transnational celebrity as evidence of their country's cultural power transmuting cultural influence into economic and political power. Meanwhile celebrities who cross borders become potent and contested icons of national identity. At the grassroots level citizens in diverse geographic contexts are becoming increasingly fluent in the global language of celebrity and are mobilizing it in new ways for personal and political projects. Reaching beyond the Global North this book showcases research on transnational celebrity as a technology of soft power and counter hegemonic organizing and as a driver of discourses of race and migration. It also explores self presentation and self branding in the globalized attention economy. This book demonstrates the need for a renewed politicized treatment of the topic of celebrity in its transnational and globalizing reach. The chapters in this book were originally published in the journal Popular Communication.
