Riddle Of Christian Mystical Experience The Role Of The Humanity Of Jesus:

The Riddle of Christian Mystical Experience Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless. Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union. Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind. However a crucial question arises here. If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance? Is the mystic as such in a position to be his or her human self thinking and loving, enjoying and suffering? Can he or she be active in the world of humankind? Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty. For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person's union with God. Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear. The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich, Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor, Bernard of Clairvaux and Bonaventure describing Francis of Assisi's experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec. Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries. The main result of this procedure may come as a surprise. Far from turning into a detached creature who forgets about the Humanity and the human, the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works. Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection.

Translating Christ in the Middle Ages Barbara Zimbalist, 2022-02-15 This study reveals how women's visionary texts played a central role within medieval discourses of authorship, reading and devotion. From the twelfth to the fifteenth centuries women across northern Europe began committing their visionary conversations with Christ to the written word. Translating Christ in this way required multiple transformations: divine speech into human language, aural event into textual artifact, visionary experience into linguistic record and individual encounter into communal repetition. This ambitious study shows how women's visionary texts form an underexamined literary tradition within medieval religious culture. Barbara Zimbalist demonstrates how within this tradition female visionaries developed new forms of authorship, reading and devotion. Through these transformations the female visionary authorized herself and her text and performed a rhetorical imitatio Christi that offered models of interpretive practice and spoken devotion to her readers. This literary historical tradition has not yet been fully recognized on its own terms. By exploring its development in hagiography

visionary texts and devotional literature Zimbalist shows how this literary mode came to be not only possible but widespread and influential She argues that women s visionary translation reconfigured traditional hierarchies and positions of spiritual power for female authors and readers in ways that reverberated throughout late medieval literary and religious cultures In translating their visionary conversations with Christ into vernacular text medieval women turned themselves into authors and devotional guides and formed their readers into textual communities shaped by gendered visionary experiences and spoken imitatio Christi Comparing texts in Latin Dutch French and English Translating Christ in the Middle Ages explores how women s visionary translation of Christ s speech initiated larger transformations of gendered authorship and religious authority within medieval culture The book will interest scholars in different linguistic and religious traditions in medieval studies history religious studies and women s and gender studies *The Mystical Presence of Christ* Richard

Kieckhefer,2022-09-15 The Mystical Presence of Christ investigates the connections between exceptional experiences of Christ s presence and ordinary devotion to Christ in the late medieval West Unsettling the notion that experiences of seeing Christ s figure or hearing Christ speak are simply exceptional events that happen at singular moments Richard Kieckhefer reveals the entanglements between these experiences and those that occur through the imagery language and rituals of ordinary everyday devotional culture Kieckhefer begins his book by reconsidering the who and the how of Christ s mystical presence He argues that Christ s humanity and divinity were equally important preconditions for encounters both exceptional and ordinary which Kieckhefer proposes as existing on a spectrum of experience that moves from presupposition to intuition and finally to perception Kieckhefer then examines various contexts of Christ manifestations during prayer meditation and liturgy for example with attention to gender dynamics and the relationship between saintly individuals and their hagiographers Through penetrating discussions of a diverse set of texts and figures across the long fourteenth century Angela of Foligno the nuns of Helfta Margery Kempe Dorothea of Montau Meister Eckhart Henry Suso and Walter Hilton among others Kieckhefer shows that seemingly exceptional manifestations of Christ were also embedded in ordinary religious experience Wide ranging in scope and groundbreaking in methodology The Mystical Presence of Christ is a magisterial work that rethinks the interplay between the exceptional and the ordinary in the workings of late medieval religion *The Arnhem Mystical Sermons* Ineke Cornet,2018-12-06 In this book on The Arnhem mystical sermons Ineke Cornet offers the first in depth study of the mystical and theological content of this sixteenth century sermon collection from St Agnes in Arnhem

Children and Spirituality Brendan Hyde,2008-01-01 This book provides ways in which schoolteachers and parents can nurture and foster these particular characteristics of children s spirituality It also considers two factors material pursuit and trivialising which may inhibit children s expression of their spirituality It will be of great interest to educators policy makers and parents *Mystical Theology and Continental Philosophy* David Lewin,Simon D.

Podmore,Duane Williams,2017-05-18 Exploration of the interface between mystical theology and continental philosophy is a

defining feature of the current intellectual and even devotional climate But to what extent and in what depth are these disciplines actually speaking to one another or even speaking about the same phenomena This book draws together original contributions by leading and emerging international scholars delineating emerging debates in this growing and dynamic field of research and spanning mystical and philosophical traditions from the ancient to the medieval modern and contemporary At the heart of which lies Meister Eckhart perhaps the single most influential Christian mystic for modern times The book is organised around significant historical and contemporary figures who speak across the intersections of philosophy and theology offering new insights into key interlocutors such as Pseudo Dionysius Augustine Isaac Luria Eckhart Hegel Heidegger Marion Kierkegaard Deleuze Laruelle and i ek Designed both to contribute to current trends in mystical theology and philosophy and elicit dialogue and debate from further afield this book speaks within an emerging space exploring the retrieval of the mystical within a post secular context *Relationship Is the Transformative Space* Darryl

