

Richard Strauss

Michael Kennedy

Richard Strauss:

The Life of Richard Strauss Bryan Gilliam, 1999-08-19 Richard Strauss saw an empire come and go survived two world wars witnessed the rise and fall of the Weimar Republic endured the period of National Socialism and died the year that Germany was officially divided into two separate states All the while he enjoyed a successful career as composer as conductor of international stature as organizer for the rights of composers and as colleague of and collaborator with some of the most important composers writers and artists of his day This biography covers Strauss s early musical development his emergence as a tone poet in the late nineteenth century his turn to the stage at the beginning of the twentieth century the successes and failures of the post World War I era the turbulent 1930s and the period of the Second World War and its aftermath *Richard Strauss* Michael Kennedy, 1976 *Richard Strauss* Bryan Gilliam, 1997 As we approach the fiftieth anniversary of Richard Strauss s death scholarly interest in the composer continues to grow Despite what was once a tendency by musicologists to overlook or deny Strauss s importance these essays firmly place the German composer in the musical mainstream and situate him among the most influential composers of the late nineteenth and early twentieth centuries Originally published in 1992 this volume examines Strauss s life and work from a number of approaches and during various periods of his long career opening up unique corridors of insight into a crucial time in German history Contributors discuss Strauss as a young composer steeped in a conservative instrumental tradition as a brash young modernist tone poet of the 1890s as an important composer of twentieth century German opera and as a cultural icon manipulated by the national socialists during the 1930s and early 1940s Individual essays use Strauss s creative work as a framework for larger musicological questions such as the tension between narrative and structure in program music the problem of extended tonality at the turn of the century stylistic choice versus stylistic obligation and conflicting perspectives of progressive versus conservative music This collection will interest Strauss scholars musicologists and those interested in the artistic and cultural life of Germany from 1880 through the Second World War Contributors Kofi Agawu G nter Brosche Bryan Gilliam Stephen Hefling James A Hepokoski Timothy L Jackson Michael Kennedy Lewis Lockwood Barbara A Peterson Pamela Potter Reinhold Schl tterer R Larry Todd Richard Strauss Willi Schuh, 1982-07-08 *Richard Strauss* Norman Del Mar, 2013-12-19 Norman Del Mar 1919 1994 was universally recognised as a leading authority on the music of Richard Strauss and his masterly three volume study of his life and works remains a classic Volume I deals with the years from the composer s birth 1864 to *Der Rosenkavalier* 1912 discussing the early orchestral and chamber music the tone poems and the operas *Guntram* *Feuersnot* *Salome* and *Elektra* Deploying a well nigh encyclopaedic knowledge Mr Del Mar acquits himself brilliantly of his task of disentangling and reassembling the numerous strands that make up the backcloth of poetry and philosophy which Strauss while not always understanding every intricacy yet needed as a constant reference map for his composing The three volumes of this magnificent book should be studied by all lovers of the late romantic music amateurs and professionals alike

a monumental achievement Times Literary Supplement A brilliant and copiously analytical study a constant fascination
Guardian *Richard Strauss, the Man and His Work* Ernst Krause,1969 *Richard Strauss* Alan Jefferson,1975 The

Correspondence Between Richard Strauss and Hugo Von Hofmannsthal Richard Strauss,Hugo von Hofmannsthal,1927

The Life of Richard Strauss Alan Jefferson,1973 Richard Strauss Michael Kennedy,1999-01-13 Was Richard

Strauss the most incandescent composer of the twentieth century or merely a bourgeoisie artist and Nazi sympathizer For the fifty years since his death on September 8 1949 Richard Strauss has remained dogmatically elusive in the wider body of musical and historical criticism Lauded as nothing less than the greatest musical figure of his time by Canadian musician Glenn Gould in 1962 Strauss also has attracted his share of posthumous epithets in summary an artist who lived off his own fat during his later years As recently as 1995 the English critic Rodney Milnes wrote the court of posterity is still reserving judgment In *Richard Strauss Man Musician Enigma* biographer Michael Kennedy demonstrates that the many varying shades of criticism that have painted this figure in the past half century resemble the similar understandings and misunderstandings held by his contemporaries perceptions that touched almost every aspect of Strauss life and career Introducing his detailed work more as a broad explication than a firm answer to the Straussian riddle Kennedy s scope includes the exuberant extroverted Strauss of young adulthood as well as the phlegmatic and aloof middle aged man who resembled a prosperous bank manager the arch fiend of modernism and the composer who redefined the term a man who professed to lack all spiritual curiosity and a musician who penned the touching ballet *Der Kometentanz* an at times almost humble family man and an artist who claimed to be as interesting as Napoleon and Alexander the Great Kennedy clearly elucidates his enigmatic subject by building his analysis around the few constants in Strauss life his profound admiration for German culture his dependence on his own family for guidance and his Nietzschean total absorption in art This frame offers everyone from Straussian scholars to general readers an insightful and easy to follow biographical narrative Kennedy also deals at length with Strauss problematic relationship with Nazi authorities detailing his incompatible roles as the father in law of a Jewish woman and as one of the country s leading composers Michael Kennedy is the chief music critic of the London Sunday Telegraph and the author of many books about music *Richard Strauss, the Man and His Works* Henry T. Finck,1917 *Richard Strauss The Man and His Works* by Henry Theophilus Finck first published in 1917 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it *Richard Strauss and His World* Bryan Randolph Gilliam,1992-08-30 Strongly influencing

