Rodins Monument To Victor Hugo:

Rodin's Monument to Victor Hugo Ruth Butler, Auguste Rodin, Jeanine Parisier Plottel, Jane Mayo Roos, Los Angeles County Museum of Art, Portland Art Museum (Or.), Metropolitan Museum of Art (New York, N.Y.), 1998 Tells the story and controversy behind one of Rodin's lesser known works *Rodin's Monument to Victor Hugo*, 1998 **Rodin's Art** the late Albert E. Elsen, Rosalyn Frankel Jamison, 2003-03-13 The late Albert Elsen was the first American scholar to study seriously the work of the French sculptor Auguste Rodin and the person most responsible for a revival of interest in the artist as a modern innovator after years during which the sculpture had been dismissed as so much Victorian bathos After a fortuitous meeting with the financier philanthropist and art collector B Gerald Cantor Elsen helped Cantor to build up a major collection of Rodin's work A large part of this collection consisting of more than 200 pieces was donated to the Stanford Museum by Mr Cantor who died recently In size it is surpassed only by the Musée Rodin in Paris and rivaled only by the collection in Philadelphia In scope the collection is unique in having been carefully selected to present a balanced view of Rodin's work throughout his life Rodin's Art encompasses a lifetime's thoughts on Rodin's career surveying the artist's accomplishments through the detailed discussion of each object in the collection It will begin with essays on the formation of the collection the reception of Rodin's work and his casting techniques The entries that follow are arranged topically and include extensive discussions of Rodin's major projects *Rodin* Ruth Butler, 1993-01-01 Biografi om den franske billedhugger der levede 1840 1917 *Rodin* Eleanor Harz Jorden, Catherine Lampert, Auguste Rodin, Arts Council of Great Britain (Londres, Royaume-Uni), Rosalie Cass, 1986-01-01 August Rodin was one of the foremost sculptors of the modern age influencing every sculptor who came after him This handsome book by Catherine Lampert offers new insights into the creative processes of this great French artist The Waking Dream Maria Morris Hambourg, Metropolitan Museum of Art (New York, N.Y.), 1993 The 253 works in the exhibition many of them rare or unique and all of exceptional print quality have been culled from the more than five thousand that comprise the legendary but seldom exhibited Gilman Paper Company Collection the most important private collection of photographs in the world Auguste Rodin Rainer Maria Rilke, 2012-01-17 Influenced by the masters of Antiquity the genius of Michelangelo and Baroque sculpture particularly of Bernini Auguste Rodin 1840 1917 is one of the most renowned artists in history Though Rodin is considered a founder of modern sculpture he did not set out to critique past classical traditions Many of his sculptures were criticised and considered controversial because of their sensuality or hyperrealist qualities His most original works departed from traditional themes of mythology and allegory and embraced the human body celebrating individualism and physicality This book uncovers the life and career of this highly acclaimed artist by exploring his most famous works of art such as the Gates of Hell The Thinker and the infamous The Kiss *Auguste Rodin* Rainer Maria Rilke, 1919 Rodin has pronounced Rilke's essay the supreme interpretation of his work A few years ago the sculptor expressed to the translators the wish that some day the book might be

placed before the English speaking public The appreciation was published originally as one of a series of Art Monographs under the editorship of the late Richard Muther To estimate and interpret the work of an artist is to be creatively just to him For this reason there are fewer critics than there are artists and criticism with but few exceptions is almost invariably negligible and futile *Rodin : Sculpture from the Iris and B. Gerald Cantor Collection* Kirk Varnedoe,2001 The work of the master French sculptor Auguste Rodin 1840 1917 is instantly recognizable throughout the world This is due in no small part to the proselytizing efforts of B Gerald Cantor 1916 1996 widely acknowledged as the preeminent collector and proponent of Rodin in America during the second half of the twentieth century He purchased his first piece a bronze of The Hand of God in 1946 after being profoundly moved by seeing a marble version of it at the Metropolitan Museum of Art New York For five decades Cantor focused all of his efforts on researching and acquiring works by Rodin Joined by his wife Iris in 1977 they built the largest and most comprehensive private collection of Rodin sculpture drawings prints photographs and memorabilia Of the approximately 750 works that the Cantors collected including casts of each of Rodin s major monuments The Monument to Balzac The Gates of Hell The Burghers of Calais and The Monument to Victor Hugo 450 have been given away to over 70 museums around the world Lavishly illustrated accompanying a worldwide touring exhibition Rodin A Magnificent Obsession chronicles the growth of the collection offering a comprehensive overview that includes works bequeathed to the Cantor Foundation from the Cantor personal collection as well as new insights into Rodin s working methods and the histories of his most famous masterpieces *Auguste Rodin* Nelly S. Benedek, Auguste Rodin,2000
