Aesthetics, and Culture Robert MacSwain, Taylor Worley, 2012-09-20 David Brown is a widely respected British theologian who initially made his mark in analytic discussions of Christian doctrine such as the Trinity However with the publication of Tradition and Imagination Revelation and Change 1999 his career entered a distinctly new phase focused on theology imagination and the arts Four related volumes followed dealing with biblical interpretation Christian discipleship art and icons place and space the body music metaphor drama liturgy the sacraments religious experience and popular culture According to Brown the fundamental thesis underlying all five volumes is that both natural and revealed theology are in crisis and the only way out is to give proper attention to the cultural embeddedness of both Theology Aesthetics and Culture is the first attempt to assess the significance of this remarkable series and its contributors include some of the most prominent philosophers theologians historians biblical scholars literary scholars and cultural critics writing today Aside from its exceptional interdisciplinary range and ecumenical line up a distinctive feature is sustained consideration of Browns analysis of popular culture Given the stature of the contributors this volume is not merely of interest as a commentary on Browns work but also makes an important original contribution to our understandings of theology aesthetics and culture as they relate to the life of the Church academy and human society *Progressive Rock Reconsidered* Kevin

punk rock's sneering demeanor yet rendered more accessible and sophisticated Artists such as the Cars Devo the Talking Heads and the Human League leapt into the Top 40 with a novel sound that broke with the staid rock clichés of the 1970s and pointed the way to a more modern pop style In *Are We Not New Wave* Theo Cateforis provides the first musical and cultural history of the new wave movement charting its rise out of mid 1970s punk to its ubiquitous early 1980s MTV presence and downfall in the mid 1980s The book also explores the meanings behind the music's distinctive traits its characteristic whiteness and nervousness its playful irony electronic melodies and crossover experimentations Cateforis traces new wave's modern sensibilities back to the space age consumer culture of the late 1950s early 1960s Three decades after its rise and fall new wave's influence looms large over the contemporary pop scene recycled and celebrated not only in reunion tours VH1 nostalgia specials and 80s night dance clubs but in the music of artists as diverse as Rihanna Lady Gaga Miley Cyrus and the Killers
