What Becomes a Legend Most Philip Gfelter, 2020-10-13 Wise and ebullient Dwight Garner The New York Times The first definitive biography of Richard Avedon a monumental photographer of the twentieth century from award winning photography critic Philip Gfelter In his acclaimed portraits Richard Avedon captured the iconic figures of the twentieth century in his starkly bold intimately minimal and forensic visual style Concurrently his work for Harper's Bazaar and Vogue transformed the ideals of women's fashion femininity and culture to become the defining look of an era Yet despite his driving ambition to gain respect in the art world during his lifetime he was condescendingly dismissed as a celebrity photographer What Becomes a Legend Most is the first definitive biography of this

luminary an intensely driven man who endured personal and professional prejudice struggled with deep insecurities and mounted an existential lifelong battle to be recognized as an artist Philip Geffer builds on archival research and exclusive interviews with those closest to Avedon to chronicle his story beginning with Avedon's coming of age in New York between the world wars when cultural prejudices forced him to make decisions that shaped the course of his life Compounding his private battles Avedon fought to be taken seriously in a medium that itself struggled to be respected within the art world Geffer reveals how the 1950s and 1960s informed Avedon's life and work as much as he informed the period He counted as close friends a profoundly influential group of artists Leonard Bernstein Truman Capote James Baldwin Harold Brodkey Renata Adler Sidney Lumet and Mike Nichols who shaped the cultural life of the American twentieth century It wasn't until Avedon's fashion work was exhibited at the Metropolitan Museum of Art in the late 1970s that he became a household name Balancing glamour with the gravitas of an artist's genuine reach for worldly achievement and not a little gossip plus sixteen pages of photographs *What Becomes a Legend* Most is an intimate window into Avedon's fascinating world Dramatic visionary and remarkable it pays tribute to Avedon's role in the history of photography and fashion and his legacy as one of the most consequential artists of his time **Richard Avedon Portraits** Richard Avedon, 2002 *The Sixties* Richard Avedon, Doon Arbus, 1999-10-01 The photographer Richard Avedon and the writer Doon Arbus began collaborating on this book thirty years ago The photographs and interviews they did then remain faithful to what was like the contents of a time capsule Meeting somebody and balling them means something but it doesn't mean near as much as it used to Janis Joplin September 1969 In a society where there is institutionalized oppression the thing is to catch government and business in the grass actually humping Florynce Kennedy August 1969 I was so afraid of being bad and being caught at it Dr Benjamin Spock September 1969 The connection between all the rhetoric and all the poetry between the words of a Black Panther and those of a rock star or a pacifist between the scars of a pop artist and those of a napalm victim have haunted and informed the structuring of this book with its own peculiar version of a beginning a middle and an end **Richard Avedon** Metropolitan Museum of Art (New York, N.Y.).
