Richard Crashaw Ruth C. Wallerstein,2022-04-06 *Richard Crashaw* Thomas F. Healy,2023-08-14 *The Johannine Renaissance in Early Modern English Literature and Theology* Paul Cefalu,2017-10-27 The Johannine Renaissance in Early Modern English Literature and Theology argues that the Fourth Gospel and First Epistle of Saint John the Evangelist were so influential during the early modern period in England as to share with Pauline theology pride of place as leading apostolic texts on matters Christological sacramental pneumatological and political The book argues further that in several instances Johannine theology is more central than both Pauline theology and the Synoptic theology of Matthew Mark and Luke particularly with regard to early modern polemicizing on the Trinity distinctions between agape and eros and the ideologies of radical dissent especially the seventeenth century antinomian challenge of free grace to traditional Puritan Pietism In particular early modern religious poetry including works by Robert Southwell George Herbert John Donne Richard Crashaw Thomas Traherne and Anna Trapnel embraces a distinctive form of Johannine devotion that emphasizes the divine rather than human nature of Christ the belief that salvation is achieved more through revelation than objective atonement and expiatory sin a realized eschatology a robust doctrine of assurance and comfort and a stylistic and rhetorical approach to representing these theological features that often emulates John s mode of discipleship misunderstanding and dramatic irony

Early modern Johannine devotion assumes that religious lyrics often express a revelatory poetics that aims to clarify typically through the use of dramatic irony some of the deepest mysteries of the Fourth Gospel and First Epistle The New Cambridge Bibliography of English Literature George Watson, Ian Roy Willison, 1974 Rhyme and Meaning in Richard Crashaw Mary Ellen Rickey, 2021-11-21 Richard Crashaw's use of rhyme is one of the distinctive aspects of his poetic technique and in the first systematic analysis of his rhyme craft Mary Ellen Rickey concludes that he was keenly interested in rhyme as a technical device She traces Crashaw's development of rhyme repetitions from the simple designs of his early epigrams and secular poems to the elaborate and irregular schemes of his mature verse **Poetic Priesthood in the Seventeenth Century** Tessie Prakas, 2022 Studies the extent to which seventeenth century devotional poetry moves beyond specific confessional and ecclesiastical frameworks and argues that John Donne George Herbert Richard Crashaw and John Milton turned to verse to articulate a radical idea of religious devotion as distinct from the established church *The Bond of Empathy in Medieval and Early Modern Literature* David Strong, 2022-09-20 This study examines the various means of becoming empathetic and using this knowledge to explain the epistemic import of the characters' interaction in the works written by Chaucer Shakespeare and their contemporaries By attuning oneself to another's expressive phenomena the empathizer acquires an inter and intrapersonal knowledge that exposes the limitations of hyperbole custom or unbridled passion to explain the profundity of their bond Understanding the substantive meaning of the characters' discourse and narrative context discloses their motivations and how they view themselves The aim is to explore the place of empathy in select late medieval and early modern portrayals of the body and mind and explicate the role they play in forging an intimate rapport **The Interpretation of Old English Poems** Stanley B. Greenfield, 2023-08-10 *The Interpretation of Old English Poems* 1972 is a challenging approach in the critical appreciation of Old English poems Professor Greenfield argues in particular against two inhibiting orientations in criticism of Anglo Saxon poetry an insensitive and too narrowly defined historicism and a blinkered philological tradition He suggests ways in which the practical criticism of Old English poetry and poems can be conducted and provides the means for a student to form his own critical approach The book is particularly challenging in that it brings literary criticism into a field which has hitherto belonged largely to historians and linguists

Mourning and Panegyric Celeste M. Schenck, 2010-11 This work is primarily a genre study aiming both at enlarging the canon of pastoral texts and at theorizing generic development in a comparative context Addressed to a general audience of poetry enthusiasts as well as students of genre theory and specialists in the field the book takes as its examples the twin pastoral genres of funeral elegy and marriage hymns Schenck establishes in her introduction that the strategies she isolates in elegies and epithalamia govern lyric processes more generally that in fact every poem might be an epitaph if it pronounces an elegy upon a former poetic self and announces rebirth of the artist as a poet All poems are genuinely epitaphic in their attempt to record verbally and lastingly the death and implied rebirth of the poet as poet each time he lifts

his pen to begin a new poem The specific forms explored in this book elegy and epithalamium serve precisely as model initiatory scenarios Elegies tend to gesture toward the past pronouncing an epitaph upon poetic apprenticeship and recovery voice by means of symbolic burial of a forebear Marriage poems alternatively are future directed celebrating as do elegies passage from virgin to mature state Both forms aim at circumventing mortality by apotheosis and deification in the case of the elegy and by the projection forth of issue at the end of the marriage poem Investigation of the symbolic reciprocity of these seemingly distinct forms yields a surprising range of variant forms extends provocatively Claudio Guillen s theory of genre and counter genre and initiates a poetics of pastoral ceremony that has implications for the general study of lyric modes
