Rhymes From The Rough:

Rhymes From the Rough Margaret Kennard,1992-01-01 Rhymes in the Rough from Willoughby W. Webb,1867

Rhymes in the Rough Bessie Williams,1926 Actology Malcolm Torry,2020-07-08 Two streams run through the Western philosophical stream one characterized by Being beings the unchanging the static and the unitary and the other by Action actions the changing the dynamic and the diverse The former might be represented by Parmenides Plato and much of what followed the latter by Heraclitus and by rather less of what followed The book explores the Action stream as it wound its way through history through Heraclitus Plato Aristotle Hegel Maurice Blondel Henri Bergson Pierre Teilhard de Chardin process philosophy and theology Geoffrey Studdert Kennedy Ludwig Wittgenstein and John Boys Smith The journey enables us to create the beginnings of an actology a way of seeing ourselves the universe and God in terms of actions in patterns rather than as beings that change Such an actology offers a complete alternative narrative far more in tune with the diverse and rapidly changing world in which we live than the ontology that has shaped philosophy theology and much else for the past two thousand years *Subversive Peacemakers* Clive Barrett,2014-10-30 The outbreak of the First World War saw an upsurge of patriotism The Church generally saw the war as justified and many clergy encouraged the men in their

congregations to join the army There was however already a strong strand of anti war sentiment opposed to the dominant theology of the Establishment This was partly based on traditional Christian pacifism but included other religious social and political influences Campaigners and conscientious objectors voiced a growing concern about the huge human cost of a conflict seemingly endlessly bogged down in the mud of the Flanders poppy fields *Subversive Peacemakers* recounts the stories of a strong and increasingly organised opposition to war from peace groups to poets from preachers to politicians from women to working men all of whom struggled to secure peace in a militarised and fragmenting society Clive Barrett demonstrates that the Church of England provided an unlikely setting for much of this war resistance Barrett masterfully narrates the story of the peace movement bringing together stories of war resistance until now lost disregarded or undervalued The people involved as well as the dramatic events of the conflict themselves are seen in a new light A

Fourth edition, improved John WALKER (the Philologist.),1824 **Landscapes and Voices of the Great War** Angela K. Smith,Krista Cowman,2017-02-03 This volume aims to provide a wider view of First World War experience through focusing on landscapes less commonly considered in historiography and on voices that have remained on the margins of popular understanding of the war The landscape of the western front was captured during the conflict in many different ways in photographs paintings and print The most commonly replicated voicing of contemporary attitudes towards the war is that of initial enthusiasm giving way to disillusionment and a sense of overwhelming futility Investigations of the many components of war experience drawn from social and cultural history have looked to landscapes and voices beyond the frontline as a means of foregrounding different perspectives on the war Not all of the voices presented here opposed the war and not all of the landscapes were comprised of trenches or flanked by barbed wire Collectively they combine to offer further fresh insights into the multiplicity of war experience an alternate space to the familiar tropes of mud and mayhem **The English Catalogue of Books ...** Sampson Low,1919 Vols for 1898 1968 include a directory of publishers *The English Catalogue of Books ...: 1801-1836.
