Copyright Office, 1961 *Music of the Great Depression* William H. Young, Nancy K. Young, 2005-02-28 Prior to the stock market crash of 1929 American music still possessed a distinct tendency towards elitism as songwriters and composers sought to avoid the mass appeal that critics scorned During the Depression however radio came to dominate the other musical media of the time and a new era of truly popular music was born Under the guidance of the great Duke Ellington and a number of other talented and charismatic performers swing music unified the public consciousness like no other musical form before or since At the same time the enduring legacies of Woody Guthrie in folk Aaron Copeland in classical and George and Ira Gershwin on Broadway stand as a testament to the great diversity of tastes and interests that subsisted throughout the Great Depression and play a part still in our lives today The lives of these and many other great musicians come alive in this insightful study of the works artists and circumstances that contributed to making and performing the music that helped America through one of its most difficult times The American History through Music series examines the many different styles of music that have played a significant part in our nation's history While volumes in this series show the multifaceted roles of music in our culture they also use music as a lens through which readers may study American social history The authors present in depth analysis of American musical genres significant musicians technological innovations and the many connections between music and the realms of

art politics and daily life      **The Relentless Pursuit of Tone** Robert Fink, Melinda Latour, Zachary Wallmark, 2018-09-18  
The Relentless Pursuit of Tone Timbre in Popular Music assembles a broad spectrum of contemporary perspectives on how sound functions in an equally wide array of popular music Ranging from the twang of country banjos and the sheen of hip hop strings to the crunch of amplified guitars and the thump of subwoofers on the dance floor this volume bridges the gap between timbre our name for the purely acoustic characteristics of sound waves and tone an emergent musical construct that straddles the borderline between the perceptual and the political Essays engage with the entire history of popular music as recorded sound from the 1930s to the present day under four large categories Genre asks how sonic signatures define musical identities and publics Voice considers the most naturalized musical instrument the human voice as racial and gendered signifier as property or likeness and as raw material for algorithmic perfection through software Instrument tells stories of the way some iconic pop music machines guitars strings synthesizers got or lost their distinctive sounds Production then puts it all together asking structural questions about what happens in a recording studio what is produced sonic cartoons rockist authenticity empty space and what it all might mean      **The Catalogue of Printed Music in the British Library to 1980** British Library.
