Rockefeller Of New York Executive Power In The Statehouse:

Rockefeller of New York Robert H. Connery, 2019-01-24 This book is at once a history of Nelson A Rockefeller's fifteen year governorship and a balanced assessment of his performance. Reviewing in depth the major public policies initiated by the Rockefeller administration in New York between 1959 and 1973, the authors pinpoint the governor's successes and failures and use them to probe the extent and limits of state executive power in our country today. Robert H. Connery and Gerald Benjamin appraise the massive efforts that were made across many complex policy areas: higher education, mental hygiene, drug control, low and middle income housing, mass transportation, conservation, and land use planning. During the Rockefeller years, New York maintained its position as one of the nation's most progressive states. Rockefeller's great strengths, the authors say, lay in the quality of his leadership and in the unflinching way in which he drove the state to confront the major problems of his time, but they are critical of him for trying to do too much too fast. The failure was one of perspective, they write. It resulted from Rockefeller's inability to accept the limits of his circumstances and thus to accept the cumulative consequences of his decisions. Rockefeller gave Connery and Benjamin complete access to his own papers and to those of the Executive Chamber. In addition, the authors gathered information by extensive interviews with political leaders and state officials of both parties as well as with journalists. They offer a compelling, rounded view of a controversial chief executive and a vigorous account of the ongoing dynamic process of government.

New York's Broken Constitution Peter J. Galie, Christopher Bopst, Gerald Benjamin, 2016-11-15 Examines the significant gaps between what New York State's constitution says and how the state is actually governed and offers ideas for reform. On its face, New York State's constitution is an elaborate and impressive aggregation of processes, powers, mandates, and limits. But many of these are inoperative, and New Yorkers who read the document and believe what it says will come away with a massive misunderstanding of the realities of state government. The essays in *New York's Broken Constitution* seek to clarify the realities by bringing attention to the gaps between what the constitution says and how the state is actually governed, and they provide a disquieting picture of the state of the state's constitution. Among the topics addressed are state debt and budgeting practices, legislative redistricting, local government, gambling, conservation, and the process of amending the constitution. Written by knowledgeable professionals, the chapters explain the constitutional provisions in question, including the reasons for their constitutional status, how they have been used and interpreted, and the extent of the gaps between the constitutional provisions and practice. Various proposals for reform are also examined. This is an impressive volume teeming with invaluable insights. It presents a compelling message: since many of the dysfunctions in state governance are inextricably tied to the organizational structures and policies detailed and sometimes followed, sometimes disregarded, in the state constitution, constitutional reform is imperative. Anyone concerned about the operation and current dysfunction of New York State government should read this book. Vincent M. Bonventre, Albany Law School. This book will be enormously useful in guiding

the public and scholarly debate in the lead up to the November 2017 vote on the question of whether to hold a state constitutional convention John J Dinan author of *The American State Constitutional Tradition* **United University Professions** Nuala McGann Drescher, William E. Scheuerman, Ivan D. Steen, 2019-05-09 Public education from pre K through higher education and labor unions particularly those representing public sector workers are today under attack from those who question the very need to have such basic institutions United University Professions is a history of United University Professions UUP which grew from humble beginnings to become the nation's largest higher education union representing some 35 000 academic and professional staff within the State University of New York SUNY system Nuala McGann Drescher William E Scheuerman and Ivan D Steen chronicle how UUP built upon its early accomplishments at the bargaining table and in the political arena to become a national leader in the struggle to preserve academic freedom and the institution of tenure the bedrock of academic freedom More broadly they argue UUP in microcosm confirms the importance of unionization not only for the members it represents but to core American values and American democracy itself **The Oxford Handbook of New York State Government and Politics** Gerald Benjamin, 2012-09-20 The Oxford Handbook of New York State Government and Politics brings together top scholars and former and current state officials to explain how and why the state is governed the way that it is The book's thirty one chapters assemble new scholarship in key areas of governance in New York document the state's record in comparison to other U S states and identify directions for future research

Encyclopedia of the Sixties Abbe A. Debolt, James S. Baugess, 2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren't there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after *Encyclopedia of the Sixties A Decade of Culture and Counterculture* surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic *The Avengers* to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era **New York Politics** Edward V Schneier, Brian Murtaugh, 2015-01-28 Most New Yorkers have very little knowledge of how influence is wielded in Albany This acclaimed book offers a chance to look behind those closed doors The authors an Albany based political scientist and a former State Assembly member now joined by an expert on political blogging and networking infuse their discussion of institutions and processes with the drama and significance of real power politics Completely revised and updated with extensive new material

the book covers recent political developments and electoral contests as well as all the basics constitutional issues historical economic social and demographic factors the functioning of executive legislative and judicial institutions urban local and special district governments parties interest groups and bureaucracies and finance budgets health education and welfare programs Throughout the authors are attentive to the many paradoxes and dualities that distinguish political social and economic life in the Empire State

The Two New Yorks Gerald Benjamin, Charles Brecher, 1988-12-15 Over the past eight years a marked shift in the national political mood has substantially reduced the federal government's involvement in ameliorating urban problems and enhanced the prominence of state and local governments in the domestic policy arena Many states and big cities have been forced to reassess their traditionally vexed relationships Nowhere has this drama been played out more stormily than in New York In *The Two New Yorks* experts from government the academy and the non profit sector examine aspects of an interaction that has a major impact on the performance of state and city institutions The analyses presented here explore current state city strategies for handling such troubling policy areas as education health care and housing Attention is also given to important contextual factors such as economic and demographic trends and to structural features such as the political framework relationships with the national government and the system of public finance Despite its uniquely large scope the drama of the new New Yorks parallels or presages issues faced by virtually all large cities and their states This unprecedented study makes a vital contribution in an era of declining federal aid and pressing urban need

SUNY at Sixty John B. Clark, W. Bruce Leslie, Kenneth P. O'Brien, 2010-02-01 This is a fascinating history of the State University of New York America's largest comprehensive university system As such it incorporates community colleges colleges of technology university colleges research universities medical schools health science centers and includes specialized campuses in fields as diverse as optometry ceramics horticulture fashion forestry and maritime training Originating in a conference held in spring 2009 to mark SUNY's 60th anniversary the book covers the system's origins political landscape varied missions the different types of institutions international partnerships leadership future directions and more Other state systems have been studied more closely and in depth California Michigan Texas and this book is a long overdue effort to bring New York into that conversation Edited by a past interim chancellor of the system and two SUNY history professors and with a foreword by current chancellor Nancy L. Zimpher this book is essential for anyone who has a stake in public higher education in New York state or indeed public higher education anywhere

Focus On: 100 Most Popular 20th-century American Politicians Wikipedia contributors, Governing New York State Jeffrey M. Stonecash, 2001-02-08 An indispensable guide to New York State's politics political institutions and public policies
