Anthony à Wood, 1891 American Studies Louis Menand, 2003-11-01 At each step of this journey through American cultural history Louis Menand has an original point to make he explains the real significance of William James's nervous breakdown and of the anti-Semitism in T S Eliot's writing He reveals the reasons for the remarkable commercial successes of William Shawn's *New Yorker* and William Paley's CBS He uncovers the connection between Larry Flynt's *Hustler* and Jerry

Falwell's evangelism between the atom bomb and the Scholastic Aptitude Test. He locates the importance of Richard Wright, Norman Mailer, Pauline Kael, Christopher Lasch, and Rolling Stone magazine. And he lends an ear to Al Gore in the White House as the Starr Report is finally presented to the public. Like his critically acclaimed bestseller *The Metaphysical Club*, *American Studies* is intellectual and cultural history at its best: game and detached with a strong curiosity about the political underpinnings of ideas and about the reasons successful ideas insinuate themselves into the culture at large. From one of our leading thinkers and critics, known both for his sly wit and reportorial high jinks and clarity and rigor, *The Nation* these essays are incisive, surprising, and impossible to put down.

Bigger Trudier Harris, 2024-06-18 A biography of *Bigger Thomas* that examines his continued relevance in debates over Black men and the violence of racism. *Bigger Thomas*, the central figure in Richard Wright's novel *Native Son* (1940), eludes easy categorization. A violent and troubled character who rejects the rules of society, *Bigger* is both victim and perpetrator, damaged by racism and segregation on the South Side of Chicago, seemingly raping and killing without regrets. His story has electrified readers for more than eight decades, and it continues to galvanize debates around representation, respectability, social justice, and racism in American life. In this book, distinguished scholar Trudier Harris examines the literary life of *Bigger Thomas* from his birth to the current day. Harris explores the debates between Black critics and Communist artists in the 1930s and 1940s over the political novel, the censorship of *Native Son* by white publishers, and the work's initial reception, as well as interpretations from Black feminists and Black Power activists in the decades that followed up to the novel's resonance with the Black Lives Matter movement today. *Bigger*, Harris argues, represents the knotted heart of American racism, damning and unsettling and still very much with us.

Black Utopia Alex Zamalin, 2019-08-20 Within the history of African American struggle against racist oppression that often verges on dystopia, a hidden tradition has depicted a transfigured world. Daring to speculate on a future beyond white supremacy, Black utopian artists and thinkers offer powerful visions of ways of being that are built on radical concepts of justice and freedom. They imagine a new Black citizen who would inhabit a world that soars above all existing notions of the possible. In *Black Utopia*, Alex Zamalin offers a groundbreaking examination of African American visions of social transformation and their counterutopian counterparts. Considering figures associated with racial separatism, postracialism, anticolonialism, Pan-Africanism, and Afrofuturism, he argues that the Black utopian tradition continues to challenge American political thought and culture. *Black Utopia* spans Black nationalist visions of an ideal Africa, the fiction of W. E. B. Du Bois, and Sun Ra's cosmic mythology of alien abduction. Zamalin casts Samuel R. Delany and Octavia E. Butler as political theorists and reflects on the antiutopian challenges of George S. Schuyler and Richard Wright. Their thought proves that utopianism, rather than being politically immature or dangerous, can invigorate political imagination. Both an inspiring intellectual history and a critique of present power relations, this book suggests that with democracy under siege across the globe, the Black utopian tradition may be our best hope for combating injustice.
