Lighthouses and Keepers Dennis Noble,2014-01-15 From the East Coast to the West Coast the Great Lakes to the Gulf of Mexico and Hawaiian Islands this handsome book helps explain the lure of lighthouses in the United States Among the most recognized structures of the maritime world these lonely sentinels by the sea have long been the subject of paintings and photographs Today they continue to capture public imagination as Americans flock to their sites for visits and volunteer to help preserve these endangered structures This book covers all aspects of the subject not only lighthouses and lightships but buoys buoy tenders fog signals and their keepers The work is as rich in historical information as it is in rarely seen photographs and fourteen maps guide readers to the exact locations of the lighthouses Readers are also treated to stories of shipwrecks and rescues including the extraordinary story of Ida Lewis head keeper of the light at Lime Rock Rhode Island who rescued eighteen people from the sea **Popular Music Matters** Lee Marshall,Dave Laing,2016-03-23 Simon Frith has been one of the most important figures in the emergence and subsequent development of popular music studies From his

earliest academic publication *The Sociology of Rock* 1978 through to his recent work on the live music industry in the UK in his desire to take popular music seriously he has probably been cited more than any other author in the field Uniquely he has combined this work with a lengthy career as a music critic for leading publications on both sides of the Atlantic The contributions to this volume of essays and memoirs seek to honour Frith's achievements but they are not merely about Frith Rather they are important interventions by leading scholars in the field including Robert Christgau Antoine Hennion Peter J Martin and Philip Tagg The focus on sociology and industry and aesthetics and values reflect major themes in Frith's own work which can also be found within popular music studies more generally As such the volume will become an essential resource for those working in popular music studies as well as in musicology sociology and cultural and media studies
