Rocks Hidden Persuader:

Rock's Hidden Persuader Dan Peters, Steve Peters, Cher Merrill, 1985 Research and documentation on this controversial subject of concealing secret messages in rock music **The Hidden Persuaders** Kevin Tumlinson, 2019-10-18 Fourteen members of Congress abducted right from the Senate floor For centuries the Jani have hidden among us gathering artifacts of great historical significance accumulating power infiltrating the highest offices of governments around the world The Jani have influenced history for nearly two millennia Within the Order a new faction arises The Novensiles Using the power and reach of the Jani this new group wants to create a true new world order And now they are accelerating their plans When fourteen members of the Senate are abducted on live television signs point to the Jani Doctor Dan Kotler and Agent Roland Denzel are called in to help find the Congresspeople and to uncover the plans of this hidden Order before they can use their influence to take dominion over the world Influence is the currency of the Novensiles and the Jani Kotler and Denzel may pay a higher price THE HIDDEN PERSUADERS IS THE NINTH FULL LENGTH NOVEL IN KEVIN TUMLINSON S DAN KOLTER ARCHAEOLOGICAL THRILLERS **Witnessing Suburbia** Eileen Luhr, 2009-02-10 Down at the local God mall there s a whole lot of shaking going on and Eileen Luhr explains why we should all take notice This is a highly original witty at times mind boggling exploration of the strange interfaces between youth culture and suburban evangelicalism Mike Davis author of *In Praise of Barbarians* *Pranksters* Kembreu McLeod, 2014-04 Profiles the most notorious mischief makers in Western culture from 1600 to the present day and explores how pranks are part of a long tradition of speaking truth to power and social critique *New Book of Rock Lists* Dave Marsh, James Bernard, 1994-11 Dave Marsh has been an editor and columnist at Creem and Rolling Stone His books include *Born to Run Behind Blue Eyes The Story of the Who Glory Days* and *Louie Louie* This virtual Methusaleh of rock critics currently serves as a music critic at Playboy and as editor of Rock and Rap Confidential *Satanism: A Social History* Massimo Introvigne, 2016-08-29 A 17th century French haberdasher invented the Black Mass An 18th century English Cabinet Minister administered the Eucharist to a baboon High ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there A well known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment Three Italian girls in 2000 sacrificed a nun to the Devil A Black Metal band honored Satan in Krakow Poland in 2004 by exhibiting on stage 120 decapitated sheep heads Some of these stories as absurd as they might sound were real Others which might appear to be equally well reported are false But even false stories have generated real societal reactions For the first time Massimo Introvigne proposes a general social history of Satanism and anti Satanism from the French Court of Louis XIV to the Satanic scares of the late 20th century satanic themes in Black Metal music the Church of Satan and beyond **My Kind of Sound** Enrique Encabo, 2020-11-24 This volume explores the importance and significance that music has in our lives The relationship between music and identity is based on conceptions about meanings and identification

especially powerful when connected with youth and popular music We narrate ourselves in a musical way and we must study music as culture rather than music in culture The contributions to this book attend to emerging phenomena such as the rise of the Reggaeton music around the world the importance of music in anime media and music industry changes and uncertainties in the new millennium Music is art but it is also an industry and a business and the two are intertwined through the sale of tickets original formulas are obtained and in the same way products not just musical but multimedia are born from alternative culture eventually becoming mainstream In addition this book also takes into account iconic artists such as Nirvana David Bowie or Miley Cyrus and the important contribution of music to the narrative and success of popular TV series analysing cases such as Babylon Berlin and Vikings From Blade Runner 1982 to current television mainstream productions the music image alliance does not only satisfy and distract us but also challenges us and forces us to rethink our view of the world

Apostles of Rock Jay R. Howard, John M. Streck, 2021-10-21 Apostles of Rock is the first objective comprehensive examination of the contemporary Christian music phenomenon Some see CCM performers as ministers or musical missionaries while others define them as entertainers or artists This popular musical movement clearly evokes a variety of responses concerning the relationship between Christ and culture The resulting tensions have splintered the genre and given rise to misunderstanding conflict and an obsessive focus on self examination As Christian stars Amy Grant Michael W Smith DC Talk and Sixpence None the Richer climb the mainstream charts Jay Howard and John Streck talk about CCM as an important movement and show how this musical genre relates to a larger popular culture They map the world of CCM by bringing together the perspectives of the people who perform study market and listen to this music By examining CCM lyrics interviews performances web sites and chat rooms Howard and Streck uncover the religious and aesthetic tensions within the CCM community Ultimately the conflict centered around Christian music reflects the modern religious community's understanding of evangelicalism and the community's complex relationship with American popular culture

The Lyre of Orpheus Christopher Partridge, 2014 The study of religion and popular culture is an increasingly significant area of scholarly inquiry Surprisingly however Christopher Partridge's *The Lyre of Orpheus* is the first general introduction to the subject of religion and popular music His aim in this book is to introduce a range of theoretical and methodological perspectives to be used in the study of religion and popular music and popular music subcultures He addresses a range of issues from postcolonialism to postmodernism from sex to drugs from violence to the demonic and from misogyny to misanthropy Part One provides a general overview of the history of popular music scholarship and the key approaches that have been taken Part Two looks at approaches from the perspectives of theology and religious studies examining key themes relating to particular genres and subcultures Part Three narrows the focus and examines key artists and bands mentioned in Part Two including Elvis Bob Dylan Madonna and Björk Written to be accessible to the undergraduate *The Lyre of Orpheus* will also appeal to general readers interested in the role of religion in our culture

Decade of Nightmares Philip

Jenkins, 2006-03-15 Why did the youthful optimism and openness of the sixties give way to Ronald Reagan and the spirit of conservative reaction a spirit that remains ascendant today Drawing on a wide array of sources including tabloid journalism popular fiction movies and television shows Philip Jenkins argues that a remarkable confluence of panics scares and a few genuine threats created a climate of fear that led to the conservative reaction He identifies 1975 to 1986 as the watershed years During this time he says there was a sharp increase in perceived threats to our security at home and abroad At home America seemed to be threatened by monstrous criminals serial killers child abusers Satanic cults and predatory drug dealers to name just a few On the international scene we were confronted by the Soviet Union and its evil empire by OPEC with its stranglehold on global oil by the Ayatollahs who made hostages of our diplomats in Iran Increasingly these dangers began to be described in terms of moral evil Rejecting the radicalism of the 60s which many saw as the source of the crisis Americans adopted a more pessimistic interpretation of human behavior which harked back to much older themes in American culture This simpler but darker vision ultimately brought us Ronald Reagan and the ascendancy of the political Right which more than two decades later shows no sign of loosening its grip Writing in his usual crisp and witty prose Jenkins offers a truly original and persuasive account of a period that continues to fascinate the American public It is bound to captivate anyone who lived through this period as well as all those who want to understand the forces that transformed and continue to define the American political landscape
