristic debate about reading Romans Daniel Patte offers Augustine as a model for the practice of scriptural criticism of the New Testament Finally Krister Stendhal provides a response to the essays

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Augustine's Conversion from Traditional Free Choice to "Non-free Free Will" Kenneth M. Wilson, 2018-05-25 The consensus view asserts Augustine developed his later doctrines ca 396 CE while writing *Ad Simplicianum* as a result of studying scripture His early *De libero arbitrio* argued for traditional free choice refuting Manichaean determinism but his anti Pelagian writings rejected any human ability to believe without God giving faith Kenneth M Wilson's study is the first work applying the comprehensive methodology of reading systematically and chronologically through Augustine's entire extant corpus works sermons and letters 386 430 CE and examining his doctrinal development The author explores Augustine's later theology within the prior philosophical religious context of free choice versus deterministic arguments This analysis demonstrates Augustine persisted in traditional views until 412 CE and his theological transition was primarily due to his prior Stoic Neoplatonic and Manichaean influences

Augustine and Politics John Doody, Kevin L. Hughes, Kim Paffenroth, 2005-01-01 The study of Augustine's political teachings has suffered from a history of misreadings both ancient and modern It is only in recent years that the traditional lines of Augustinian pessimism have been opened to question Scholars have begun to explore the broader lines of Augustine's political thought in his letters and sermons and thus have been able to place his classic text *The City of God* in its proper context The essays in this volume take stock of these recent developments and revisit old assumptions about the significance of Augustine of Hippo for political thought They do so from many different perspectives examining the anthropological and theological

underpinnings of Augustine's thought his critique of politics his development of his own political thought and some of the later manifestations or uses of his thought in the Middle Ages the Renaissance and today This new vision is at once more bracing more hopeful and more diverse than earlier readings could have allowed **A Companion to Augustine** Mark Vessey, 2015-05-26 A Companion to Augustine presents a fresh collection of scholarship by leading academics with a new approach to contextualizing Augustine and his works within the multi disciplinary field of Late Antiquity showing Augustine as both a product of the cultural forces of his times and a cultural force in his own right Discusses the life and works of Augustine within their full historical context rather than privileging the theological context Presents Augustine's life works and leading ideas in the cultural context of the late Roman world providing a vibrant and engaging sense of Augustine in action in his own time and place Opens up a new phase of study on Augustine sensitive to the many and varied perspectives of scholarship on late Roman culture State of the art essays by leading academics in this field **Augustine and the Functions of Concupiscence** Timo Nisula, 2012-08-22 In Augustine and the Functions of Concupiscence Timo Nisula offers a comprehensive analysis of Augustine's developing views of sinful desire The book demonstrates how and why concupiscence became such a pregnant concept in Augustine's theology and philosophy **Augustine's Early Thought on the Redemptive Function of Divine Judgement** Bart van Egmond, 2018-12-06 Augustine's Early Thought on the Redemptive Function of Divine Judgement considers the relationship between Augustine's account of God's judgment and his theology of grace in his early works How does God use his law and the penal consequences of its transgression in the service of his grace both personally and through his agents on earth Augustine reflected on this question from different perspectives As a teacher and bishop he thought about the nature of discipline and punishment in the education of his pupils brothers and congregants As a polemicist against the Manichaeans and as a biblical expositor he had to grapple with issues regarding God's relationship to evil in the world the violence God displays in the Old Testament and in the death of his own Son Furthermore Augustine meditated on the way God's judgment and grace related in his own life both before and after his conversion Bart van Egmond follows the development of Augustine's early thought on judgment and grace from the Cassiacum writings to the Confessions The argument is contextualized both against the background of the earlier Christian tradition of reflection on the providential function of divine chastisement and the tradition of psychagogy that Augustine inherited from a variety of rhetorical and philosophical sources This study expertly contributes to the ongoing scholarly discussion on the development of Augustine's doctrine of grace and to the conversation on the theological roots of his justification of coercion against the Donatists **Gratia in Augustine's Sermones Ad Populum During the Pelagian Controversy** Anthony Dupont, 2012-10-12 Studying the presence of grace in Augustine's sermones ad populum preached during the period of the Pelagian controversy this book explores the anthropological ethical perspective of his doctrine of grace and indicates the continuity in his reflections on grace and human freedom **The T&T Clark Companion to Augustine and Modern**

Theology C.C. Pecknold, Tarmo Toom, 2013-07-18 The T T Clark Companion to Augustine and Modern Theology is both a theological companion to the study of Augustine and a resource for thinking about Augustine's importance in modern theology. Each of the essays brings Augustinian depth to a broad range of contemporary theological concerns. The volume unveils cutting edge Augustinian scholarship for a new generation and at the same time enables readers to see the timely significance of Augustine for today. Each of the essays not only introduces readers to key themes in the Augustinian corpus but also provides readers with fresh interpretations that are fully conversant with the theological problems facing the church in our world today. Designed as both a guide for students and a reference point for scholars it will seek both to outline the frameworks of key Augustinian debates while at all times pushing forward fresh interpretative strategies concerning his thought.

