Richard Redgrave 1804 1888:

Richard Redgrave, 1804-1888 Richard Redgrave, Susan P. Casteras, Ronald Parkinson, 1988 **Ceramics in the Victorian Era** Rachel Gotlieb, 2023-06-29 This book broadens the discussion of pottery and china in the Victorian era by situating them in the national imperial design reform and domestic debates between 1840 and 1890 Largely ignored in recent scholarship *Ceramics in the Victorian Era Meanings and Metaphors in Painting and Literature* argues that the signification of a pot a jug or a tableware pattern can be more fully discerned in written and painted representations Across five case studies the book explores a rhetoric and set of conventions that developed within the representation of ceramics emerging in the late 18th century and continuing in the Victorian period Each case study begins with a textual passage exemplifying the outlined theme and closes with an object analysis to demonstrate how the fusing of text image and object are critical to attaining the period eye in order to better understand the metaphorical meanings of ceramics Essential reading not only for ceramics scholars but also those of material culture the book mines the rich and diverse archive of Victorian painting and literature from the avant garde to the sentimental from the well known to the more obscure to shed light on the at once complex and simple implications of ceramics agencies at this time Dictionary of National Biography Leslie Stephen, Sir Sidney Lee, 1909 **The Victorians** Jeremy Paxman, 2010-11-23 Jeremy Paxman s unique portrait of the Victorian age takes readers on an exciting journey through the birth of modern Britain Using the paintings of the era as a starting point he tells us stories of urban life family faith industry and empire that helped define the Victorian spirit and imagination To Paxman these paintings were the television of their day and his exploration of Victorian art and society shows how these artists were chronicling a world changing before their eyes This enthralling history is Paxman at his best opinionated informed witty surprising and a glorious reminder of how the Victorians made us who we are today

Developing Visual Arts Education in the United States Mary Ann Stankiewicz, 2016-06-15 This book examines how Massachusetts Normal Art School became the alma mater par excellence for generations of art educators designers and artists The founding myth of American art education is the story of Walter Smith the school s first principal This historical case study argues that Smith s students formed the professional network to disperse art education across the United States establishing college art departments and supervising school art for industrial cities As administrative progressives they created institutions and set norms for the growing field of art education Nineteenth century artists argued that anyone could learn to draw by the 1920s every child was an artist whose creativity waited to be awakened Arguments for systematic art instruction under careful direction gave way to charismatic artist teachers who sought to release artistic spirits The task for art education had been redefined in terms of living the good life within a consumer culture of work and leisure

Feminism and Empire Clare Midgley, 2007-09-28 *Feminism and Empire* establishes the foundational impact that Britain's position as leading imperial power had on the origins of modern western feminism. Based on extensive new research, this study exposes the intimate links between debates on the woman question and the constitution of colonial discourse in order to highlight the centrality of empire to white middle class women's activism in Britain. The book begins by exploring the relationship between the construction of new knowledge about colonised others and the framing of debates on the woman question among advocates of women's rights and their evangelical opponents. Moving on to examine white middle class women's activism on imperial issues in Britain, topics include the anti slavery boycott of Caribbean sugar, the campaign against widow burning in colonial India and women's role in the foreign missionary movement prior to direct employment by the major missionary societies. Finally, Clare Midgley highlights how the organised feminist movement which emerged in the late 1850s linked promotion of female emigration to Britain's white settler colonies to a new ideal of independent English womanhood. This original work throws fascinating new light on the roots of later imperial feminism and contemporary debates concerning women's rights in an era of globalisation and neo imperialism.
