Ewell* Donald C. Pfanz, 2012-12-20 The Letters of General Richard S Ewell provide a sweeping view of the nineteenth century Such chronological breadth makes this volume truly exceptional and important Through Ewell's eyes we see the many worlds of an American people at war His thoughtful observations biting wit and ironic disposition offer readers a chance to rethink the paper thin generalizations of Ewell as a quirky neurotic who simply crumbled under the legacy of Stonewall Jackson from the foreword by Peter S Carmichael Richard S Ewell was one of only six lieutenant generals to serve in Lee's Army of Northern Virginia and of those he was but one of two the other being Stonewall Jackson his predecessor as commander of the Second Corps to have left behind a sizable body of correspondence Forty nine of Ewell's letters were published in 1939 This new volume drawing on more recently available material and scrupulously annotated by Ewell biographer Donald Pfanz offers a much larger collection of the general's missives 173 personal letters 7 official letters 4 battle narratives and 2 memoranda of incidents that took place during the Civil War The book covers the full range of Ewell's career his days at West Point his posting on the western frontier his role in the Mexican War his Civil War service and finally his postwar years managing farms in Tennessee and Mississippi Some historians have judged Ewell harshly particularly for his failure to capture Cemetery Hill on the first day at Gettysburg but Pfanz contends that Ewell was in fact a brilliant combat general whose overall record which included victories at the battles of Cross Keys Second Winchester and Fort Harrison was one of which any commanding officer could be proud Although irritable and often critical of others Ewell's correspondence shows

him to have been generous toward subordinates modest regarding his own accomplishments and upright in both his professional and personal relationships His letters to family and friends are a mixture of wry humor and uncommon sense No one who reads them will view this important general in quite the same way again DONALD C PFANZ is the author of *Richard S Ewell A Soldier's Life Abraham Lincoln at City Point and War So Terrible A Popular History of the Battle of Fredericksburg*

A Soldier's General John C. Oeffinger, 2003-04-03 During his service in the Confederate army Major General Lafayette McLaws 1821-1897 served under and alongside such famous officers as Robert E. Lee, Joseph E. Johnston, James Longstreet, and John B. Hood. He played a significant role in some of the most crucial battles of the Civil War including Harpers Ferry, Antietam, Fredericksburg, Chancellorsville, and Gettysburg. Despite this, no biography of McLaws or history of his division has ever been published. A Soldier's General gathers ninety-five letters written by McLaws to his family between 1858 and 1865, making these valuable resources available to a wide audience for the first time. The letters, painstakingly transcribed from McLaws's notoriously poor handwriting, contain a wealth of opinion and information about life and morale in the Confederate army, Civil War era politics, the Southern press, and the impact of war on the Confederate home front. Among the fascinating threads the letters trace is the story of McLaws's fractured relationship with childhood friend Longstreet, who had McLaws relieved of command in 1863. John Oeffinger's extensive introduction sketches McLaws's life from his beginnings in Augusta, Georgia, through his early experiences in the U.S. Army, his marriage, his Civil War exploits, and his postwar years.

The First Day at Gettysburg Gary W. Gallagher, 1992 Many writers have argued that the Battle of Gettysburg represented the turning point of the Civil War, after which the Confederate fortunes moved inexorably toward defeat. Often overshadowed by more famous events on the second and third days, the initial phase of the contest offers very interesting problems of leadership.

Major General Isaac Ridgeway Trimble Leslie R. Tucker, 2005-07-15 Major General Isaac Ridgeway Trimble, one of the oldest and more eccentric officers involved in the Civil War, made himself a favorite of Stonewall Jackson through his courage and stubborn energy. Born to a Quaker family, Trimble spent his childhood on the American frontier. After graduating from West Point, he served in the Old Army and then involved himself with the growing railroad industry of the 1830s, living at the forefront of American modernization. As the war began, he sided with the South, burning railroad bridges north of Baltimore to deny Washington the support of Union troops, and then moving to Virginia. He enlisted in the Engineers and constructed battery emplacements. Commissioned brigadier general in late 1861, Trimble distinguished himself at Cross Keys, Gaines's Mill, Manassas, and Gettysburg. He was involved in the Baltimore riots and spent time as a prisoner on Johnson's Island. This biography covers Trimble's personal life and career with both the railroad and the military. Simultaneously, it serves as a case study of an American who chose to side with the South. Before the war, Trimble traveled freely between states and showed no early indication of a regional attachment. The work uses Abraham Maslow's motivation model, the hierarchy of needs, to reconcile Trimble's self-interest with his need to belong to a community. It also raises various questions related to Southern history, including community identity, modernization, and the concept of the New South.
