Hearings United States. Congress. House. Committee on the Judiciary,1934 *Humanae Vitae, 50 Years Later* Theresa Notare,2019-06-28 In the life of the Catholic Church the papal encyclical *Humanae vitae* represents a deepening of understanding regarding the nature of married love and the transmission of life Despite fifty years 1968 2018 since its promulgation many Catholics have yet to discover the treasure of these rich teachings This volume therefore seeks to elucidate the encyclical's reaffirmation of the divine plan It does this in a unique way by providing essays from experts of various disciplines that include history theology science medicine law and governmental policy The occasion of the fiftieth anniversary of *Humanae vitae* offers a teaching moment In this compendium experts representing a variety of disciplines including history culture theology medicine law and psychology present their reflections upon God's divine plan as described in *Humanae vitae* The authors first presented this work in an abbreviated form at a symposium held at The Catholic University of America April 4-6 2018 Here their presentations are substantively developed and hopefully will encourage further scholarly work Ultimately their purpose is to help the reader arrive at a more positive understanding of the teachings found in *Humanae vitae* Although designed for the educated reader the essays presume that when the teachings of *Humanae vitae* are embraced by men and women they can contribute to the healing of the wounds of a world broken by sin but redeemed by Christ

Pius XI and America Charles R. Gallagher,David I. Kertzer,Alberto Melloni,2012 The Vatican's opening of its archives in 2006 for the period of the papacy of Pius XI 1922-1939 has prompted a burst of historical research which is not only shedding new light on the role of the Holy See and the Church in this period of extraordinary political and social turmoil but also on some of the major world events of this period In 2008 a number of institutions created a research network bringing together scholars from different countries who are working in these archives and highlighting its emerging work to the broader scholarly community This book represents the proceedings from a conference of this research network held in Providence Rhode Island at the Brown University in October 2010 Series Christianity and History Series of the John XXIII Foundation for Religious Studies in Bologna Vol 11 As the essays reveal such a historic decision will impact the way that scholars interpret modern church history for years to come Yet as coeditor Charles Gallagher S J reminds us in his introduction the opening will also allow scholars to uncover a history which is not only papal but political cultural economic and global p 17 The Catholic Historical Review Vol 100 No 2 Spring 2014