European musical life from the 1880s through the First World War and remaining highly productive into the 1940s Richard Strauss enjoyed a remarkable career in a constantly changing artistic and political climate This volume presents six original essays on Strauss's musical works including tone poems lieder and operas and brings together letters memoirs and criticism from various periods of the composer's life Many of these materials appear in English for the first time In the essays Leon Botstein contradicts the notion of the composer's stylistic about face after Elektra Derrick Puffett reinforces the argument for Strauss's artistic consistency by tracing in the tone poems and operas the phenomenon of pitch specificity James Hepokoski establishes Strauss as an early modernist in an examination of Macbeth Michael Steinberg probes the composer's political sensibility as expressed in the 1930s through his music and use of such texts as *Friedenstag* and *Daphne* Bryan Gilliam discusses the genesis of both the text and the music in the final scene of *Daphne* Timothy Jackson in his thorough source study argues for a new addition to the so called Four Last Songs Among the correspondence are previously untranslated letters between Strauss and his post Hofmannsthal librettist Joseph Gregor The memoirs range from early biographical sketches to Rudolf Hartmann's moving account of his last visit with Strauss shortly before the composer's death Critical reviews include recently translated essays by Theodor Adorno Guido Adler Paul Bekker and Julius Korngold Publisher description

Richard Strauss Matthew Boyden, 1999 A biography of the popular German composer whose career was tainted by his cooperation with the Nazis **Richard Strauss** Ernest Newman, 1921 Richard Strauss in Context Morten Kristiansen, Joseph E. Jones, 2022-11-10 *Richard Strauss in Context* offers a distinctive approach to the study of a composer in that it places the emphasis on contextualizing topics rather than on biography and artistic output One might say that it inverts the relationship between composer and context Rather than studies of Strauss's librettists that discuss the texts themselves and his musical settings for instance this book offers essays on the writers themselves their biographical circumstances styles landmark works and broader positions in literary history Likewise Strauss's contributions to the concert hall are positioned within the broader development of the orchestra and trends in programmatic music In short readers will benefit from an elaboration of material that is either absent from or treated only briefly in existing publications Through this supplemental and broader contextual approach this book serves as a valuable and unique resource for students scholars and a general readership

Richard Strauss David Hurwitz, 2014 *Unlocking the Masters The life and music of Richard Strauss 1864-1949* span what was arguably the most turbulent period in human history encompassing the Franco Prussian War the unification of Germany and two world wars He was one of the very last composers to have started his career in service to the old European aristocracy but near the end of his life the continent lay in shambles and he faced financial ruin even as he remained Germany's greatest living composer Virtually from the day they were written Strauss's tone poems from the late nineteenth century works such as *Don Juan* *Till Eulenspiegel* Also *Sprach Zarathustra* and *Death and Transfiguration* have been repertory standards So have the operas *Salome* *Elektra* and *Der Rosenkavalier* And yet a tremendous quantity of very

good music both early and late has only recently come to the attention of musicians and music lovers alike This owner's manual accompanied by a full length CD surveys all the major works with orchestra symphonies concertos tone poems operas ballets suites and songs Many of them will be new even to listeners familiar with the popular pieces part of a vast legacy of immaculately crafted beautiful music that deserves to be rediscovered and treasured [A Working Friendship](#) Richard Strauss,1961 **The Cambridge Companion to Richard Strauss** Charles Youmans,2010-11-18 Richard Strauss is a composer much loved among audiences throughout the world both in the opera house and the concert hall Despite this popularity Strauss was for many years ignored by scholars who considered his commercial success and his continued reliance on the tonal system to be liabilities However the past two decades have seen a resurgence of scholarly interest in the composer This Companion surveys the results focusing on the principal genres the social and historical context and topics perennially controversial over the last century Chapters cover Strauss's immense operatic output the electrifying modernism of his tone poems and his ever popular Lieder Controversial topics are explored including Strauss's relationship to the Third Reich and the sexual dimension of his works Reintroducing the composer and his music in light of recent research the volume shows Strauss's artistic personality to be richer and much more complicated than has been previously acknowledged

This book delves into Richard Strauss. Richard Strauss is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Richard Strauss, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

Richard Strauss Introduction

In the digital age, access to information has become easier than ever before. The ability to download Richard Strauss has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Richard Strauss has opened up a world of possibilities. Downloading Richard Strauss provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Richard Strauss has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads,

publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Richard Strauss. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Richard Strauss. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Richard Strauss, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Richard Strauss has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Richard Strauss Books

What is a Richard Strauss PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Richard Strauss PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Richard Strauss PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Richard Strauss PDF to another file format?** There are multiple ways to convert a PDF to another format: Use

online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Richard Strauss PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
