Roger Laporte The Orphic Text Legenda S:

Roger Laporte: The Orphic Text Ian Maclachlan, 2017-12-02 This is the first full length study devoted to Roger Laporte whose lifelong exploration of the stakes of writing has produced a body of work on the borderline of literature and philosophy Charting the development of Laporte s writing in relation to the work of Heidegger Levinas Blanchot and Derrida this study offers both a comprehensive reading of Laporte s oeuvre and a new perspective on an important strand of recent thinking about literature In particular it is claimed here that the imperfect reflexivity of Laporte s Ophic texts effects a singular opening to reading and that in doing so it illuminates the ethical dimension of literature which has been the subject of much recent discussion

Biography and the Question of Literature in France Ann Jefferson, 2007-01-04 This book takes a fresh look at the relations between literature and biography by tracing the history of their connections through three hundred years of French literature The starting point for this history is the eighteenth century when the term biography first entered the French language and when the word literature began to acquire its modern sense of writing marked by an aesthetic character Arguing that the idea of literature is inherently open to revision and contestation Ann Jefferson examines the way in which biographically orientated texts have been engaged in questioning and revising definitions of literature At the same time she tracks the evolving forms of biographical writing in French culture and proposes a reappraisal of biography in terms not only of its forms but also of its functions Although Ann Jefferson s book has powerful theoretical implications for both biography and the literary it is first and foremost a history offering a comprehensive new account of the development of French literature through this dual focus on the question of literature and on the relations between literature and biography It offers original readings of major authors and texts in the light of these concerns beginning with Rousseau and ending with life writing contemporary authors such as Pierre Michon and Jacques Roubaud Other authors discussed include Mme de St el Victor Hugo Sainte Beuve Barbey d Aurevilly Baudelaire Nerval Mallarm Schwob Proust Gide Leiris Sartre Genet Barthes and Roger Laporte

Blanchot Romantique Hannes Opelz, 2011 The work of French writer and essayist Maurice Blanchot 1907 2003 is without doubt among the most challenging the twentieth century has to offer Contemporary debate in literature philosophy and politics has yet to fully acknowledge its discreet but enduring impact Arising from a conference that took place in Oxford in 2009 this book sets itself a simple if daunting task that of measuring the impact and responding to the challenge of Blanchot s work by addressing its engagement with the Romantic legacy in particular but not only that of the Jena Romantics Drawing upon a wide range of philosophers and poets associated directly or indirectly with German Romanticism Kant Fichte Goethe Jean Paul Novalis the Schlegels Hlderlin the authors of this volume explore how Blanchot s fictional critical and fragmentary texts rewrite and rethink the Romantic demand in relation to questions of criticism and reflexivity irony and subjectivity narrative and genre the sublime and the neutre the Work and the fragment quotation and translation Reading Blanchot with or against key twentieth century thinkers Benjamin Foucault

Moran, 2000 The Argentinian writer Julio Cortazar was immersed in one of the most vibrant and revolutionary intellectual scenes of the last century the Paris of the 1950s and 60s This book shows that his work engages with and often foreshadows many of the problems which were to become central to so called poststructuralist philosophy and poetics Edmond Jabès Steven Jaron, 2003 The Jewish writer Edmond Jabes born in Cairo in 1912 wrote explicitly from the perspective of exile once he arrived in France after the Suez crisis However in this book Steven Jaron argues that exile was a predominant theme in Jabes work even before he left Egypt