Augustine's Cyprian Matthew Alan Gaumer, 2016-03-17 In Augustine's Cyprian Matthew Gaumer retraces how Augustine of Hippo devised the ultimate strategy to suppress Donatist Christianity an indigenous form of the religion in ancient North Africa. Spanning nearly forty years Augustine's entire clerical career was spent combating the Donatists and seeking the dominance of the Catholic Church in North Africa. Through a variety of approaches Augustine evolved a method to successfully outlaw and deconstruct the Donatist Church's organisation. This hinged on concerted preaching tract writing integrating Roman imperial authorities and critically by denying the Donatists exclusive claim to Cyprian of Carthage. Reappropriation of Cyprian's authority required Augustine and his allies to re-write history and pose positions contrary to Cyprian's. In the end Cyprian was the Donatists no longer.

The Psalms as Christian Lament Bruce K. Waltke, James M. Houston, Erika Moore, 2014-06-06 The Psalms as Christian Lament a companion volume to The Psalms as Christian Worship uniquely blends verse by verse commentary with a history of Psalms interpretation in the church from the time of the apostles to the present. Bruce Waltke, James Houston and Erika Moore examine ten lament psalms including six of the seven traditional penitential psalms covering Psalms 5, 6, 7, 32, 38, 39, 44, 102, 130 and 143. The authors experts in the subject area skillfully establish the meaning of the Hebrew text through careful exegesis and trace the church's historical interpretation and use of these psalms highlighting their deep spiritual significance to Christians through the ages. Though C. S. Lewis called the imprecatory psalms contemptible Waltke, Houston and Moore show that they too are profitable for sound doctrine and so for spiritual health demonstrating that lament is an important aspect of the Christian life.

Grace and the Will According to Augustine Lenka Karfíková, 2012-04-19 The doctrine on grace one of the most discussed themes in his later years was regarded by Augustine as the very core of Christianity. This book traces the gradual crystallisation of this teaching including its unacceptable consequences such as double predestination inherited guilt which deserves eternal punishment and its transmission through libidinous procreation. How did the reader of Cicero and the books of the Platonists reach the ideas that appear in his polemic against Julian and which remind one of Freud rather than the Stoics or Plotinus? That is the point of departure of this book. It surely cannot be expected that there is a definite answer to the question rather the aim is to follow

and understand the development **Paul, Apostle of Liberty** Richard N. Longenecker, 2015-11-15 Paul's teachings are vital to the Christian gospel so the turbulent long running debate over how to interpret Paul's message is crucially important Richard Longenecker's *Paul Apostle of Liberty* has long stood and still stands as a significant constructive evangelical study of Paul's theology especially of the creative tension between law and liberty that runs throughout his thought When this book was originally published in 1964 Longenecker then presciently anticipated several subsequent debates addressing many of the same questions that such scholars as E P Sanders and Richard Hays did years later This second edition of *Paul Apostle of Liberty* includes a substantial foreword by Douglas Campbell and a lengthy addendum by Longenecker discussing the major developments in Paul studies over the past fifty years **Paul, Christian Textuality, and the Hermeneutics of Late Antiquity**, 2023-12-07 The essays in the present volume celebrate the work of Margaret M Mitchell University of Chicago by engaging extending and challenging her ground breaking research in three areas 1 the letters of Paul the Apostle both authentic and pseudepigraphic 2 the emergence and rapid development of early Christian literary culture over the first few centuries of the cult's existence and 3 Late Antique interpretive practices and perspectives particularly among patristic readers of the scriptures *Perspectives on Our Struggle with Sin* Terry L. Wilder, 2011 A point counterpoint discussion of Paul's words about sin in Romans 7 and whether they describe his pre Christian or post conversion self or the broader idea of the human being confronted with the Law **Romans (Catholic Commentary on Sacred Scripture)** Scott W. Yates, Anthony Dupont, 2023-11-06 This second volume delves into the intricate dynamics that surrounded the use of Scripture by North African Christians from the late fourth to the mid seventh century CE It focuses on the multivalent ways in which Scripture was incorporated into the fabric of ecclesial existence and theological reflection as well as on Scripture's role in informing and supporting these Christians decision making processes This volume also highlights the intricate theological and philosophical deliberations that were carried out between and among influential North African Christian leaders and scholars in diverse cultural and geopolitical settings while paying attention to the