Wooldridge,2016-02-09 This book affirms relationship as the shared human elemental pursuit and proposes relationship as the transformative space Wonderfully the author asserts it is God s intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God s heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity **The**

Dialectics of Creation Martin G. Poulson,2014-03-13 This book investigates the philosophical components of Christian faith in creation by analyzing the distinction and the relation between creation and its Creator The writings of Edward Schillebeeckx and David Burrell supply a terminology of distinction and relation that shapes the discourse following in the footsteps of Aquinas Poulson elucidates the relational dialectic in the thought of Schillebeeckx as a way of thinking about the Creation and offers a helpful comparison with the thought of David Burrell Relational dialectic is an organizing principle not only of Schillebeeckx s account of creation but of his philosophical theology more generally It can operate as a hermeneutic for his material on praxis and humanism in a way that resolves some problems noted by other Schillebeeckx scholars Poulson s interpretation of Schillebeeckx enriches current approaches to this thinker and offers a significant contribution to thinking on the doctrine of Creation and issues surrounding the ontological distinction which is of major concern in philosophical theology today **The Practice of the Presence of God** Martin Laird,Sheelah Treflé Hidden,2016-11-29

Exploring the unity of the practice of prayer and the practice of theology this book draws together insights from world class theologians including Rowan Williams Andrew Louth Frances Young Margaret R Miles Sebastian Brock and Nichola Sakharov Offering glimpses of the prayer life and witness that undergirds theological endeavour some authors approach the

topic in a deeply personal way while others express the unity of prayer and the theologian in a traditionally scholarly manner No matter what the denomination of the Christian theologian Greek or Russian Orthodox Roman Catholic Anglican Methodist authors demonstrate that the discipline of theology cannot properly be practiced apart from the prayer life of the theologian The prayer of the theologian shapes her or his approach to theology Whether it be preaching teaching writing or research the deep soundings of prayer inform and embrace all *Hadewijch* Paul Mommaers (sac.), Elisabeth M. Dutton, 2004 *Hadewijch* c 1210 160 commands increasing attention internationally As an author she is extremely creative and artistic As a beguine she belongs to a revolutionary women s movement formed by religious women who conscious of their gender did not wish to enter into either marriage or a convent Spiritually and materially independent these first beguines come into conflict with social order and endure the reaction of clerics religious and secular authorities and those in orders As a mystic *Hadewijch* illuminates both the glorious aspects of the love relationship with God and its painful aspect with the enjoyment of love *minne* goes an increasingly intense desire in unity the alterity of the Beloved becomes all the stronger Consequently union with God is not a spiritual elevation by which a person is released from his or her being human the authentic mystical being one consists rather of the interplay between resting in God and working in this world between being God with God and being man with the Man Christ You must live as a human being this is the kernel of *Hadewijch* s life and teaching **Visualizing Medieval Performance** Elina Gertsman, 2017-07-05 Taking a fresh look at the interconnections between medieval images texts theater and practices of viewing reading and listening this explicitly interdisciplinary volume explores various manifestations of performance and meanings of performativity in the Middle Ages The contributors from their various perspectives as scholars of art history religion history literary studies theater studies music and dance combine their resources to reassess the complexity of expressions and definitions of medieval performance in a variety of different media Among the topics considered are interconnections between ritual and theater dynamics of performative readings of illuminated manuscripts buildings and sculptures linguistic performances of identity performative models of medieval spirituality social and political spectacles encoded in ceremonies junctures between spatial configurations of the medieval stage and mnemonic practices used for meditation performances of late medieval music that raise questions about the issues of historicity authenticity and historical correctness in performance and tensions inherent in the very notion of a medieval dance performance Meditation in Judaism, Christianity and Islam Halvor Eifring, 2013-10-24 Meditative practices have flourished in widely different parts of Eurasia yet historical research on such practices is limited Research to date has focused on contexts rather than actual practices and within individual traditions For the first time in one volume the meditative practices of the three traditions of Judaism Christianity and Islam are examined They are viewed in a global perspective considering both generic and historical connections to practices in other traditions particularly in India and East Asia Their cultural and historical peculiarities are examined comparing them both to each other and to Asian forms of

meditation The book builds on a notion of meditation as self administered techniques for inner transformation a definition which focuses on transformative practice rather than notions of meditative states and mystical experiences It proposes ways of studying meditative practice historically and concludes with an essay on the modern scientific interest in meditation

Beyond Measure Isaac Slater, 2020-02-15 Bernard continually returns to the classical idea that the quality of desire shapes theological imagination By attending to the multiple ways he develops and applies this insight Beyond Measure uncovers a new depth of organic unity to the literary philosophical and theological strands densely interwoven through his writings Bernard s apparent iconoclasm with respect to art affectivity and the humanity of Jesus is revealed as an alternative mystical aesthetic congruent with his program for monastic reform The central movement of Cistercian spirituality from the carnal to the spiritual is shown not to elide but to recapitulate the carnal in higher spiritual expression Further this approach provides fresh understanding of the ways in which Bernard is at once last of the fathers and first of the moderns In particular a careful reading of works by Julia Kristeva and Jean Luc Marion on Bernard reveals both the enduring brightness and vitality of his writing and the relevance of his work for people today

