

Lesson

2

Rhythm: Differentiate $\frac{2}{4}$, $\frac{3}{4}$, $\frac{4}{4}$, and $\frac{6}{8}$ Time Signatures

Music is measured through the use of time signature. The rhythm of the song depends on the time signature too. The time signature is written at the beginning of the staff after the clef and the key signature.

In the previous lesson, you have learned the different simple time signatures such as $\frac{2}{4}$, $\frac{3}{4}$, and $\frac{4}{4}$. In this lesson, you will learn about a compound time signature with $\frac{6}{8}$ as an example.

What's In

Write the time signature of each rhythmic pattern.
