Richard James DeSocio

Rockefeller Power:

The Rockefeller Syndrome Ferdinand Lundberg, 2017-12-17 In this monumental study Lundberg traces the illegal origins of the family fortune and follows its growth and effects down through today He is at his best when he zeroes in on the grandsons John the third Laurance Winthrop Nelson and David They are America's shadowy guides with their fingers into hundreds of pies And here is the carefully researched tale of who they are how they operate and what they're done with what they're won Won by inheritance that is Nor does Lundberg neglect the Cousins the great grandchildren of John D Senior who will one day inherit it all THE ROCKEFELLER SYNDROME is no mere chit chat biography It is a wide ranging study of wielded power and money in action It is the chronicle of the ongoing milking and deception of the American wage earner and taxpayer It explains clearly how those much hailed philanthropies are but one more heavy burden on the inflation laden tax weary backs of lower and middle class America *Rockefeller Power* Myer Kutz, 1974 *Alcoholics Anonymous and the Rockefeller Connection: How John D. Rockefeller Jr. and his Associates Saved AA* Jay D. Moore, 2015-11-25 This book straddles the divide between personal story and period history In his finely researched account Jay D Moore follows the life of a driven genius stock analyst brought to the brink of insanity by alcohol A second thread traces the story of a physician humbled and bewildered by the same struggle Finally the story traverses the path through life of an unimaginably wealthy man telling how he decides to use his treasure to benefit others It has been said that there are no new ideas only history we have not yet learned No new ideas were brought to the Fellowship of Alcoholics Anonymous for everything the co founders and early members did had been done before What they managed to change however was to stick to their knitting The facts presented here help separate the truth from legend as the story of Alcoholics Anonymous and the Rockefeller connection is presented with more depth and analysis than has been brought to the subject before **Rockefellerocracy** Richard James DeSocio, 2013-04-08 Rockefellerocracy Kennedy Assassinations Watergate and Monopoly of the Philanthropic Foundations is a portal to a universe of political and economic supremacy revealing links to the crimes of the century Kennedy had a dream for the nation but Nelson Rockefeller a ruthless megalomaniac had his own selfish scheme to become president After a ten year long course of wrongdoing to steal American democracy his nomination to the vice presidency by President Gerald Ford was not the hand of fate Congressman Ford had served as an integral part of the Warren Commission whitewash The two men formed the first administration not elected by the people This release coincides with the fiftieth anniversary of the JFK assassination that infamous weekend in November of 1963 that author Richard James DeSocio remembers well He even witnessed Jack Ruby execute Lee Harvey Oswald in front of a live TV audience Originally searching for answers to satisfy his own curiosity that led to twenty five years of painstaking research the author has unraveled the dark mystery that baffled a nation for half a century The verdict is radically different from the official version **The Rockefeller Women** Clarice Stasz, 2000-06-19 Based on never before used letters diaries and photographs from the Rockefeller Archive The Rockefeller

Women reveals the life of four generations of an extraordinary family Eliza Davison Rockefeller the Mother of John D who instilled in her sons drive for success in business and Christian service Laura Spelman Rockefeller the wife of John D the daughter of an Underground Railway operator and early supporter of racial freedom Edith Rockefeller McCormick the daughter of John D and Laura who became the queen of Chicago society studied under Carl Jung and became a lay analyst Abby Aldrich Rockefeller the wife of John Jr and mother of six children Winthrop Laurence Nelson John III David and Babs who helped found the Museum of Modern Art Margaretta Happy Rockefeller whom married Nelson *Trilateralism* Holly Sklar,1980 This is a classic work a highly readable wide ranging study of the Trilateral Commission and the worldwide strategies of Trilateralism It demystifies national and international events power propaganda and policy making from World War II through the sixties and seventies and into the eighties **Nomination of Nelson A. Rockefeller to be Vice**

President of the United States United States. Congress. House. Committee on the Judiciary,1974 Godliness and Greed Skip Worden,2010-12-16 Traditional scholarship often points to the Calvinists and Max Weber s writing on the Protestant ethic as the catalysts to changing Christian attitudes concerning profit seeking and wealth Author Skip Worden argues that the seeds of this change occurred centuries earlier From the beginning of the Commercial Revolution to the fifteenth century Renaissance he shows that the predominant Christian thought on economics went through a fundamental shift becoming favorable toward profit seeking and wealth holding Worden discusses this dramatic change and explains how the general antagonism toward the pursuit of wealth before the Commercial Revolution transformed into Protestant theologians fighting against the prevailing view of a pro wealth paradigm during the fifteenth century Worden contends that the shift away from the Patristic view of wealth occurred well before the addition of the Calvinist spirit of capitalism and the Puritan work ethic into Christian economic vernacular Drawing on Plato Cicero and Augustine early Protestant theologians unsuccessfully sought to check the rising dominance of the pro wealth Christian paradigm which they believed had been pushed too far These theologians of the sixteenth and seventeenth century felt it was too close to advocating love of gain itself something too close to the sin of greed How well the Reformation succeeded can be assessed by Worden s insightful concluding study of John D Rockefeller the ascetic steward of God s Gold in the form of monopoly Federal Energy Guidelines United States.

Department of Energy,1998 **Merchants and Ministers** Kevin Schmiesing,2016-12-14 Two of the most influential forces in American history are business and religion Merchants and Ministers weaves the two together in a history of the relationship between businesspeople and Christian clergy From fur traders and missionaries who explored the interior of the continent to Gilded Age corporate titans and their clerical confidants to black businessmen and their ministerial collaborators in the Civil Rights movement Merchants and Ministers tells stories of interactions between businesspeople and clergy from the colonial period to the present It presents a complex picture of this relationship highlighting both conflict and cooperation between the two groups By placing anecdotal detail in the context of general developments in commerce and Christianity

Merchants and Ministers traces the contours of American history and illuminates those contours with the personal stories of businesspeople and clergy
