Rhetoric Of Love:

A Rhetoric of Love Douglas M. Jones, 2018 A Rhetoric of Love explores the art of effective persuasive winsome communication It stands in a tradition that stretches back to Aristotle and other Greek and Roman teachers It stands in the classical tradition but it departs from it too A Rhetoric of Love gives practical guidance for a Christian rhetoric It shows the virtue and power of love in our communication with others back cover *Phaedrus* Plato, 1998 Phaedrus is widely recognized as one of Plato's most profound and beautiful works It takes the form of a dialogue between Socrates and Phaedrus and its ostensible subject is love especially homoerotic love Socrates reveals it to be a kind of divine madness that can allow our souls to grow wings and soar to their greatest heights Then the conversation changes direction and turns to a discussion of rhetoric which must be based on truth passionately sought thus allying it to philosophy The dialogue closes by denigrating the value of the written word in any context compared to the living teaching of a Socratic philosopher The shifts of topic and register have given rise to doubts about the unity of the dialogue doubts which are addressed in the introduction to this volume Full explanatory notes also elucidate issues throughout the dialogue that might puzzle a modern reader Jacket

The rhetoric of love Nicolas Putnam Gross, 1972 **The Rhetoric of Love in Lyly's "Euphues and His England" and Sidney's "Arcadia" (1590)** James Eugene O'Hara, 1978 **Ethics in Contact Rhetoric** Jon Radwan, Dale Cyphert, Ellen W. Gorsevski, Omar Swartz, 2024-12-15 Ethics in Contact Rhetoric re orients communication theory by centering touch and de centering symbolic acts Inspired by MLK's tradition of nonviolent power a contact orientation highlights the incarnate and immediate ground of communication ethics Ethical interactions are defined as bio relational dances arcing steps of nurture respect justice and too often violence Centering humanity's physical mutuality is a vital move today Communication is a thoroughly interactive art but the West's ancient instrumental tradition of rhetoric and its accompanying utilitarian ethic valorize individual agency over joint action This book re balances rhetorical theory by enabling critique of embodied relational patterns Special emphasis is placed on engaging material injustice and discerning the role of rhetoric in social transformation Critical case studies demonstrate contact rhetoric's rich heuristic and diverse applications *Loving Resistance and Resistance through Love* Alex Hon Ho Ip, 2022-08-22 The Letter to Philemon is one of the most beautiful rhetorical letters written by Paul and yet at the same time perhaps the most underread letter in the New Testament Paul wrote this letter out of love hoping to persuade the slave master Philemon to choose compassion rather than follow the typical Roman attitudes towards slaves to treat Onesimus as a brother in Christ rather than as an inferior subhuman chattel This letter is not only theologically important but also important in a practical sense because it is more than mere words it is a testimony In order for readers to better appreciate the true depth of the meanings in the letter this book is written in a rather creative way Each chapter begins with a selected scene from the movie Les Misérables to introduce the key theme of the chapter Then the author will interpret the details of the text of the letter and the other relevant texts in the Pauline

corpus The final section of each chapter is a creative story based on the text and historical context The purpose of inventing these creative stories is to help readers better grasp the historical context and most importantly the rhetoric in the letter

Ulmer,2014-07-14 In this work William Ulmer boldly advances our understanding of Shelley s concept of love by exploring eros as a figure for the poet s political and artistic aspirations Applying a combination of deconstructive historicist and psychoanalytic approaches to six major poems Ulmer follows the logic of the writing s rhetoric of love by tracing links between such elements as imagination eros metaphor allegory mirroring repetition death and narcissism Ulmer takes the mutual desire of self and antitype as a paradigm for rhetorical and social relations throughout Shelley and in a significant departure from critical consensus argues that his poetics were predominantly idealist Ulmer demonstrates how the idealism of Shelleyan eros centers on a symbiosis of contraries organized as a dialectical variation of metaphor In so doing he contends that this idealism is both a rhetorical construct and revolutionary agency and traces the failure of Shelley s visionary humanism to the gradual emergence of contradictions latent in his idealism What emerges are new readings of individual texts and a reconsideration of the poet s imaginative development Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Rhetoric of Aristotle Aristotle,1877 **On Rhetoric and Black Music** Earl H.
