

Rodeo In America

Rebecca Scofield

Rodeo In America:

Rodeo in America Wayne S. Wooden, Gavin Ehringer, 1996 This work celebrates a great national pastime and tradition Taking the reader behind the chutes Wayne Wooden and Gavin Ehringer reveal the essential character of rodeo culture today and show why it retains such a strong hold on the American imagination American Rodeo Kristine Fredriksson, 1985 Follows the evolution of rodeo from the range to Buffalo Bill's Wild West Show to the extravaganzas in modern times

Black Rodeo in the Texas Gulf Coast Region Demetrius W. Pearson, 2021-05-11 Black Rodeo in the Texas Gulf Coast Region Charcoal in the Ashes provides an in depth sociocultural and historical analysis of the genesis and contemporary state of affairs regarding African American rodeo cowboys in southeast Texas whose ancestors were instrumental in the development of the most celebrated livestock management industry in the world The author painstakingly chronicles the origin of the Texas cattle industry from its Mexican roots to Austin's Colony better known as the George Plantation Ranch where African Americans were intimately involved in the livestock management industry since its inception Although enslaved before during and after the Republic of Texas was established they were early stakeholders in the expansion of the western frontier and an indispensable source of labor that facilitated the burgeoning cattle industry Yet as the author maintains American history wantonly trivialized marginalized and blatantly omitted their contributions This book sheds light on these early cowboys and their descendants who have participated in America's most prominent prole sport with little to no media exposure The author dubbed them Shadow Riders of the Subterranean Circuit and even though American sports are integrated African American rodeo cowboys may be metaphorically seen as bits of charcoal spread among ashes *Rodeo as Refuge, Rodeo as Rebellion* Elyssa Ford, 2020-11-23 From the Wild West shows of the nineteenth century to the popular movie Westerns of the twentieth century one view of an idealized and mythical West has been promulgated Elyssa Ford suggests that we look beyond these cowboy clichés to complicate and enrich our picture of the American West Rodeo as Refuge Rodeo as Rebellion takes us from the beachfront rodeo arenas in Hawai'i to the reservation rodeos held by Native Americans to reveal how people largely missing from that stereotypical picture make rodeo and America their own Because rodeo has such a hold on our historical and cultural imagination it becomes an ideal arena for establishing historical and cultural relevance By claiming a place in that arena groups rarely included in our understanding of the West African Americans Native Americans Mexican Americans Native Hawaiians and the LGBT community emphasize their involvement in the American past and proclaim their right to an American identity today In doing so these groups change what Americans know about their history and themselves In her journey through these race and group specific rodeos Ford finds that some see rodeo as a form of escape a refuge from a hostile outside world For others rodeo has become a site of rebellion a place to proclaim their difference and to connect to a different story of America Still others like Mexican Americans and the LGBT community look inward using rodeo to coalesce and celebrate their own identities In Ford's study of these historically

marginalized groups she also examines where women fit in race and group specific rodeos and concludes that even within these groups the traditional masculinity of the rodeo continues to be promoted Female competitors may find refuge within alternate rodeos based on their race or sexuality but they still face limitations due to their gender identity Whether as refuge or rebellion rodeos of difference emerge in this book as quintessentially American remaking how we think about American history culture and identity

American Cowboy, 2004-11 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West

Rodeo Cowboys in the North American Imagination Michael Allen, 1998 In this study historian Michael Allen examines the image of the rodeo cowboy and the role this image has played in popular culture over in the 20th century He sees rodeo as a significant American folk festival and the rodeo cowboy as the surviving avatar of a nearly vanished authentic figure the real cowboy who embodies the skills and values of traditional western rural culture Allen s provocative analysis explores the evolution of the myth of the rodeo man and its subsequent institutionalization and acculturation into the media of popular culture He discovers that America s fascination with the rodeo cowboy reflects feelings far deeper and more complex than a taste for exciting entertainment This popular culture hero survives in our national imagination as a kind of living contemporary ancestor linking a largely urban population with its rural past and recalling the values and spirit of a time and region that most Americans perceive as somehow purer freer and more noble Allen s discussion of the archetypal figure of the rodeo cowboy aims to change perceptions of rodeo but it will also help the reader to understand how the ancient tension between frontier and civilization continues to play a role in national imagination of the USA

Out of Site Rebecca Scofield, 2019-10-14 Rodeo is a dangerous and painful performance in which only the strongest and most skilled riders succeed In the popular imagination the western rodeo hero is often a stoic white man who embodies the toughness and independence of America s frontier past However marginalized people have starred in rodeos since the very beginning Cast out of popular western mythology and pushed to the fringes in everyday life these cowboys and cowgirls found belonging and meaning at the rodeo staking a claim to national inclusion Outriders explores the histories of rodeoers at the margins of society from female bronc riders in the 1910s and 1920s and convict cowboys in Texas in the mid twentieth century to all black rodeos in the 1960s and 1970s and gay rodeoers in the late twentieth century These rodeo riders not only widened the definition of the real American cowboy but also at times reinforced the persistent and exclusionary myth of an idealized western identity In this nuanced study Rebecca Scofield shares how these outsider communities courted authenticity as they put their lives on the line to connect with an imagined American West

Riding Pretty Renee M. Laegreid, 2006-10-01 An examination of the Rodeo Queen phenomenon in the American West from its first

appearance at the 1910 Pendleton Oregon Round Up to 1956 when the Rodeo Queen transformed from a Western into a national symbol **Reversible America** Frédéric Saumade, Jean-Baptiste Maudet, 2024-07-01 Rodeo cattle ranching and bullfighting converge in the arenas of race gender and ethics in Reversible America In Southwestern California these sports manifest in spectacular expressions of transcultural interactions that continue to develop through border crossings Using an interdisciplinary scope this unique look into the subculture negotiates the paradoxes and connections between the popular American performances Iberian bullfighting and Native American hunting methods along with the relationship between human and non human beings and systems of value across borders **American Cowboy** ,1995-11 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West