The Ecstasy of Love in the Thought of Thomas Aquinas Peter Kwasniewski, 2021-05-07 Those interested in the concept of ecstasy would be forgiven for assuming that a sober scholastic like St Thomas Aquinas had little place for the idea Yet in this groundbreaking study sure to refine our understanding of the Angelic Doctor Peter Kwasniewski shows that St Thomas contemplates the nature of ecstasy at key stages in the development of his thought and that it plays a crucial role in his doctrine of love After a stimulating study of treatments of ecstasy in ancient philosophy Sacred Scripture and the medieval tradition prior to Aquinas Kwasniewski finds that he can be seen as breathing new life into the concept While his contemporary St Bonaventure for example tended to restrict ecstasy to the soul s union with God St Thomas admitted the place of ecstasy in a variety of human activities Furthermore St Thomas recognized that all love involves ecstatic transcendence whether it be the creature s self oblation to the Creator the reverence of an inferior for a superior a superior s generosity toward an inferior or the mutual affection and help of equals joined in friendship Love of persons for their own sake generates an ecstatic love in which the self is borne as a gift to another subject by sharing a common life aspiring to common goods Kwasniewski also examines Aquinas on the question of whether or not God experiences ecstasy and if so in what ways The Ecstasy of Love in the Thought of Thomas Aquinas makes a significant contribution to our understanding of the doctrine of love and to the interpretation of the thought of St Thomas Aquinas It is more than an analysis of key texts it is an illuminating guide to the grammar of ecstasy

Maria Petyt - A Carmelite Mystic in Wartime, 2015-07-28 Based on the discovery of an unknown Latin manuscript Maria Petyt A Carmelite Mystic in Wartime provides surprising new information about the seventeenth century Flemish mystic Maria Petyt 1623 1677 who wrote many letters to her spiritual director Michael of St Augustine The book contains a transcription of the unfortunately partly damaged manuscript an English translation of it and several articles opening up new horizons

concerning the life and spirituality of Maria Petyt and her historical and religious backgrounds The authors characterize Maria Petyt as a self confident spiritual daughter with a strong political mission a zealous figure fighting side by side with Louis XIV for the catholic victory during the Dutch War and as one who lived and profoundly understood the spirituality of Teresa of Avila

Christian Prophecy Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God s salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work

Women's Writing from the Low Countries 1200-1875 Lia van Gemert, 2010 This book provides a welcome English translation of a marvelous anthology of women s religious and secular writing stretching from the visions of the late medieval mystics through the prison testaments of sixteenth century Anabaptist martyrs to the pamphleteers and novelists of the growing urban bourgeoisie The translations and introductions demonstrate the ways that women in the Low Countries shaped the intellectual and cultural developments of their eras

Everything, Briefly Thomas O. Scarborough, 2022-06-14 As a man thinks so is he Personally and socially so is he Yet if this is true then as a man thinks has led us into the thick of global crisis What exactly is it about our thinking that fails us What has gone so wrong There are firm reasons why we may hope for new direction Firstly we have a new view of the connectedness of all things Never before has this encompassed so much It makes a crucial difference to philosophy Secondly when we recast philosophy s high level

concepts in more concrete terms it becomes possible to discuss them without confusion This is the method of this book There is much of interest for the theologian too Legendary film director Ingmar Bergman once wrote What will happen to us who want to believe but can not His can not had to do with what Professor Karen Barad calls the hegemony of physics Everything Briefly details why it is impossible in fact to believe in a closed universe of cause and effect *The Riddle of Christian Mystical Experience* Paul Mommaers, 2002-12-18 A fascinating study of Christian mysticism Anyone engaged in the study of Christian mysticism or of its historical figures encounters a recurring puzzle or riddle How can mystical experience of imageless realms be reconciled with the real bodily presence of Jesus Christ How can people raised to heights surpassing the corporeal continue to experience the lowly pleasure of a human body Paul Mommaers s in depth study of mysticism seeks to resolve this apparent paradox Through careful readings of great Christian mystics Julian of Norwich Teresa of Avila Bernard of Clairvaux Francis of Assisi Richard of Saint Victor and especially the Flemish mystics Hadewijch and Jan van Ruusbroec Mommaers uncovers the unity that exists between life in the present world and life in union with the divine He also provides an original explanation of the role of Jesus humanity in mediating the Christian mystical experience Practical as well as theological this book is both a fascinating look into the minds of several heroes of the faith and a unique devotional tool for those seeking their experiences for themselves Promised Bodies Patricia Dailey, 2013 crossing linguistic and historical boundaries Patricia Dailey connects the embodied poetics of Hadewijch of Brabant s visions writings and letters to the work of Julian of Norwich Hildegard of Bingen Marguerite of Oingt and other mystics and visionaries
