False prophets always use scripture out of context to promote their own version of their religion They twist the meaning of each verse so they can imply their own meaning and deceive believers Have you ever been lied to How did you feel after you found out Have you ever lost a bet How about a sports bet How about a bet between you and the devil Don t bet your soul on maybes Check with the Bible before accepting any sermon as true People are too busy to spend hours searching the Bible to find verses of scripture so they can check to see if the scriptures in the sermon were used correctly This book was designed to enable you to locate any chapter and verse quickly so you can check to see if the verses were used correctly or if they were twisted out of context If you use this book you won t need to research for hours or days It will only take minutes to locate many of the most important subjects Holy Scripture does affirm which version of the Bible is the most accurate When can believers expect the Rapture to occur Should believers expect Christ to tarry Will the trodden down of Jerusalem actually be the beginning of the last seven years Did Jesus really offer an escape to believers from the tribulation What does the Bible say about global warming Is carbon dioxide really the cause Will the Jews be at risk of being murdered as they look for their Messiah What did Jesus say about bigfoot hybrids and aliens Why does God allow wars How do you win the battle over your inner voices Why doesn t God answer certain prayers Why does God allow natural disasters to cause so much suffering and pain death and destruction The Bible does tell us when to expect Christ s return How valuable are the Dead Sea Scrolls Does the curse of the second commandment affect you Make sure you spend eternity in heaven with God the Father and his Son Jesus Christ
