## **Rich Mans Virgin:**

**The Rich Man's Virgin** Lindsay Armstrong, 2007-08-01 She was a virgin and he got her pregnant Now Australian millionaire Jack McKinnon wants to marry Maggie Maggie isn't about to let her life be taken over however good Jack makes her feel Only can she really take a stand now she's carrying Jack's baby

**The Rich Man's Virgin** Lindsay Armstrong, Yu Senke, 2014-07-16 Maggie was raised in a wealthy family Lately she's started to feel irritated by the people around her who see her as a spoiled brat no matter how hard she works One day she meets her rival Jack McKinnon Jack started with nothing but he is successful well respected and very handsome Maggie who is usually rebellious is for some reason compliant with Jack She eventually gives up her virginity to him but the following morning Jack tells her the shocking truth

**Virgins, Harlots and Sex** David Chesney, 2011-02-14 AN Earthy Look At Christianity Many biblical terms have a consistent symbolic significance from Genesis to Revelation eg nudity light and darkness virgins harlots Nudity occurs in three of the most significant events in the whole Bible and in every case it is best understood symbolically This book demonstrates that symbolism is so powerful it can for example change the status of Isaiah's virgin birth prophecy from an absurdity to an astonishing fulfilment of prophecy Harlots described in the book as God's warning lights also figure very prominently in the biblical coverage of both Jews and Christians Another key theme is to show that the raw seed concepts of the Hebrew Bible evolve so neatly into the Christian New Testament viewpoint over a 1000 years that readers may conclude uninspired biblical script writers could not have organized it Here are some quotes from the book that introduce intriguing and or provocative new trains of thought

- 1 If you think linking sex with religious experience is a bit rich then you need to do some more Bible study
- 2 Indulgence in adultery is the most obvious of the sins proscribed in the Ten Commandments that could trace directly to hormonal influences
- 3 Should we be joining Haters Anonymous Schadenfreude Anonymous or Egotists Anonymous in order to qualify for a better land and to actually enjoy it
- 4 Some of our excretory functions are less than ideal for a brand new earth the creator team could have done better by us if they wanted to
- 5 It is tacitly assumed God did not conduct experiments in His creation efforts No need He knows the end from the beginning

But Other challenging insights emerge in connection with Lot's use of his daughters as sex sops the possible symbolic significance of the Mosaic decree to cut off a lady's hand if she squeezed testicles the massaging of data in St Matthew's genealogies a religious uncertainty principle and the reason God doesn't do something to stop the frightful things happening in the world This is not a book built on hype and emotion It makes extensive use of scholarly sources but has a light hearted journalistic approach and is easy to read In exploring the spiritual import of sexual issues in nature and revelation it offers fresh perspectives on the bitter creation evolution debate the gross and genocidal behavior of the chosen people the currently unacceptable biblical restrictions on human sexual behavior and the decidedly low key role of women in organized religion Innovative succinct engaging thought provoking and sometimes shocking

**Symbols in Art** James Hall, 2018-05-04 The understanding and enjoyment of a work of art depends as much on the story it depicts as on the artist's execution of it. But what were once biblical or classical commonplaces are not so readily recognizable today. This book relates in a succinct and readable way the themes sacred and secular on which the repertoire of Western art is based. Combined here in a single volume are religious, classical and historical themes, figures of moral allegory and characters from romantic poetry that appeared throughout paintings and sculpture in Western art before and after the Renaissance. More than just a dictionary, this text places these subjects in their narrative, historical or mythological context and uses extensive cross referencing to enhance and clarify the meanings of these themes for the reader. The definitive work by which others are compared, this volume has become an indispensable handbook for students and general appreciators alike. This wholly redesigned second edition includes a new insert of images chosen by the author as well as a new preface and index to highlight the ideas, beliefs and social and religious customs that form the background of much of this subject matter.

*Knowledge and Profanation* Martin Mulsow, Asaph Ben-Tov, 2019-06-17 *Knowledge and Profanation* offers numerous instances of profoundly religious polemicists profanizing other religions *ad maiorem gloriam Dei* as well as sincere adherents of their own religion whose reflective scholarly undertakings were perceived as profanizing transgressions, occasionally with good reason. In the history of knowledge of religion and profanation, unintended consequences often play a decisive role. Can too much knowledge of religion be harmful? Could the profanation of a foreign religion turn out to be a double-edged sword? How much profanating knowledge of other religions could be tolerated in a premodern world? In eleven contributions, internationally renowned scholars analyze cases of learned profanation committed by scholars ranging from the Italian Renaissance to the early nineteenth century as well as several antique predecessors. Contributors are Asaph Ben-Tov, Ulrich Groetsch, Andreas Mahler, Karl Morrison, Martin Mulsow, Anthony Ossa-Richardson, Wolfgang Spickermann, Riccarda Suitner, John Woodbridge, Azzan Yadin and Holger Zellentin.
