Portrait and Biographical Album of Warren County, Illinois ,1886 *Portraiture* Richard Brilliant,2013-05-15 This is the first general and theoretical study devoted entirely to portraiture Drawing on a broad range of images from Antiquity to the twentieth century which includes paintings sculptures prints cartoons postage stamps medals documents and photographs Richard Brilliant investigates the genre as a particular phenomenon in Western art that is especially sensitive to changes in the perceived nature of the individual in society The author's argument on behalf of portraiture and he draws on examples by such artists as Botticelli Rembrandt Matisse Warhol and Hockney does not comprise a mere survey of the genre nor is it a straightforward history of its reception Instead Brilliant presents a thematic and cogent analysis of the connections between the subject matter of portraits and the beholder's response the response he or she makes to the image itself and to the person it represents Portraiture's extraordinary longevity and resilience as a genre is a testament to the power of this imaginative transaction between the subject the artist and the beholder

Norman Rockwell's Models S.T. Haggerty, 2023-02-15 This book is the first to tell the stories of Norman Rockwell's models and their time in his studio. In 1940 America's favorite illustrator Norman Rockwell, his wife Mary, and their three sons moved to the picturesque rural village of West Arlington, Vermont. The artist discovered a treasure trove of models. Norman Rockwell's Models In and Out of the Studio is the first to detail these models' lives, friendships with the artist, and experiences in his studio. Dressed in quaint work clothing, the models were dairy farmers, carpenters, country doctors, soldiers, and mechanics. Norman Rockwell's Models features non-fiction narratives telling the story of these folks during an era when they helped the war effort, farmed with horses, and received home visits from doctors. The book also describes the challenges the models faced in their own lives and how these affected their expressions in the paintings. For example, in several 1945 masterpieces, the jubilation Americans felt after the close of the second world war is revealed in their faces. Upon meeting people young or old, the artist would say, "Call Me Norman." Rockwell learned the models' roles in the community and their personalities, which fostered genuine paintings. He strove, for example, to find real-life soldiers to model as WWII heroes and spirited boys and girls for lively paintings. In the studio, Norman was charming and polite but painstaking. He demonstrated poses and did whatever was necessary to evoke his trademark expressions, including telling stories of his own life, sometimes laughing or crying. Spending entire summers at his family's farmhouse near West Arlington, Vermont, the author S.T. Haggerty grew up knowing many models, including those who posed for such iconic works as *Freedom of Speech*, *Breaking Home Ties*, and *Girl at the Mirror*. Along with models and their families, the author hayed the scenic fields in the Batten Kill River Valley and swam under the red-covered bridge on the Village Green. These experiences give him a unique perspective for telling this story.
